Brent Rodríguez-Plate, 2023-09-01 The Routledge Handbook of Material Religion places objects and bodies at the center of scholarly studies of religious life and practice Propelling forward the study of material religion the Handbook first reveals the deep philosophical roots of its key categories and then advances new critical analytics such as queer materialities inescapable material entanglements and hyperobjects that explode the small scale personal view on religions The Handbook comprises thirty chapters written by an international team of contributors who offer a global perspective of religious pasts

and presents divided into four thematic parts Genealogies of Material Religion Materializing the Terms of the Study of Religion Entanglements Entrapment Escaping Hyperobjects or How Ginormous Things Affect Religions In these four parts the study of material religion is redirected towards systematic critical interrogations of the imbrication of religious structures of power with racial economic political and gendered forms of domination From Spinoza s political theology to African philosophies of ubuntu from the queer materialities of Mesoamerican religion to the Satanic Temple of the United States from Islamic love and sacrifice in human animal entanglements to Shia militants attachment to weaponry from epidemic cataclysm in Latin America to vast infrastructures and the gathering of millions in India s Kumbh Mela the study of material religion proves to be the study par excellence of the human condition The Handbook is essential reading for students and researchers in religious studies anthropology history and media studies and will also be of interest to those in related fields such as archeology sociology and philosophy The Oxford Handbook of Contemporary Buddhism Michael K. Holy Things Nathan McGovern,2024 A common religious practice in Buddhist Thailand is asking holy things for help in return for an offering These holy things include local spirits Hindu gods and famous Buddha images which Thai people worship all in the same way Some people and even Thai Buddhists themselves have argued that this is syncretism a mixture of religions Holy Things shows that what appears to be syncretism is actually an illusion The worship of holy things is not a mixture of different religions but the category of holy things is a mixture of different ways of talking about religion The Life of Buddhism Frank Reynolds, Jason A. Carbine,2000-12-02 Bringing together 15 essays by international Buddhist scholars this book offers a distinctive portrayal of the life of Buddhism The contributors focus on a range of religious practices across the Buddhist world from New York to Tibet **Ritualizing the Disposal of the Deceased** William W. McCorkle,2010 Ritualizing the Disposal of the Deceased traces mortuary behavior from the early fossil record to modern religious contexts in diverse cultural settings By using archival and ethnographic evidence from Buddhist traditions the author highlights the disparity between doctrines that contradict actual practices performed by Buddhists themselves By appealing to the evolved cognitive architecture of human minds this book argues that ritualized disposal behavior is the by product of mental systems designed to handle living people Due to complex social intelligence humans are compelled to handle dead people in ritualized behaviors and to represent them in counterintuitive ways The author also examines the professional religious guilds that have taken advantage of these ritualized compulsions over the last several thousand years

by giving and controlling the meanings behind these actions Furthermore experimental evidence is given to support this hypothesis providing the first mature cognitive and evolutionary theory for mortuary behavior by humans **Routledge**

