Bestiary:

Bestiary Bodleian Library, 1993 This Bestiary was created during the 13th century The 136 illustrations afford insight into medieval interpretations of natural history travellers tales and mysticism They are accompanied by a translation of the original Latin text The Bestiary Nicholas Christopher, 2007-06-26 From a writer of remarkable gifts Borges with emotional weight comes a tale that is at once a fantastical historical mystery a haunting love story and a glimpse into the uncanny the quest for a long lost book detailing the animals left off Noah's Ark Xeno Atlas grows up in the Bronx his Sicilian grandmother's strange stories of animal spirits his only escape from the legacy of his mother's early death and his stern father's long absences as a common seaman Shunted off to an isolated boarding school with his father's activities abroad and the source of his newfound wealth grown increasingly mysterious Xeno turns his early fascination with animals into a personal obsession his search for the Caravan Bestiary This medieval text lost for eight hundred years supposedly details the animals not granted passage on the Ark griffins hippogriffs manticores and basilisks the vanished remnants of a lost world sometimes glimpsed in the shadowy recesses of our own Xeno's quest takes him from the tenements of New York to the jungles of Vietnam to the ancient libraries of Europe but it is only by riddling out his own family secrets that he can hope to find what he is looking for A story of panoramic scope and intellectual suspense The Bestiary is ultimately a tale of heartbreak and redemption A Bestiary Boynton Merrill, 1976 These original poems describe in a manner at once allusive and concrete a number of common animals The creatures in Mr Merrill's bestiary reflect upon the world and their places in it They speak of their fears conceits triumphs and disappointments Mr Merrill speaks of the raccoon who Teaches its foolish children To know they take communion When they wash their food in water of the mole I am not sure that I have eyes But I have never wept of the stallion Who hates with lifted head He records the firefly I was wiped into a comet Across the face of childhood the nighthawk I weave sunset fabric Out of thunderheads the moth I don't know why I love Dim light and the crow The other birds are idiots This volume is not however a random collection of animal poems rather it presents the reflections of 28 separate personalities which merge into a single statement Each of the animals represented in these poems is handsomely illustrated in an original line and wash drawing by Robert James Foose a well known Kentucky artist

Bestiary K-Ming Chang, 2021-02-04 Three generations of Taiwanese American women are haunted by the myths of their homeland in this blazing debut of one family's queer desires violent impulses and buried secrets One evening Mother tells Daughter a story about a tiger spirit who lived in a woman's body Her name was Hu Gu Po and she hungered to eat children especially their toes Soon afterwards Daughter awakes with a tiger tail And more mysterious events follow Holes in the backyard spit up letters penned by her estranged grandmother a visiting aunt leaves red on everything she touches a ghost bird shimmers in an ancient birdcage All the while Daughter is falling for a neighbourhood girl named Ben with mysterious stories of her own As the two young lovers translate the grandmother's letters Daughter begins to understand that each

woman in her family embodies an old Taiwanese myth and fears the power of the tiger spirit bristling within her to cause pain She will have to bring her family s secrets to light in order to derail their destiny What gives me fuel are other books anything stylish and or dirty This year I loved reading K Ming Chang s *Bestiary* Raven Leilani author of *Luster* **A Ted Hughes Bestiary** Ted Hughes,2014-09-02 Originally the medieval bestiary or book of animals set out to establish safe distinctions between them and us but Hughes s poetry works always in a contrary direction showing what man and beast have in common the reservoir from which we all draw Alice Oswald s selection is arranged chronologically with an eye to different books and styles but equally to those poems that embody animals rather than just describe them Some poems are here because although not strictly speaking animal they become so in the process of writing and in keeping with the bestiary tradition there are plenty of imaginary animals all concentratedly coming about their business The resulting selection is subtly responsive to a central aspect of Hughes s achievement while offering room to some wonderful overlooked poems and to those that have the wildest tunes *The Deorhord: An Old English Bestiary* Hana Videen,2023-11-02 A dream I learnt something new and fascinating on every page Lucy Mangan Invaluable and hugely entertaining It is an absolute romp and a must have for history and fantasy enthusiasts alike Eleanor Janega Endlessly fascinating the *Spectator* Many of the animals we encounter in everyday life from the creatures in our fields to those in our fantasies have remained the same since medieval times but the words we use and the ways we describe them have often changed beyond recognition Old English was spoken over a thousand years ago when every animal was a *deor* In this glittering Old English bestiary we find *deors* big and small the ordinary and the extraordinary the good the bad and the downright baffling From walker weavers spiders and grey cloaked ones eagles to moon heads and teeth tyrants historians still don t know we discover a world both familiar and strange where ants could be monsters and panthers could be your friend where dog headed men were as real as elephants and where whales were as sneaky as wolves From the author of *The Wordhord* comes another delightful dive into the realm of Old English words and creatures that will change the way you see the world *The Medieval Bestiary in English* Megan Cavell,2022-06-20 First penned in Egypt between the 2nd and 4th centuries the *Physiologus* brought together poetic descriptions of animals and their Christian allegories Translated into a wide range of languages from across North Africa and much of Europe each version of the *Physiologus* adapted the text in culturally specific ways that yield fascinating insights for those who delve into this truly global tradition of representing and interpreting animals This edition provides the texts and translations of the only two surviving English versions the Old English *Physiologus* from the late 10th century Exeter Book and the Middle English *Physiologus* from the mid 13th century MS Arundel 292 as well as translations of a range of Latin French and Old English sources and analogues Underpinned by a commitment to both the fields of medieval studies and animal studies this book provides an accessible introduction to the literary history of the *Physiologus* and the politics of animal representation asking the vital question how can we understand humanity s relationships with non human animals

