The Transformation of Intimacy Anthony Giddens, 2013-04-23 The sexual revolution an evocative term but what meaning can be given to it today How does sexuality come into being and what connections does it have with the changes that have affected personal life on a more general plane In answering these questions Anthony Giddens disputes many of the dominant interpretations of the role of sexuality in modern culture The emergence of what the author calls plastic sexuality sexuality freed from its intrinsic relation to reproduction is analysed in terms of the long term development of the modern social order and social influences of

the last few decades Giddens argues that the transformation of intimacy in which women have played the major part holds out the possibility of a radical democratization of the personal sphere This book will appeal to a large general audience as well as being essential reading for students and professionals Theoretical Criminology from Modernity to Post-Modernism Wayne Morrison, 2014-12-18 This book incorporates many of the exciting debates in the social sciences and philosophy of knowledge concerning the issues of modernity and post modernism It sets out a new project for criminology a criminology of modernity and offers a sustained critique of theorizing without a concern for social totalities This book is designed to place criminological theory at the cutting edge of contemporary debates Wayne Morrison reviews the history and present state of criminology and identifies a range of social problems and large scale social processes which must be addressed if the subject is to attain intellectual commitment This book marks a new development in criminological texts and will serve a valuable function not only for students and academics but for all those interested in the project of understanding crime in contemporary conditions *In jeder Beziehung* Birgit Schmid, 2019-08-12 In ihren Kolumnen ist der Titel Programm Birgit Schmid befragt beobachtet durchleuchtet analysiert Beziehungen insbesondere zwischen Liebespaaren und überhaupt Frauen und Männern aber auch zwischen Eltern und Kind Freunden oder von Mensch zu Tier Wie viel Mal können am Tag ist das Minimum Soll Kater Fritz im Ehebett schlafen Was entgegnet man befreundeten Eltern die sich nicht mehr vorstellen können was man als kinderloses Paar bei einem Glas Wein diskutiert Ist es nicht unehrlich bei der Hochzeit die Ehe als Rundumglück hochzustilisieren Soll man als erwachsene Person das Weihnachtstheater bei den Eltern dem Hausfrieden zuliebe mitmachen und wieder zum Kind werden Soll man das blaue Kleid behalten das man das letzte Mal vor fünfzehn Jahren trug Birgit Schmid denkt über Kosenamen nach oder welchen Einfluss der Beruf bei der Liebeswahl hat Sie geht in den Supermarkt um das Ernährungs- und Einkaufsverhalten von Paaren zu studieren Sie philosophiert über den Satz Ich fühle mich wieder so lebendig den häufigsten wenn jemand eine Affäre beginnt Sie hält eine ehrliche Rede auf Brautpaare schreibt einen Brief an die Männer ihres Lebens oder gibt eine Anleitung zum Davonlaufen Bei der Lektüre der 84 Kolumnen geht es einem wie der Autorin in Mein Sommer als Sozia Man sitzt auf dem Rücksitz des Motorrads ist mittendrin in der Szene hellwach und sieht immer wieder Dinge die man sonst nicht sehen würde **The Emotions** Peter Goldie, 2002-08 Peter Goldie opens the path to a deeper understanding of our emotional lives through a lucid philosophical exploration of this surprisingly neglected topic He illuminates the phenomena of emotion by drawing not only on philosophy but also on literature and science He considers the roles of culture and evolution in the development of our emotional capabilities He examines the links between emotion mood and character and places the emotions in the context of such related phenomena as consciousness thought feeling and imagination He explains how it is that we are able to make sense of our own and other people's emotions and how we can explain the very human things which emotions lead us to do A key theme of *The Emotions* is the idea of a personal perspective or point of view contrasted with the impersonal stance of the empirical sciences Goldie argues that it is only from