unrest arguing that the modern city was a space of antinomy one able not only to sustain heterogeneous temporalities but also to support conflicting world views within the urban landscape By underscoring the paradoxical character of utopias and their formal narrative expressions of both hope and hegemony Bangkok Utopia provides an innovative way to conceptualize the uneven economic development and fractured political conditions of contemporary global cities *Buddhist Warfare* Michael Jerryson, Mark Juergensmeyer, 2010-01-08 Though traditionally regarded as a peaceful religion Buddhism has a dark side On multiple occasions over the past fifteen centuries Buddhist leaders have sanctioned violence and even war The eight essays in this book focus on a variety of Buddhist traditions from antiquity to the present and show that Buddhist organizations have used religious images and rhetoric to support military conquest throughout history Buddhist soldiers in sixth century China were given the illustrious status of Bodhisattva after killing their adversaries In seventeenth century Tibet the Fifth Dalai Lama endorsed a Mongol ruler's killing of his rivals And in modern day Thailand Buddhist soldiers carry out their duties undercover as fully ordained monks armed with guns Buddhist Warfare demonstrates that the discourse on religion and violence usually applied to Judaism Islam and Christianity can no longer exclude Buddhist traditions The book examines Buddhist military action in Tibet China Korea Japan Mongolia Sri Lanka and Thailand and shows that even the most unlikely and allegedly pacifist religious traditions are susceptible to the violent tendencies of man **Inked: Tattoos and Body Art around the World** Margo DeMello, 2014-05-30 In recent decades tattoos have gone from being a subculture curiosity in Western culture to mainstream and commonplace This two volume set provides broad coverage of tattooing and body art in the United States today as well as around the world and throughout human history In the 1960s tattooing was illegal in many parts of the United States Today tattooing is fully ingrained in mainstream culture and is estimated to be a multi billion dollar industry This exhaustive work contains approximately 400 entries on tattooing providing historical information that enables readers to fully understand the methods employed the meanings of and the motivations behind tattooing one of the most ancient ways humans mark themselves The encyclopedia covers all important aspects of the topic of tattooing the major types of tattooing the cultural groups associated with tattooing the regions of the world where tattooing has been performed the origins of modern tattooing in prehistory and the meaning of each society's use of tattoos Major historical and contemporary figures associated with tattooing including tattooists tattooed people and tattoo promoters receive due attention for their contributions The entries and sidebars also address the sociological movements involved with tattooing the organizations the media dedicated to tattooing such as television shows movies magazines websites and books and the popular conventions carnivals and fairs that have showcased tattooing *The Buddha in Lanna* Angela S. Chiu, 2017-03-31 For centuries wherever Thai Buddhists have made their homes statues of the Buddha have provided striking testament to the role of Buddhism in the lives of the people The Buddha in Lanna offers the first in depth historical study of the Thai tradition of donation of Buddha statues Drawing on palm leaf manuscripts and inscriptions many

never previously translated into English the book reveals the key roles that Thai Buddha images have played in the social and economic worlds of their makers and devotees from the fifteenth to twentieth centuries Author Angela Chiu introduces stories from chronicles histories and legends written by monks in Lanna a region centered in today's northern Thailand By examining the stories themes structures and motifs she illuminates the complex conceptual and material aspects of Buddha images that influenced their functions in Lanna society Buddha images were depicted as social agents and mediators the focal points of pan regional political religious lineages and rivalries indeed as the very generators of history itself In the chronicles Buddha images also unified the Buddha with the northern Thai landscape thereby integrating Buddhist and local conceptions of place By comparing Thai Buddha statues with other representations of the Buddha the author underscores the contribution of the Thai evidence to a broader understanding of how different types of Buddha representations were understood to mediate the presence of the Buddha The Buddha in Lanna focuses on the Thai Buddha image as a part of the wider society and history of its creators and worshippers beyond monastery walls shedding much needed light on the Buddha image in history With its impressive range of primary sources this book will appeal to students and scholars of Buddhism and Buddhist art history Thai studies and Southeast Asian religious studies *The Ordination of a Tree* Susan M.

Darlington, 2012-11-15 Thai Buddhist monks wrap orange clerical robes around trees to protect forests Ordaining a tree is a provocative ritual that has become the symbol of a small but influential monastic movement aimed at reversing environmental degradation and the unsustainable economic development and consumerism that fuel it This book examines the evolution of this movement from the late 1980s to the present exploring the tree ordination and other rituals used to resist destructive national projects Susan M Darlington explores monks motivations showing how they interpret their lived religion as the basis of their actions and provides an in depth portrait of activist monk Phrakhru Pitak Nanthakhun The obstacles monks face including damage to their reputations arrest and even assassination reveal the difficulty of enacting social justice Even the tree ordination itself must now withstand its appropriation for state projects Despite this monks have gone from individual action to a loosely allied movement that now works with nongovernmental organizations This is a fascinating firsthand account of engaged Buddhism **The Encoded Cirebon Mask** Laurie Margot Ross, 2016-08-29 In The Encoded Cirebon Mask Materiality Flow and Meaning along Java's Islamic Northwest Coast Laurie Margot Ross situates masks and masked dancing in the Cirebon region of Java Indonesia as an original expression of Islam This is a different view from that of many scholars who argue that canonical prohibitions on fashioning idols and imagery prove that masks are mere relics of indigenous beliefs that Muslim travelers could not eradicate Making use of archives oral histories and the performing objects themselves Ross traces the mask's trajectory from a popular entertainment in Cirebon once a portal of global exchange to a stimulus for establishing a deeper connection to God in late colonial Java and eventual links to nationalism in post independence Indonesia
