To the Ends of the Earth Allan Heaton Anderson, 2013-01-04 No branch of Christianity has grown more rapidly

than Pentecostalism especially in the southern hemisphere There are over 100 million Pentecostals in Africa In Latin America Pentecostalism now vies with Catholicism for the soul of the continent and some of the largest pentecostal congregations in the world are in South Korea In *To the Ends of the Earth* Allan Heaton Anderson explores the historical and theological factors behind the phenomenal growth of global Pentecostalism Anderson argues that its spread is so dramatic because it is an ends of the earth movement pentecostals believe that they are called to be witnesses for Jesus Christ to the furthest reaches of the globe His wide ranging account examines such topics as the Azusa Street revival in Los Angeles the role of the first missionaries in China India and Africa Pentecostalism s incredible diversity due to its deep local roots and the central role of women in the movement He describes more recent developments such as the creation of new independent churches megachurches and the health and wealth gospel and he explores the increasing involvement of pentecostals in public and political affairs across the globe Why is this movement so popular Anderson points to such features as the emphasis on the Spirit the born again experience incessant evangelism healing and deliverance cultural flexibility a place to feel at home religious continuity an egalitarian community and meeting material needs all of which contribute to Pentecostalism s remarkable appeal Exploring more than a century of history and ranging across most of the globe Anderson illuminates the spectacular rise of global Pentecostalism and shows how it changed the face of Christianity worldwide

Umstrittene Katholizität: Von der zwiespältigen Beziehung zwischen Vielfalt und Einheit - Catholicity under Pressure: The Ambiguous Relationship between Diversity and Unity Dagmar Heller,Péter Szentpétery,2016-04-02 Das Attribut katholisch wird in vielen Kontexten als Konfessionsbezeichnung einer bestimmten Kirche missverstanden Die in diesem Band vorgelegten Vorträge der 18. Wissenschaftlichen Konsultation der Societas Oecumenica beleuchten die kumenische Bedeutung der Katholizität die alle Kirchen im Glaubensbekenntnis bekennen Dabei werden auch die Spannungen zwischen Einheit und Vielfalt sowie die Herausforderungen durch neuere Entwicklungen in der weltweiten Christenheit in den Blick genommen In many contexts the attribute catholic is misunderstood as a confessional term describing one specific church The papers of the 18th Academic Consultation of Societas Oecumenica presented in this book give insights to the ecumenical significance of the catholicity which all churches confess in the Creed They also take into consideration the tensions between unity and diversity as well as the challenges by new developments in worldwide Christianity

Hutchinson, 2018-10-17 The five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration out of England It first traces organized church traditions that arose in Britain and Ireland as Dissenters distanced themselves from a state church defined by diocesan episcopacy the Book of

Common Prayer the Thirty Nine Articles and Royal Supremacy but then follows those traditions as they spread beyond Britain and Ireland and also analyses newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent Secondly it does the same for the doctrines church practices stances toward state and society attitudes toward Scripture and characteristic patterns of organization that also originated in earlier British and Irish dissent but that have often defined a trajectory of influence independent of ecclesiastical organizations The Oxford History of Protestant Dissenting Traditions Volume V follows the spatial cultural and intellectual changes in dissenting identity and practice in the twentieth century as these once European traditions globalized While in Europe dissent was often against the religious state dissent in a globalizing world could redefine itself against colonialism or other secular and religious monopolies The contributors trace the encounters of dissenting Protestant traditions with modernity and globalization changing imperial politics challenges to biblical denominational and pastoral authority local cultures and languages and some of the century's major themes such as race and gender new technologies and organizational change In so doing they identify a vast array of local and globalizing illustrations which will enliven conversations about the role of religion and in particular Christianity

The Simplicity of Living by Faith David Corbin, 2013-11-29 Our God is a God of faith and it takes faith to please Him It is easy to have faith in the little things and many Christians exercise their faith by what they can see hear and or feel but omit to realise that God revealed Himself through Jesus and set Jesus before us as the One to whom we must entrust ourselves for salvation This Christian book explains what faith is and elaborates on how we are to mature our faith through a relationship with Jesus in order to experience God at work in our lives This book explains through examples how we as Christians are to walk by faith and not be dependent on our feelings or circumstances by realising that faith is simply the hand that takes from the hand of God

Spirit-empowered Christianity in the Twenty-first Century Vinson Synan, 2011 What does a re vision of the Charismatic Pentecostal Spirit empowered movement look like in the coming years of this millennium The first century of this revival seems to attest that the Lord raised up the holiness and Pentecostal movements not only to be custodians of these distinctive truths but the perpetuators of them as well If any generation ceases to accentuate this emphasis the movement likely will forfeit the right to be recognized as such When the Pentecostal message is preached published and proclaimed through triumphant song an atmosphere is sustained for people to experience anew and again the reality of salvation holiness charismata wholeness and hope Such a revival will be biblically based rationally sound traditionally accurate and experientially real Spirit Empowered Christianity in the 21st Century is an authoritative compilation of the presentations from thirty leaders in the Charismatic Pentecostal movement given at the Empowered 21 Conference in Tulsa OK in April 2010 These chapters share emerging insights on how the next generation will handle the profound issues facing Christians within the Charismatic Pentecostal movement in the 21st century For example one portion covers the topic of the 21st century renewal while another discusses how we can protect our Charismatic distinctive Another

portion will highlight Charismatic adaptations for reaching this present age discussing issues of social and economic justice prosperity and suffering challenges to urban ministry the future of the next generation Oneness Pentecostalism and missiological aims in North America