the personal point of view that thoughts reasons feelings and actions come into view He suggests that there is a tendency for philosophers to over intellectualize the emotions and investigates how far it is possible to explain emotions in terms of rationality Over intellectualizing can also involve neglecting the centrality of feelings and Goldie shows how to put them where they belong as part of the intentionality of emotional experience directed towards the world from a point of view Goldie argues that the various elements of emotional experience including thought feeling bodily change and expression are tied together in a narrative structure To make sense of one s emotional life one has to see it as part of a larger unfolding narrative The narrative is not simply an interpretative framework of a life it is what that life is Goldie concludes by applying these ideas in a close study of one particular emotion jealousy This fascinating book gives an accessible but penetrating exploration of a subject that is important but mysterious to all of us Any reader interested in emotion and its role in our understanding of our lives will find much to think about here Cultures and Literatures in Dialogue Elena

Bollinger,2022-12-30 This book addresses the narrative construction of Russian cultural memory in the work of Julian Barnes It investigates how Barnes s texts tend to display a memory process as a transcultural mode of the creation of English and Russian national identities Examining a need to revisit Russian canonical works the detailed discursive analysis of the selected English texts exposes an intertextual remembering by duplication thus contributing to the prevention of forgetting through the recuperation of still misreclected cultural meanings By creatively incorporating Russian intertextual elements into his work as a novelist the author seems to insist on sweeping across and beyond national boundaries revealing how frail the invention of tradition is when leading to the illusion of a solid collective memory and its political legitimation The book considers not only a constructive dialogue between Barnes s fiction and Russian classical literature but also this writer s interpretative mostly imaginative integration of Russian literature and culture into his work as a novelist Exploring the double meaning of a literary metaphor as a mnemonic image of memory and a product of imagination it offers a comprehensive analysis of Barnes s texts which play with intertextuality as an efficient tool of displacement of official memory providing a deeper understanding of historical and cultural processes related to the constantly moving architecture of transcultural memory French Divorce Fiction from the Revolution to the First World War Nicholas White,2017-12-02

One of the primary social changes ushered in by the French Revolution was the legalization of divorce in 1792 Diluted by the Civil Code and suppressed by the Restoration divorce was only fully established in France by the Loi Naquet of 1884 French Divorce Fiction from the Revolution to the First World War tracks the part played by novels in this conflict between the secular rights of individual citizens and the sanctity of the traditional family Inspired by the sociologists Zygmunt Bauman and Anthony Giddens White s account culminates in the first sustained analysis of the role of divorce in the refashioning of life narratives during the early decades of the Third Republic As such it redefines the relationships between canonical authors such as Maupassant and Colette rediscovered women novelists like Marcelle Tinayre and Camille Pert and long

neglected patriarchs such as Paul Bourget and Anatole France Nicholas White teaches French in the University of Cambridge where he is a Fellow of Emmanuel College

The Novel Michael Schmidt, 2014-05-12 With contributions from Great Britain Ireland America Canada Australia India and Southern Africa influenced by great novelists working in other languages and encompassing a range of genres the story of the novel in English unfolds like a richly varied landscape that invites exploration rather than a linear journey

Picturing the Beast Steve Baker, 2001 Explores how human beings use animals and images of animals to define themselves and how those depictions interfere with our abilities to understand the true nature of animals

Jealousy Peter Toohey, 2014-11-25 Compete acquire succeed enjoy the pressures of living in today's materialistic world seem predicated upon jealousy the feelings of rivalry and resentment for possession of whatever the other has But while our newspapers abound with stories of the sometimes droll sometimes deadly consequences of sexual jealousy Peter Toohey argues in this charmingly provocative book that jealousy is much more than the destructive emotion it is commonly assumed to be It helps as much as it harms Examining the meaning history and value of jealousy Toohey places the emotion at the core of modern culture creativity and civilization not merely the sexual relationship His eclectic approach weaves together psychology art and literature neuroscience anthropology and a host of other disciplines to offer fresh and intriguing contemporary perspectives on violence the family the workplace animal behavior and psychopathology Ranging from the streets of London to Pacific islands and from the classical world to today this is an elegant smart and beautifully illustrated defense of a not always deadly sin
