Vengatesan, *Communicator* ,1996 “HOME SCIENCE SKILLS IN INDUSTRIAL ENTREPRENEURSHIP FOR UPLIFTMENT OF LIFE” Dr. Chhaya N. Vidhale , Dr. S. R. Kubde,2022-06-28 INTRODUCTION The reflection of Home science textback to ancient days when special education on all aspects of life was given to girls for managing harmonious home and family life till formal education for girls in this direction was introduced by Madras mission school in 1915 The girls were educated on aspects like taking good care of children supplying nutritious food to family building health of family and managing their homes This was the initiation of the concept of Home science through the education was not formally named as home science Efforts were continue to make this education meaningful and suitable to life of a girls who got married in her early teens Later early 90s witness the boost of special education for girls called home science education The stepping stone in this direction was introduction of Home science subject in 1927 by educational planner at All India women s conference The society recognise this education as a symbol of high status and the parents got encouraged to send their daughters for home science education This was further supported by National Freedom Movement in thirties and forties of 19th century when equality of women was sought in all aspects of their expanded role in home and development of the nation Even Sargent committee in 1944 highly acknowledge the importance of Home science as subject in schools for girls

Extension Communication Management G. L. Ray,2007-01-01 *African Handbook of Climate Change Adaptation* Nicholas Oguge,Desalegn Ayal,Lydia Adeleke,Izael da Silva,2021-05-20 This open access book discusses current thinking and presents the main issues and challenges associated with climate change in Africa It introduces evidences from studies and projects which show how climate change adaptation is being and may continue to be successfully implemented in African countries Thanks to its scope and wide range of themes surrounding climate change the ambition is that this book will be a

lead publication on the topic which may be regularly updated and hence capture further works Climate change is a major global challenge However some geographical regions are more severely affected than others One of these regions is the African continent Due to a combination of unfavourable socio economic and meteorological conditions African countries are particularly vulnerable to climate change and its impacts The recently released IPCC special report Global Warming of 1.5°C outlines the fact that keeping global warming by the level of 1.5°C is possible but also suggested that an increase by 2.0°C could lead to crises with crops agriculture fed by rain could drop by 50% in some African countries by 2020 and livestock production could damage water supplies and pose an additional threat to coastal areas The 5th Assessment Report produced by IPCC predicts that wheat may disappear from Africa by 2080 and that maize a staple will fall significantly in southern Africa Also arid and semi arid lands are likely to increase by up to 8% with severe ramifications for livelihoods poverty eradication and meeting the SDGs Pursuing appropriate adaptation strategies is thus vital in order to address the current and future challenges posed by a changing climate It is against this background that the African Handbook of Climate Change Adaptation is being published It contains papers prepared by scholars representatives from social movements practitioners and members of governmental agencies undertaking research and or executing climate change projects in Africa and working with communities across the African continent Encompassing over 100 contributions from across Africa it is the most comprehensive publication on climate change adaptation in Africa ever produced
