**of Bengal** Nivedita Sen, 2024-10-21 Contemporary children's literature in Bangla celebrates irreverent defiant and deviant boys whose subversive doings critique the parenting and schooling they go through while the girl child is neglected and marginalised. The rare fictional girls who show resilience and demand a normal childhood are consciously silenced or contained and assimilated within unwritten masculinist norms. This book, a compilation of translated works of the author, critic and academic Sibaji Bandyopadhyay, focuses on gender and childhood in Bengal. The book includes a translation of his Bangla *Shishusahityer Chhoto Meyera* Little Girls in Bangla Children's Literature as well as a translated essay on Thakurma Jhuli Grandma's Sack, a collection of Bangla folk tales and fairytales from early twentieth century that underscores the subaltern role of adolescent female characters with hardly any agency or voice in the oral legends and folklore of Bengal. The translation of the piece *An Incredible Transition* from Bandyopadhyay's *Abar Shishushiksha* On Children's Education Again, applauds the role of Indian social reformers and British educationists in initiating women's education in Bengal while questioning the erasure of protagonists who are girls in the nineteenth century primers. Interrogating gendered constructions in diverse genres of literature while revisiting the subject of female education, this book will be of interest to students of children's literature, comparative literature, popular literature, gender studies, translation studies, culture studies and South Asian writings. *Handbook of Anglophone World Literatures* Stefan Helgesson, Birgit Neumann, Gabriele Rippl, 2020-09-07

**Becoming Assamese** Madhumita Sengupta, 2016-05-12 This book explores the making of colonial Northeast India and offers a new perspective to the study of the Assamese identity in the nineteenth century as a distinctly nineteenth century cultural phenomenon not confined to linguistic parameters alone. It studies crucial markers of the self: history, customs, food, dress, new religious beliefs and symbols considered desirable by the provincial middle class and the way these fitted in with the latter's nationalist subjectivities in the face of an emphatic Bengali cultural nationalism. The author shows how colonialism was intrinsically linked to the assertion of middle class intelligentsia in the region and was instrumental in eroding the essential malleability of societal processes nurtured by the Ahom state. Rich with fresh research data, this book will be useful to scholars and researchers of history, political science, area studies and to anyone interested in understanding Northeast India. **The Muhammad Avatāra** Ayesha A. Irani, 2020-12-18 In *The Muhammad Avatara* Ayesha Irani offers an examination of the *Nabivamsa*, the first epic work on the Prophet Muhammad written in Bangla. This little studied seventeenth century text written by Saiyad Sultan is a literary milestone in the multi-ethnic, multi-cultural history of Islam and marks a significant contribution not only to Bangla's rich literary corpus but also to our understanding of Islam's localization in Indic culture in the early modern period. That Sufis such as Saiyad Sultan played a central role in Islam's spread in Bengal has been demonstrated primarily through examination of medieval Persian literary, ethnographic and historical sources as well as colonial era data. Islamic Bangla texts themselves which emerged from the sixteenth century remain scarcely studied outside the Bangladeshi academy and almost entirely untranslated. Yet these premodern works which articulate Islamic ideas in a

regional language represent a literary watershed and underscore the efforts of rebel writers across South Asia many of whom were Sufis to defy the linguistic cordon of the Muslim elite and the hegemony of Arabic and Persian as languages of Islamic discourse Irani explores how an Arabian prophet and his religion came to inhabit the seventeenth century Bengali landscape and the role that pir authors such as Saiyad Sultan played in the rooting of Islam in Bengal's easternmost regions This text critical study lays bare the sophisticated strategies of translation used by a prominent early modern Muslim Bengali intellectual to invite others to his faith
