

A silhouette of a soldier in uniform, standing on a dark horizon and saluting with his right hand. The background is a dramatic sky with a bright sun low on the horizon, creating a warm orange and yellow glow that transitions into a blue sky with scattered white clouds.

An Aristocratic Compatibilist's Providence Petr Dvorský, 2024-09-23 This monograph discusses different philosophical and theological components of Aquinas's view regarding the relation between human agency and divine providence. Against many contemporary scholars, it argues that this view includes a plausible form of strong compatibilism whose philosophical premises are largely independent of Aquinas's theological positions. Its original contributions to the understanding of Aquinas's thought include an extensive analysis of Aquinas's complex conception of modalities, his multileveled understanding of freedom, and his aristocratic perception of values.

**Being in Action** Paul T. Nimmo, 2011-02-24 This book investigates the way in which the actualistic ontology, i.e., the fact that God and human agents are beings in act in a covenant relationship that underlies the Church Dogmatics of Karl Barth, affects his conception of ethical agency. It analyses this effect along three paths of inquiry: knowing what is right, the noetic dimension; doing what is right, the ontic dimension; and achieving what is right, the telic dimension. The first section of the book explores the discipline of theological ethics as Barth construes it, both in its theoretical status and in its actual practice. In the second section, the ontological import of ethical agency for Barth is considered in relation to the divine action and the divine command. The final section of the book examines the teleological purpose envisaged in this theological ethics in terms of participation, witness, and glorification. At each stage of the book, the strong interconnectedness of theological ethics and actualistic ontology in the Church Dogmatics is drawn out. The resultant appreciation of the actualistic dimension which underlies the theological ethics of Karl Barth feeds into a fruitful engagement with a variety of critiques of Barth's conception of ethical agency. It is demonstrated that resources can be found within this actualistic ontology to answer some of the diverse criticisms and that attempts to revise Barth's theological ethics at the margins would have catastrophic and irreversible consequences for his whole theological project.

**Being and Authenticity** Xunwu Chen, 2021-12-28 This book presents a creative approach to the problem of individual authenticity: What is authenticity? What are its necessary conditions? How is an authentic self possible in society? What are the relationships of authenticity, morality, and happiness? The book examines a wide range of questions in Eastern and Western thought to which it gives novel answers.

---

Swamp Alley is a portal between this side and the other side. A Cajun Wizard named Antoine Clement Hebert lives near Swamp Alley, which is behind The Land of Sha Bebe in the swamps. He keeps balance between this side and the other side by playing his fiddle, but he was kidnapped by them. Today the Ghosts of Swamp Alley protect the ones on this side from the opposite presence who occupy the other side. Who or what is this presence and where is this place that has the Wizard trapped? Marie La Vie explains this other place and their presence very well. It's a presence that has always existed all over the world; even today it still exists. Sometimes the presence of the other side may be near YOU. The Wizard of Swamp Alley is centered around Halloween when the veil between this side and the other side is at its thinnest, and the Wizard is gone. Who has the knowledge to return the Wizard to his homeland to protect The Land of Sha Bebe? A chilling read yet still entertaining.
