oriental studies were forced to flee to England following the rise of the Nazi regime Germany's loss became Oxford's gain From the mid 1930s onwards Oxford could accurately be described as an ark of knowledge of western civilization a place where ideas about art culture and history could be rescued developed and disseminated freely The city's history as a place of refuge for scientists who were victims of Nazi oppression is by now familiar but the story of its role as a sanctuary for cultural heritage though no less important has received much less attention In this volume the impact of Oxford as a shelter a meeting point and a centre of thought in the arts and humanities specifically is addressed by looking both at those who sought refuge there and stayed and those whose lives intersected with Oxford at crucial moments before and during the war Although not every great refugee can be discussed in detail in this volume this study offers an introduction to the unique conjunction of place people and time that shaped Western intellectual history exploring how the meeting of minds enabled by libraries publishing houses and the University allowed Oxford's refugee scholars to have a profound and lasting impact on the development of British culture Drawing on oral histories previously unpublished letters and archives it illuminates and interweaves both personal and global histories to demonstrate how for a short period during the war Oxford brought together some of the greatest minds of the age to become the custodians of a great European civilization Heartbreak Andrea Dworkin, 2010-07-15 This final short book is the unfolding development of a life and a mind It reminds us that she was never primarily a political activist but a writer and to herself a scholar Since she died last year a victim of her enormous size I have come to think that Andrea Dworkin was more important than I thought at the time Linda Grant The Jewish Quarterly Heartbreak confirms that every bolshy out spoken freedom fighter who is the anti type of standard Western glamour fast becomes a scapegoat for the hatred of unpopular and hard to sell ideas such as feminism The Crack Magazine explosive uncompromising courage you could not get a voice more intensely alive in its analysis of inequities which bind and divide women across race and class its incisive accounts of oppression and the costs of resistance its eloquent love of creativity and its take no prisoners truth telling Times Literary Supplement Heartbreak is not the memoir of a victim Dworkin's tone is dry and humorous Her personality is warm and likeable and shockingly she has a wicked sense of humour If Dworkin had not come into prominence first as a victim of rape and later as a campaigner against it she might even be taking her place alongside Fay Weldon and Margaret Atwood The Times pleasingly bathetic her persecutors are finally reduced to their proper size Charlotte Raven New Statesman Always innovative often provocative and frequently polarizing Andrea Dworkin carved out a unique position as one of the women's movement's most influential figures from the early days of consciousness raising to the post feminist present She wrote thirteen books ranging across feminist theory fiction and poetry Andrea Dworkin died in April 2005 **Terrorism and the Politics of Response** Angharad Closs Stephens, Nick Vaughan-Williams, 2008-09-30 This interdisciplinary edited volume critically examines the dynamics of the War on Terror focusing on the theme of the politics of response The book explores both how responses to terrorism by politicians authorities

and the media legitimise particular forms of sovereign politics and how terrorism can be understood as a response to global inequalities colonial and imperial legacies and the dominant idioms of modern politics The investigation is made against the backdrop of the 7 July 2005 bombings in London and their aftermath which have gone largely unexamined in the academic literature to date The case offers a provocative site for analysing the diverse logics implicated in the broader context of the War on Terror for examining how terrorist events are framed and how such framings serve to legitimise particular policies and political practices
