## **Benjamin Britten Songs:**

**Britten, Voice and Piano** Graham Johnson, 2017-10-03 This collection of eight lectures by internationally acclaimed pianist Graham Johnson is based on a series of concert talks given at the Guildhall School of Music and Drama as part of the Benjamin Britten festival in 2001 The focus of the book is on Britten's songs starting with his earliest compositions in the genre Graham Johnson suggests that the nature of Britten's creativity is especially apparent in his setting of poetry that he becomes the poet's alter ego A chapter on Britten's settings of Auden and Eliot explores the particular influences these writers brought to bear at opposite poles of the composer's life The inspiration of fellow musicians is also discussed with a chapter devoted to Britten's time in Russia and his friendship with the Rostropovitch family Closer to home the book places in context Britten's folksong settings illustrating how he subverted the English folksong tradition by refusing to accept previous definitions of what constituted national loyalty Drawing on letters and diaries and featuring a number of previously unpublished photographs this book illuminates aspects of Britten's songs from the personal perspective of the pianist who worked closely with Peter Pears after Benjamin Britten was unable to perform through illness Johnson worked with Pears on learning the role of Aschenbach in *Death in Venice* and was official pianist for the first master class given by Peter Pears at Snape in 1972 *"The" Music of Benjamin Britten* Peter Evans, 1984 **Benjamin Britten's Poets** Benjamin Britten, 1994

Benjamin Britten was a great reader of poetry and poetry profoundly affected his musical genius Friendships and collaborations with writers Auden and Forster among them left their mark No other composer of songs not even Schubert or Schumann set poems of such range or quality The texts of all Britten's song settings are included in this book They range from Donne's complex Holy Sonnets to the deceptive simplicity of Blake's *Oh rose thou art sick* They include anonymous ballads modern work and poems in other languages with translations Full details of the source and use of each poem are given **The Music of Benjamin Britten** Peter Angus Evans, 1979 [The Music of Benjamin Britten](#) Peter Evans, 1989

**Music of Benjamin Britten** Peter Evans, 1994-04-01 [A Benjamin Britten Discography](#), 1990 This title presents a discography of Benjamin Britten **Benjamin Britten - Complete Folksong Arrangements**, 2006-06 This landmark publication includes 52 songs combining the contents of the seven published books of Britten folksong arrangements in High and Low Voice editions Some of the songs have never before been transposed The songs of Volume 6 for voice and guitar have been transcribed for voice and piano for this edition *Britten's Donne, Hardy and Blake Songs* Gordon Cameron Sly, 2023 Discussions of the poems that form Benjamin Britten's John Donne Thomas Hardy and William Blake solo song cycles have focused almost exclusively on qualities of individual texts Here Gordon Sly presents a first analytical study that looks at these cycles overarching designs By questioning when a group of songs ought to be understood not merely as a collection but as a cycle Sly shows that Britten's personal selection and arrangement is indispensable to understanding these cycles extra musical communication The Holy Sonnets of John Donne Winter Words poems by Hardy and Songs and Proverbs

of William Blake composed in 1945 1953 and 1965 respectively each represent a philosophical exploration The terrains set out by the three poets are distinct but also engage one another in important and unexpected ways Their cyclic architectures are expressed not only in their poetic arrangement but in their musical settings Key relationships and motive remain central for Britten Keys convey a network of interconnections create groupings of songs and establish levels of tonal affinity or distance Motive often intervals that can fit into any melodic harmonic or rhythmic context is used to create aural affinities between or among individual songs This book also offers a broader narrative revealing Britten s evolving philosophical convictions in post war Britain While it may not be the case that Britten intended any broader philosophical comment the works together outline the cold and brittle state that emerges from loss and aligns with their composer s increasingly stark outlook on humanity Page 4 of cover

*The Music of Benjamin Britten* Peter Evans,1996 Peter Evans discusses all the published compositions in subdivisions of genre and period and devotes a separate chapter to each opera With the help of over 300 music examples and diagrams he demonstrates Britten s mastery of the art of composition tonal and harmonic structures thematic cast and transformation textual variety and the imaginative deployment of voices and instruments Since this book s appearance in 1979 Britten s publishers have made available a considerable number of works withheld during the composer s lifetime some are juvenilia but others date from a late as the Peter Grimes period In a postscript to this first paperback edition Peter Evans assesses the creative stature of these works and their significance in Britten s development The catalogue of works now includes these additional titles and the selective bibliography has been revised

**Song** Carol Kimball,2006-12-01 Carol Kimball s comprehensive survey of art song literature has been the principal one volume American source on the topic Now back in print after an absence of several years this newly revised edition includes biographies and discussions of the work of

**Analyses of Nineteenth- and Twentieth-Century Music, 1940-2000** D. J. Hoek,2007-02-15 The latest volume in the Music Library Association s Index and Bibliography series Analyses of Nineteenth and Twentieth Century Music 1940 2000 features over 9 000 references to analyses of works by more than 1 000 composers of the nineteenth and twentieth centuries References that address form harmony melody rhythm and other structural elements of musical compositions have been compiled into this valuable resource This update of Arthur Wenk s well known bibliography last published in 1987 includes all the original entries from that work along with additional references to analyses through 2000 International in scope the bibliography covers writings in English French German Italian and other European languages and draws from 167 periodicals as well as important theses dissertations books and Festschriften References are arranged alphabetically by composer and include subheadings for specific works and genres This bibliography provides students scholars performers and librarians with broad coverage detailed indexing and ready access to a large and diverse body of analytical literature on nineteenth and twentieth century music

