## **Friends Not Masters Mohammad Ayub Khan:**

Friends not Masters, 1967      **Democracy and Dictatorship in South Asia** Robert W. Stern, 2000-11-30 In reaction to British imperialism during the 19th and 20th centuries Indian Muslims and Hindus imagined and invented their separate and distinct religious communities and communal nationalisms These were institutionalized in the subcontinent's political systems by the British government in collaboration with Indian politicians Stern argues that this production of communalism has been crucial in structuring the composition and organization of South Asia's politically dominant classes and that they in turn have been crucial in determining parliamentary democracy's growth or atrophy on the subcontinent In what became India the overwhelmingly Hindu National Congress formed a coalition of professionals and landed peasants later joined by industrialists that was friendly to the development of parliamentary democracy In its western provinces Pakistan's legacy from British government was a ruling coalition of landlords and civilian and military bureaucrats that has continued to impede the development of parliamentary democracy Until 1971 this coalition equated parliamentary democracy with the loss of their dominance to Pakistan's Bengali majority Only among them in Pakistan's eastern province now Bangladesh was there a politically dominant coalition of classes that was friendly to the development of parliamentary democracy It had the ironic effect in Pakistan of entrenching the west's anti democratic coalition Dogged by the legacies of twenty four years as Pakistan's subordinate province disorganization among its dominant classes and a vanished rural base the development of parliamentary democracy in Bangladesh has been slow and uneven      **India, Pakistan and the Secret Jihad** Praveen Swami, 2006-10-19 Praveen Swami explores the history of jihadist violence in Kashmir from 1947-8 to 2004 and expertly shows how the recent explosion of conflict was part of a long running secret war in the state      JFK's Forgotten Crisis Bruce Riedel, 2015-10-27 Bruce Riedel provides new perspective and insights into Kennedy's forgotten crisis in the most dangerous days of the cold war The Cuban Missile Crisis defined the presidency of John F Kennedy But during the same week that the world stood transfixed by the possibility of nuclear war between the United States and the Soviet Union Kennedy was also consumed by a war that has escaped history's attention yet still significantly reverberates today the Sino Indian conflict As well armed troops from the People's Republic of China surged into Indian held territory in October 1962 Kennedy ordered an emergency airlift of supplies to the Indian army He engaged in diplomatic talks that kept the neighboring Pakistanis out of the fighting The conflict came to an end with a unilateral Chinese cease fire relieving Kennedy of a decision to intervene militarily in support of India Bruce Riedel a CIA and National Security Council veteran provides the first full narrative of this crisis which played out during the tense negotiations with Moscow over Cuba He also describes another nearly forgotten episode of U S espionage during the war between India and China secret U S support of Tibetan opposition to Chinese occupation of Tibet He details how the United States beginning in 1957 trained and parachuted Tibetan guerrillas into Tibet to fight Chinese military forces The United States did not abandon this covert support until relations were normalized with

China in the 1970s Riedel tells this story of war diplomacy and covert action with authority and perspective He draws on newly declassified letters between Kennedy and Indian leader Jawaharlal Nehru along with the diaries and memoirs of key players and other sources to make this the definitive account of JFK's forgotten crisis This is Riedel writes Kennedy's finest hour as you have never read it before

**Islam in Pakistan** Muhammad Qasim Zaman, 2018-05-15 The first book to explore the modern history of Islam in South Asia The first modern state to be founded in the name of Islam Pakistan was the largest Muslim country in the world at the time of its establishment in 1947 Today it is the second most populous after Indonesia Islam in Pakistan is the first comprehensive book to explore Islam's evolution in this region over the past century and a half from the British colonial era to the present day Muhammad Qasim Zaman presents a rich historical account of this major Muslim nation insights into the rise and gradual decline of Islamic modernist thought in the South Asian region and an understanding of how Islam has fared in the contemporary world Much attention has been given to Pakistan's role in sustaining the Afghan struggle against the Soviet occupation in the 1980s in the growth of the Taliban in the 1990s and in the War on Terror after 9/11 But as Zaman shows the nation's significance in matters relating to Islam has much deeper roots Since the late nineteenth century South Asia has witnessed important initiatives toward rethinking core Islamic texts and traditions in the interest of their compatibility with the imperatives of modern life Traditionalist scholars and their institutions too have had a prominent presence in the region as have Islamism and Sufism Pakistan did not merely inherit these and other aspects of Islam Rather it has been and remains a site of intense contestation over Islam's public place meaning and interpretation Examining how facets of Islam have been pivotal in Pakistani history Islam in Pakistan offers sweeping perspectives on what constitutes an Islamic state

