Tobias Wille, 2016-10-24 Mit der Bereitstellung der notwendigen Methoden in Form eines Bezugssystems bietet Tobias Wille eine einfache Möglichkeit zur ganzheitlichen Bewertung der Fortschritte während einer Unternehmenstransformation in Richtung Lean Thinking Durch die Operationalisierung des Bezugssystems ergibt sich eine in der Praxis unkompliziert einsetzbare Bewertungslogik die an das jeweilige Produktionssystem des zu bewertenden Unternehmens angepasst werden kann Dabei gibt die Bewertung nicht nur Aufschluss über den aktuellen Stand der Einführung sondern dient auch der Ableitung sinnvoller weiterer Schritte Das Bezugssystem folgt dabei der Messung des organisationalen Wandels in den Dimensionen Verständnis Umsetzung und Ergebnis wobei jedes der 3 Module entsprechend ausgestaltet wird sodass sich 9 methodische Bausteine ergeben Risikomanagement und Controlling

Werner Gleißner, Andreas Klein, 2017-08-11 Gesetzliche Vorgaben die Komplexität wirtschaftlicher Zusammenhänge und eine zunehmend volatilere Umwelt zwingen Unternehmen das Risikomanagement in der Unternehmensführung zu verankern Gleichzeitig hat das Controlling Erfahrung in der Betrachtung von Chancen und Risiken Unsere Experten haben Konzepte Herausforderungen und Lösungssansätze zusammengetragen die zeigen wie Controlling und Risikomanagement aufeinander aufbauen voneinander profitieren und so gemeinsam eine erfolgreiche unternehmerische Zukunft sichern Inhalte Ziele und Teilaufgaben des Risikomanagements Instrumente für eine systematische Identifikation von Risiken Bandbreitenplanung über mehrere Jahre mit der Monte Carlo Simulation Möglichkeiten der stochastischen Szenarioanalyse für die Unternehmensplanung Anwendungsbeispiele aus der Break even Analyse und dem Supply Chain Management Szenario Analyse und Simulation mit Excel und speziellen Softwarelösungen Bewertung des Reifegrads des eigenen Risikomanagementsystems Harmonisierung und Integration von Risikomanagement und Controlling

Risikomanagement Ute Vanini, Robert Rieg, 2021-04-08 Risikomanagement betrifft längst nicht mehr ausschließlich den

Finanzsektor sondern ist eine wichtige Aufgabe jedes Unternehmens Dabei dient ein modernes Risikomanagement nicht mehr nur der Erfüllung gesetzlicher Anforderungen sondern soll maßgeblich zur Schaffung von Unternehmenswert beitragen Das kompakte Lehrbuch erläutert die theoretischen konzeptionellen und methodischen Grundlagen für ein ganzheitliches wertschaffendes Risikomanagement Es stellt eine Vielzahl relevanter Instrumente für ein unternehmensweites Risikomanagement vor wie Simulations und Szenarioanalysen Früherkennungssysteme Risiko Kennzahlen Derivate und Versicherungen Lernziele zu Beginn jedes Kapitels anschauliche Praxisbeispiele und über 100 Übungsfragen helfen das Gelernte zu vertiefen und den Wissensstand zu überprüfen Lösungen zu den Wiederholungsfragen und Berechnungstabellen stehen zum Download auf myBook zur Verfügung Die zweite Auflage wurde aktualisiert grundrötlich bearbeitet und neu strukturiert

How Performance Management Is Killing Performance—and What to Do About It M. Tamra Chandler, 2016-03-14 Rethink Redesign Reboot Most people associate performance management with the annual review which is universally dreaded by employees management and HR professionals alike It's a cookie cutter fear based top down approach that emphasizes negatives over positives and stifles healthy career conversations It's never been shown to motivate anyone to do anything but try to avoid it but nobody feels like they have any alternative Tamra Chandler has one and it works Actually Chandler doesn't offer a single alternative she offers an infinite number of them Each organization that uses her Performance Management Reboot is able to develop its own unique version since it doesn't make a lot of sense for organizations with different cultures in different industries and sectors to do things exactly the same way Grounded in the latest scientific findings about motivation it's a transparent employee driven process that values collaboration over competition and rewards people for acquiring new skills and increasing their contribution instead of hitting arbitrary benchmarks Chandler lays out the general principles and then walks you through each step in creating a performance management process that employees will actually embrace rather than avoid and that will help you meet the three objectives of great performance management developing your people rewarding them equitably and driving your organization's performance It's the first comprehensive step by step guide to creating a performance management solution that's tailored to your organization's needs and goals and that places the emphasis squarely on your greatest asset your people