**Researching the Song** Shirlee Emmons,Wilbur Watkin Lewis,2008 Original publication and copyright date 2006 Essays on Literature and Music (1985 - 2013) by Walter

Bernhart Walter Bernhart, 2015-07-28 This volume is dedicated to the musical literary oeuvre of Walter Bernhart professor of English literature at Karl Franzens Universität Graz Austria and pioneer in the field of intermedial relations between literature and other arts and media It renders accessible a wide variety of texts which are sometimes no longer easily retrievable The 37 texts collected here in chronological order span the period from 1985 to 2013 and thematically range from contributions to opera programmes and the discussion of musical aspects of Romantic and modernist poetry to inquiries into individual operas and composers as well as into theoretical aspects of word and music relations e g the ways of setting poetry to music musical literary comparative poetics the concept of genre in music and literature iconicity in both media their narrative as well as metareferential and illusionist capacities The volume is of relevance to literary scholars and musicologists but also to all those with an interest in intermediality studies in general and in the relations between literature and music in particular

*T.S. Eliot's Orchestra* John Xiros Cooper, 2020-04-13 First Published in 2000 Nearly everyone who addresses T S Eliot's imaginative and critical work must acknowledge the importance of music in thematic and formal terms This collection of original essays thoroughly explores this aspect of his work from a number of perspectives

*Music: Ideas in Profile* Andrew Gant, 2017-03-02 Ideas in Profile Series Is music a science or an art It is both as Andrew Gant reveals in this lively and accessible account of what music is and what it is for Music has been central to life since the dawn of humankind and is intimately bound up with the origins of language Andrew Gant introduces us to its long history and its many genres and manifestations He explains how composers compose players play and singers sing He looks at how musical styles develop the ways they fall in and out of fashion and why certain kinds of music dancing and love songs for example is a universal in human culture He considers how music is composed the nature of genius and the workings of inspiration He shows how music can be composed and used to stir patriotism instill courage reinforce identity sell a product or make a political point And he goes beyond humans to examine music in the natural world in the creativity of birdsong This is in short the ideal introduction to a very big subject

Research Materials in Music Phillip R. Rehfeldt, 1990-01-01 This text was developed for use in a standard college level introduction to graduate studies course in musicology that I taught for thirty three years at the University of Redlands

**Dark Nights, Bright Lights** Susanne Bach, Folkert Degenring, 2015-10-16 Light and darkness shape our perception of the world This is true in a literal sense but also metaphorically in theology philosophy literature and the arts the light of day signifies life safety knowledge and all that is good while the darkness of the night suggests death danger ignorance and evil A closer inspection however reveals that things are not quite so clear cut and that light and darkness cannot be understood as simple binary opposites On a biological level for example daylight and darkness are inseparable factors in the calibration of our circadian rhythms and a lack of periodical darkness appears to be as contrary to health as a lack of exposure to sunlight On a cultural level too night and darkness are far from being universally condemnable in fiction drama and poetry the darkness of the night allows not only nightmares but also dreams it

allows criminals to ply their trade and allows lovers to meet it allows the pursuit of pleasure as well as deep thought it allows metamorphoses transformations and transgressions unthinkable in the light of day But night is not merely darkness The night gains significance as an alternative space as an other of the day only when it is at least partially illuminated The volume examines the interconnection of night darkness and nocturnal illumination across a broad range of literary texts The individual essays examine historically specific light conditions in literature tracing the symbolic and metaphoric content of darkness and illumination and the attitudes towards them

**Historical Dictionary of Modern and Contemporary Classical Music** Nicole V. Gagné, 2019-07-17 The contemporary music scene thus embodies a uniquely broad spectrum of activity which has grown and changed down to the present hour With new talents emerging and different technologies developing as we move further into the 21st century no one can predict what paths music will take next All we can be certain of is that the inspiration and originality that make music live will continue to bring awe delight fascination and beauty to the people who listen to it This book cover modernist and postmodern concert music worldwide from the years 1888 to 2018 This second edition of Historical Dictionary of Modern and Contemporary Classical Music contains a chronology an introduction and an extensive bibliography The dictionary section has over 500 cross referenced entries on the most important composers musicians methods styles and media in modernist and postmodern classical music worldwide from 1888 to 2018 This book is an excellent resource for students researchers and anyone wanting to know more about modern and contemporary classical music

Aaron Copland Howard Pollack, 2015-09-01 A candid and fascinating portrait of the American composer The son of Russian Jewish immigrants Aaron Copland 1900 1990 became one of America's most beloved and esteemed composers His work which includes Fanfare for the Common Man A Lincoln Portrait and Appalachian Spring has been honored by a huge following of devoted listeners But the full richness of Copland's life and accomplishments has never until now been documented or understood Howard Pollack's meticulously researched and engrossing biography explores the symphony of Copland's life his childhood in Brooklyn his homosexuality Paris in the early 1920s the Alfred Stieglitz circle his experimentation with jazz the communist witch trials Hollywood in the forties public disappointment with his later intellectual work and his struggle with Alzheimer's disease Furthermore Pollack presents informed discussions of Copland's music explaining and clarifying its newness and originality its aesthetic and social aspects its distinctive and enduring personality Not only a success in its own right but a valuable model of what biography can and probably should be Kirkus Reviews