and the environment today without understanding their past

The Modernist Bestiary Timothy Mathews, Sarah Kay, 2020-07-08 The Modernist Bestiary centres on *Le Bestiaire ou Cortège d'Orphée* 1911 a multimedia collaborative work by French Polish poet Guillaume Apollinaire and French artist Raoul Dufy and its homonym *The Bestiary* or *Procession of Orpheus* 1979 by British artist Graham Sutherland Rather than reconstructing the lineage of these two compositions the book uncovers the aesthetic and intellectual processes involved that operate in different times places and media The Apollinaire and Dufy Bestiary is an open ended collaboration a feature that Sutherland develops in his re-visiting and this book shows how these neglected works are caught up in many faceted networks of traditions and genres These include Orphic poetry from the past contemporary musical settings and bestiary writing from its origins to the present The nature of productive dialogue between thought and art and the refracted light they throw on each other are explored in each of the pieces in the book and the aesthetic experience emerges as generative rather than reductive or complacent The contributors' encounters with these works take the form of poetry and essays all moving freely between different disciplines and practices humanistic and posthumanist critical dimensions as well as different animals and art forms They draw on disciplines ranging from music art history translation Classical poetry and French poetry and are nurtured by approaches including phenomenology cultural studies sound studies and critical animal studies Collectively the book shows that the aesthetic encounter by nature affective is by nature also interdisciplinary and motivating and that it spurs the critical in addressing the complex issues of humananimality

An Eclectic Bestiary Birgit Spengler, Babette B. Taking its cue from medieval bestiaries this alphabet book is composed of 63 entries ranging from ADDER to WOLFHOUSES with each entry juxtaposing an image an excerpt from a story by Alice Munro and a commentary The images are reproduced from original medieval illuminations the excerpts feature an animal or a human being depicted through animal comparison and the commentaries highlight the way Munro suggests relationality between the human and the non human Munro troubles the boundaries between good and evil as she troubles the boundaries between human and non human Through the mask of the animal she effects a release from strict morality and proposes an uncommon and undomesticated representation of human life revolving on simultaneous transcendence and derision The volume will appeal to Munro scholars and to lovers of Alice Munro alike because it solves some of the enigmas set by her stories but suggests other riddles and more secrets

A Pre-Columbian Bestiary Ilan Stavans, 2020-10-30
An encyclopedic collaboration between award-winning Mexican American scholar Ilan Stavans and illustrator Eko, *A Pre-Columbian Bestiary* features lively and informative descriptions of forty-six religious, mythical, and imaginary creatures from the Nahuatl, Aztec, Maya, Tabasco, Inca, Aymara, and other cultures of Latin America. From the siren-like *Acuecu yotl* and the water animal *Chaac* to the class-conscious *Oc* and the god of light and darkness *Xlotl*, the magnificent entities in this volume belong to the same family of real and invented creatures imagined by Dante, Franz Kafka, C. S. Lewis, Jorge Luis Borges, Umberto Eco, and J. K. Rowling. They are mined from indigenous religious texts like the *Popol Vuh* and from chronicles both real and fictional of the Spanish conquest by Diego Durán, Bernal Díaz del Castillo, and Fernando de Zarzamora, among others. In this playful compilation, Stavans distills imagery from the work of magic realist masters such as Juan Rulfo and Gabriel García Márquez from songs of protest in Mexico, Guatemala, and Peru, and from aboriginal beasts in Jewish, Muslim, European, British, and other traditions. In the spirit of imaginative invention, even the bibliography is a mixture of authentic and concocted material. An inspiring record of resistance and memory from a civilization whose superb pantheon of myths never ceases to amaze, *A Pre-Columbian Bestiary* will delight anyone interested in the history and culture of Latin America.

The Bestiary, or Procession of Orpheus Guillaume Apollinaire, 2011-04-01
First Place Large Not for Profit Publisher, Typographic Text, 2011 Washington Book Publishers Design and Effectiveness Awards. Guillaume Apollinaire's first book of poems has charmed readers with its brief celebrations of animals, birds, fish, insects, and the mythical poet Orpheus, since it was first published in 1911. Though Apollinaire would go on to longer and more ambitious work, his *Bestiary* reveals key elements of his later poetry among them surprising images with formal mastery and wry irony. X. J. Kennedy's fresh translation follows.

Apollinaire in casting the poems into rhymed stanzas suggesting music and sudden closures while remaining faithful to their sense Kennedy provides the English alongside the original French inviting readers to compare the two and appreciate the fidelity of the former to the latter He includes a critical and historical essay that relates the Bestiary to its sources in medieval creature books provides a brief biography and summation of the troubled circumstances surrounding the book's initial publication and places the poems in the context of Apollinaire's work as a poet and as a champion of avant garde art This short introduction to the work of an essentially modern writer includes four curious poems apparently suppressed from the first edition and reprints of the Raoul Dufy woodcuts published in the 1911 edition