Rethinking Performance Management, Enhanced Executive Edition M. Tamra Chandler, 2016-06-06 The video enhanced executive edition of How Performance Management is Killing Performance and What to Do About It was created with the busy leader in mind Offering targeted information and insight and with over 26 minutes of videos and animations throughout Rethinking Performance Management A Leader's Guide has been adapted from the original edition to focus on only the points that you as a leader of an organization need to know This means it's much shorter than the original with more of a focus on the big picture theory and less on the step by step Most people associate performance management with the annual review which is universally dreaded by employees management and HR professionals alike In this short guide author

Tamra Chandler lays out the key points of creating a performance management process that is not only tailored to your organization's needs and goals but that employees will actually embrace. Each of the six condensed chapters include short animations or video featuring Tamra herself to sum up the major takeaways for leaders. For those of us who need to be on the cutting edge of this emerging subject but don't have as much time as we'd like, *Rethinking Performance Management: A Leader's Guide* offers the perfect framework to provide insight to the benefits of evolving performance management systems, a process which must be led, championed by the leaders in the organization. In today's rapidly changing business landscape, organizations are challenged not only to adapt to evolving market dynamics but to excel in the face of uncertainty. Continuous improvement emerges as a strategic imperative, offering a systematic approach to enhance processes, boost efficiency, and drive innovation. This book delves into the heart of continuous improvement, providing a roadmap for organizations to navigate their journey toward maturity. The continuous improvement maturity model CImm described in this book is not just a framework but a holistic guide designed to support organizations in assessing and advancing their continuous improvement capabilities. As the author embarks on this exploration, he presents an approach that spans from foundational practices to advanced strategies. CImm is a versatile tool adaptable to diverse industries, sectors, and organizational sizes. The key components of CImm are Integration with Best Practices. CImm is not designed in isolation. We highlight its compatibility with established continuous improvement methodologies such as Lean, Six Sigma, Change Management, and Leadership Attributes. Learn how to leverage existing best practices while embracing the unique contributions of CImm. Practical Application: Real-world examples and practical insights illustrate how organizations have successfully applied CImm to overcome challenges, drive innovation, and achieve sustainable excellence. These stories offer inspiration and guidance for your own journey.

Practical Ways to Lead & Serve (Manage) Others Johanna Rothman, 2020-12-23

You can excel at managing people when you lead and serve them. You might have only seen managers try to direct and control others. You might think you can't possibly lead and serve others. Especially not with all the pressure you feel. You can. Great managers create an environment where people can do their best work. These excellent managers lead and serve others, not control or direct them. Based on research and backed up by personal stories, this book will show you how modern managers lead and serve others. Through questions and stories, learn how you can change your focus from individuals to teams. Create more capability in each person and as a team. Create more engaged teams or workgroups. Support people as they manage their careers and eliminate the need for performance reviews. Support teams as they can learn to manage themselves. And much more. With its questions and myths, each chapter offers you options to rethink how you lead and serve others. Become a modern manager. Learn to lead and serve others to deliver the results everyone needs.

Questioning Performance Measurement: Metrics, Organizations and Power Guy Redden, 2019-03-11