Contemporary Pakistan Veena Kukreja, 2003-02-24 This book discusses the political processes in contemporary Pakistan with the aim to understand the crises the country is confronted with The author provides insights into Pakistan's traumatic political history one that exemplifies a long drawn battle between authoritarianism and constitutionalism and an enduring ideological conflict between Islamic nationalism regionalism and elite pluralism

Contributions to Asian Studies Aziz Ahmad, Karigoudar Ishwaran, 1974

Conventional Warfare in South Asia, 1947 to the Present Kaushik Roy, 2017-03-02 The essays included in this volume focus on conventional war on land sea and air fought by the states of South Asia and their impact on the host societies and economies The authors are drawn from academia and the military in India and Pakistan as well as from outside the subcontinent in order to give a wide perspective In the introduction the editors describe the changing contours of warfare in South Asia and the similarities and dissimilarities with warfare in the Middle East and South East Asia The volume highlights the influence of extra regional powers like China Russia and the US in providing arms munitions and shaping the texture of military doctrines and force structures of the South Asian powers

*Water, Peace, and War* Brahma Chellaney, 2015-03-01 This pioneering and authoritative study considers the profound impact of the growing global water crunch on international peace and security as well as possible

ways to mitigate the crisis Although water is essential to sustaining life and livelihoods geostrategist Brahma Chellaney argues that it remains the world's most underappreciated and undervalued resource One sobering fact is that the retail price of bottled water is already higher than the international spot price of crude oil But unlike oil water has no substitute raising the specter of water becoming the next flashpoint for conflict Water war as a concept may not mesh with the conventional construct of warfare especially for those who plan with tanks combat planes and attack submarines as weapons Yet armies don't necessarily have to march to battle to seize or defend water resources Water wars in a political diplomatic or economic sense are already being waged between riparian neighbors in many parts of the world fueling cycles of bitter recrimination exacerbating water challenges and fostering mistrust that impedes broader regional cooperation and integration The danger is that these water wars could escalate to armed conflict or further limit already stretched food and energy production Writing in a direct nontechnical and engaging style Brahma Chellaney draws on a wide range of research from scientific and policy fields to examine the different global linkages between water and peace Offering a holistic picture and integrated solutions his book promises to become the recognized authority on the most precious natural resource of this century and how we can secure humankind's water future *The Politics of State Intervention* Shireen Burki, 2013-08-22

*The Politics of State Intervention* Gender Politics in Pakistan Afghanistan and Iran examines how three culturally and religiously interconnected neighboring states have sought to regulate the lives of their female populace in order to gauge how successful or unsuccessful these efforts have been at the grassroots level Utilizing a historical framework it explores the gender specific policies of these states to assess whether or not shared cultural religious and social characteristics translate into similar gender policies and outcomes across borders and if not why Through comparison it conclusively identifies social and political roadblocks that threaten both the long term prospects and security for all females as well as factors that tend to somewhat ameliorate detrimental tendencies *International Law and the Cold War* Matthew Craven, Sundhya Pahuja, Gerry Simpson, Anna Saunders, 2020 This is the first book to examine in detail the relationship between the Cold War and International Law

