International Relations of Asia David Shambaugh, 2022-05-06 A 2023 Choice Reviews Outstanding Academic Title This is the most up to date and comprehensive volume on the international relations of Asia and the Indo Pacific The Asian region has become the fulcrum of international relations globally it is the most economically vibrant geostrategically significant socially and culturally diverse and militarily dangerous region in the world The world's leading great powers the United States and China jockey for primacy and vie for influence throughout the region while middle powers India Indonesia Japan and South Korea are extending their regional reach The ten member Association of Southeast Asian Nations ASEAN is collectively important in its own right but has also become the epicenter of US China regional competition While Australia New Zealand and the Pacific Islands largely operate in their own orbits Australia has assumed growing regional impact North Korea and Taiwan are both significant actors but they are also each tinderboxes of potential conflict While the region is geographically sprawling across the Indo Pacific it is tied together economically technologically and strategically No one working in or on Asia cannot afford to read this volume

EU-India Relations Philipp Gieg, Timo Lowinger, Manuel Pietzko, Anja Zürn, Ummu Salma Bava, Gisela Müller-Brandeck-Bocquet, 2021-02-27 India and the European Union bear a particular responsibility as international relations change not least because of the global COVID 19 pandemic the two largest democracies in the world have the unique potential to jointly demonstrate that trusting cooperation and mutual understanding are both indispensable and fruitful all the more so in the context of increasing national egoism and disregard for the fundamental principles of multilateralism This realisation is not new Believing in the necessity and mutual benefit of close cooperation India and the EU struck a strategic partnership in 2004 But resounding success in forging closer bilateral ties and promoting an inclusive rules based global order has proved elusive Since 2016 however the EU's Global Strategy has offered new opportunities for a restart of European foreign policy envisaging new partnerships and recalibrating existing ones On India's part too changing stances have presented new openings with New Delhi criticising protectionism and calling for a strengthening of multilateralism This timely book scrutinises the status quo and the future potential of revitalised EU India relations By exploring and analysing conceptual approaches to and key dimensions of the strategic partnership including trade climate policy and development cooperation it evaluates the prospects for future cooperation Lastly it offers policy recommendations for advancing the partnership between India and the EU

The Fruits of the Early Globalization Rafael Dobado-González, Alfredo García-Hiernaux, 2021-06-02 This book presents an unusual view on one of the most influential periods in world economic history the Early Globalization By this term the notion that a process of genuine globalization took place in the Early Modern Era is defended The authors propose that the canonical globalization that of the nineteenth and early twentieth centuries was preceded by a century long increasing economic integration between continents that were non-existent before 1492 The economic aspects of the Early Globalization like market

integration price co movements and international silver circulation were very important Notwithstanding other dimensions of human life which were affected by unprecedented intercontinental contacts including free and forced migrations changes in tastes and consumption etc The Fruits of Globalisation deals with some of the most important issues among the former and the latter The book combines approaches from different disciplines including quantitative and non quantitative economic history econometrics international trade and demography Overall the vision of the Early Globalisation offered in this book is less pessimistic than in mainstream literature on the period

The Languages and Linguistics of South Asia Hans Henrich Hock,Elena Bashir,2016-05-24 With nearly a quarter of the world s population members of at least five major language families plus several putative language isolates South Asia is a fascinating arena for linguistic investigations whether comparative historical linguistics studies of language contact and multilingualism or general linguistic theory This volume provides a state of the art survey of linguistic research on the languages of South Asia with contributions by well known experts Focus is both on what has been accomplished so far and on what remains unresolved or controversial and hence offers challenges for future research In addition to covering the languages their histories and their genetic classification as well as phonetics phonology morphology syntax and sociolinguistics the volume provides special coverage of contact and convergence indigenous South Asian grammatical traditions applications of modern technology to South Asian languages and South Asian writing systems An appendix offers a classified listing of major sources and resources both digital online and printed