Questioning Performance Measurement: Metrics, Organizations and Power is the first book to interrogate the organizational turn towards

performance metrics critically Performance measurement is used to evaluate a diverse range of activities throughout the private public and non governmental sectors But in an increasingly data driven world what does it really mean to measure performance Taking a sociology of quantification perspective this book traces the rise of performance measurement questions its methods and objectivity and examines the social significance of the flood of numbers through which value is represented and actors are held accountable An illuminating read for students scholars and practitioners across Organization Studies Sociology Business and Management Public Policy and Administration *Energy Management in Business* Kit Oung,2016-04-29 The business benefits of lower energy consumption are clear lower energy costs energy tax avoidance selling excess CO2 credits immediately adding savings to the bottom line and improved competitiveness However with a need to focus on day to day business management activities implementing energy reduction programmes stretches the capabilities and know how of responsible managers Kit Oung s *Energy Management in Business* is an expert s guide to energy reduction It covers four important aspects of managing energy strategy for successful implementation available tools and techniques generating sustainable quick wins and active management involvement This book offers distilled practical concepts with real life case studies chosen to build insight and illustrate how managers and engineers can relate to a broad range of energy reduction opportunities We take energy for granted like the air we breathe We need to engage employees with energy management in two ways In a more general sense for those using energy for normal working practices awareness and behaviour change are key For those with more direct influence over energy using systems engagement is also fundamental *Energy Management in Business* places the process firmly in the context of commercial and industrial business practice The book is an excellent companion for any organisation seeking ISO 50001 certification and a reduced energy consumption as well as those that simply wish to better understand the options strategies and risks that every business now faces

Sezgin,Özhan Eren,Sina Kısacık,Tarık Ak,Tolga Öz, Supply Chain Management: Text and Cases Sople,2011 Supply Chain Management is essential for creating value for both customers and stakeholders Effective supply chains help organizations to compete in both global and domestic markets Supply Chain Management Text and Cases addresses these issues in seven parts which deal with the basics of the supply chain sub systems of the supply chain tactical and operational decisions strategic approach to the supply chain measurements controls and sustainability practices **Supply Chain Management: Text and Cases** Vinod V. Sople,2011 **Strategies in Failure Management** Sebastian Kunert,2018-06-04 This book offers a comprehensive overview of failure in business management and consulting It features contributions by experts from diverse fields who share unique insights from their real life experiences Readers will find perspectives from leadership project management change management innovation management human resource management counseling restructuring entrepreneurship and sports Each chapter combines the latest empirical findings with relevant case studies making for a unique book that offers a fascinating exploration of the largely unexplored area of setbacks pitfalls flops and disappointments in the business world *Architecting Enterprise* . Rajagopal,2014-03-25 The discussion in this book provides an introduction to the concept of entrepreneurship and entrepreneurial business management The author covers many elements of the entrepreneurial management discipline including choosing a business organizing financing marketing developing an offering that the market will value and growing a business **Strategic Marketing** Douglas C. West,John Battice Ford,Essam Ibrahim,2015 This text discusses how companies create competitive advantage through strategic marketing Using established frameworks and concepts it examines aspects of marketing strategy and thinking It provides examples to facilitate the understanding of theoretical concepts **Management** John R. Schermerhorn, Jr.,Daniel G. Bachrach,2020-02-05 Schermerhorn Management 14e continues to offer the same balanced theory approach as with previous editions Students need an active and engaged learning classroom environment that brings personal meaning to course content and the instructor s course objectives Schermerhorn communicates with students through rich timely features and cases that bring management topics theories and concepts to life The underlying goal is to translate foundation theories into lasting tools for students as they move beyond the classroom where their skills will be put to the test *Performance Management Systems* Chiara Demartini,2013-08-04 This book presents an analysis and a critical discussion on performance management systems It seeks to advance the current state of knowledge in the subject by introducing a holistic performance management system the loosely coupled performance management system This new system presents a framework to leverage the systemic relationships among already established performance management mechanisms The author contends that loosely coupled performance management systems fulfill two different objectives namely they assure control and foster innovation Such a comprehensive approach to management control provides managers of economic organizations with an overarching architecture for the design diagnosis and effective use of performance management

systems **Integrated Performance Management** Kurt Verweire, Lutgart Berghe, 2004-12-23 Linking various disciplines and management functions Integrated Performance Management provides the reader with a concrete framework to manage organizations successfully The authors do not isolate a single strategy to manage performance Instead the book focuses on a range of strategies providing the reader with an introduction to each one The concepts under analysis were developed through intense dialogue with business managers While maintaining academic rigour Integrated Performance Management presents ideas that students will find relevant outside of the classroom Postgraduate and MBA students in a range of areas including strategy accounting finance operations management marketing leadership and human resource management will find this book useful