**Patterns of Conventional Warfighting under the Nuclear Umbrella** Igor Davidzon, 2020-05-04 This book explores how nuclear weapons influence conventional warfighting through three case studies of countries not party to the Non Proliferation Treaty Pakistan India and Israel The author examines how decision makers choose a preferred pattern of war management as well as how these choices affect conflicts suggesting that nuclear weaponization constitutes a clear change in the relative power of countries This distribution of power within the international system expands or reduces the selection of strategies or war management patterns available to members of the international community However historic traumatic events like military defeats countries self images and images of enemies form the perceptions of decision makers regarding material power and change thereof suggesting that choices of decision makers are not affected directly by changes in relative power relations but rather through an intermediate level of strategic culture parameter *Historical*

*Dictionary of Pakistan* Shahid Javed Burki, 2015-03-19 Pakistan is unlike most other countries in the emerging world. It is one of the two nations the other being the state of Israel founded on the basis of religion. Although it was created to provide a homeland for the Muslim community of British India in its original form it was able to accommodate only about half of the people of Islamic faith who lived in the subcontinent. Pakistan's birth in 1947 resulted in one of the largest movements of people in human history when some 14 million people left their homes with 8 million Muslims leaving India for what is now Pakistan and 6 million Hindus and Sikhs moving in the opposite direction. This was the first large scale incidence of ethnic cleansing the world was to witness. This fourth edition of *Historical Dictionary of Pakistan* covers its history through a chronology, an introductory essay, appendixes and an extensive bibliography. The dictionary section has over 700 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Pakistan. *Political Inheritance of Pakistan*

D. A. Low, 1991-06-18 Based on papers originally presented at a conference in Churchill College, Cambridge, this book discusses the pre-independence history of those areas of the South Asian sub-continent that territorially became the Pakistan of 1947. Titles in the series include *South Africa: A Modern History* and *Land Reform and Politics*. Hung-chao Tai, 2023-11-15 This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, *Voices Revived* makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1974. *Kashmir and Neighbours*

Atav Trkkaya, 2017-07-12 This title was first published in 2001. This text reviews terrorist activity carried out ceaselessly and systematically in one of the most otherwise alluring spots on our planet. The rise of militancy not only in Kashmir but also in Punjab and in India's North East is related also to analogous belligerency in and around the borders of Pakistan and Afghanistan. Following preliminary information on the land, people, the past, and the constitutional history of Kashmir, this work focuses on the rise of political violence and its consequences following the evolution of democracy from the period of the provisional government. While dwelling mostly on the example of Jammu and Kashmir, the study endeavours to underline once more the need for an anti-terrorist international regime. *The Indian Army and the End of the Raj*

Daniel Marston, 2014-04-24 A unique examination of the role of the Indian army in post-World War II India in the run-up to Partition. Daniel Marston draws upon extensive archival research and interviews with veterans of the events of 1947 to provide fresh insight into the final days of the British Raj. **Government and Politics in South Asia**

Robert C. Oberst, 2018-04-19 This comprehensive but accessible text provides students with a systematic introduction to the comparative political study of the leading nations of South Asia: India, Pakistan, Bangladesh, Sri Lanka, and Nepal. The seventh edition is extensively revised and updated, benefiting from the fresh perspective brought on by adding a new author to the team. New material includes discussions of political parties and leaders in India, the Zardari regime, and

**Political Development** Lawrence Ziring,2019-06-10 This volume was conceived to serve a variety of reader categories It should meet the needs of teachers and students engaged in the study of Pakistan it is hoped that it will offer area specialists an enlarged perspective from which to examine their own findings and it ought to prove useful to the general reader who wishes to keep abreast of the forces and events shaping our time Every effort has been made to define the essential themes to provide the pertinent data to analyze the significant events thoroughly and to present the material in a lucid fast moving manner Overall the book should be both informative and provocative Given my long association with Pakistan the many years spent investigating and experiencing its development the unique opportunities I have enjoyed for personal contact with the country s passing leadership as well as its diverse population I have taken liberties which less involved scholars would no doubt avoid I make no apologies for this somewhat personalized approach or for the pointed comments that will be found throughout the volume The Pakistan story does not lend itself to sterile description It is an exciting and important chronicle and it ought to be presented in a fashion that stimulates debate in addition to making available the necessary facts I trust I have succeeded in fulfilling both objectives
