Basque Politics A Case Study In Ethnic Nationalism:

Basque Politics William A. Douglass, 1985 The Basques, the Catalans and Spain Daniele Conversi, 1997 This work provides an introduction to Basque and Catalan nationalism The two movements have much in common but have differed in the strategies adopted to further their cause Basque nationalism in the shape of the military wing of ETA took the path of violence spawning an efficient terrorist campaign while Catalan nationalism is more accommodating and peaceful

Parteiverbote in der Bundesrepublik Deutschland und im Königreich Spanien Carl Christian Voscherau, 2009 Sowohl in der Bundesrepublik Deutschland als auch im Königreich Spanien gab es jüngst viel beachtete Parteiverbotsverfahren In Deutschland scheiterte ein Verbot der rechtsextremistischen NPD während der oberste Gerichtshof Spaniens erfolgreich den politischen Arm der ETA die Batasuna verbot Die Arbeit befasst sich mit den Unterschieden und Parallelen der Regelungen zum Parteiverbotsverfahren in Spanien und Deutschland Ihr Ziel ist zunächst das jeweils geltende Recht darzustellen wobei zwischen materiell rechtlichen und formell rechtlichen Regelungen unterschieden wird Zum Verständnis desselben werden die gesellschaftlichen und geschichtlichen Hintergründe nebst einschlägiger Literatur und Rechtsprechung herausgearbeitet Im Lichte der hierdurch gewonnenen Erkenntnisse werden die Parallelen und Unterschiede erläutert um anhand einer Analyse der jeweiligen rechtlichen und tatsächlichen Stärken und Schwächen Verbesserungsvorschläge für das deutsche Rechtssystem vorzulegen Radikale Milieus Peter Waldmann, Stefan Malthaner, 2012-11-08 Terrorismus ist eine Gewaltstrategie von Gruppen die versuchen mit Anschlüssen aus dem Untergrund Angst zu verbreiten und Aufmerksamkeit zu erregen Diese Gruppen sind jedoch nicht sozial isoliert sondern stehen in einem sozialen Umfeld dem radikalen Milieu das mit ihnen sympathisiert und auf dessen Unterstützung sie angewiesen sind Wie dieses Umfeld und seine Beziehung zu terroristischen Gruppen beschaffen ist und welche Wechselwirkungen bestehen ist bislang wenig bekannt Der Band bietet erstmals empirische Fallstudien zu historischen und aktuellen radikalen Milieus die vom anarchistischen Terrorismus des 19. Jahrhunderts über ethnisch radikale und sozialrevolutionäre Bewegungen bis hin zum aktuellen Rechtsterrorismus und zum islamistischen Terrorismus in Europa sowie dem Nahen und Mittleren Osten reichen *Der Staat der Autonomen Gemeinschaften in Spanien* Dieter Nohlen, José Juan Gonzáles Encinar, 2013-03-08 Spanien ist in den zurückliegenden Jahren zu den föderal strukturierten Demokratien gestoßen Die politische Dezentralisierung war Teil des Demokratisierungsprozesses in welchem das seit dem Bürgerkrieg 1936-1939 autoritär regierte Land politisch Anschluss an das demokratische Europa gewann Im Beitritt Spaniens zur Europäischen Gemeinschaft im Jahre 1986 ist dies sinnfällig zum Ausdruck gekommen Triebkräfte beider Entwicklungen der demokratischen und der föderalen waren die historischen Nationalitäten vor allem Basken und Katalanen die bereits unter der II. Republik 1931-1936 Autonomiestatute erlangt hatten Andere Regionen besaßen kaum wirkungsvolle historische Bezugspunkte und ein viel geringeres regionales Bewusstsein Diese Asymmetrie hat den Prozess und das bisherige Ergebnis der politischen Dezentralisierung nachhaltig beeinflusst Der

Umwandlung des zentralistisch organisierten Staates in ein föderales Gebilde lag kein fest umrissenes Modell zu Grunde. Die Verfassung von 1978 regte die Dezentralisierung an, räumte freilich unterschiedliche Verfahren und Autonomiegrade ein, die der vorgegebenen Asymmetrie Rechnung tragen sollten. Bei der anzustrebenden föderalen Struktur des Landes schied sie sich aus. So blieb die Ausgestaltung des spanischen Autonomiestaates dieser Begriffsetzung in Politik und Wissenschaft durch die politische Dynamik, insbesondere den Parteienwettbewerb, überlassen. Der spanische Föderalismus entstand folglich in einem längeren Formierungsprozess und kann hinsichtlich seiner Grundstruktur noch nicht als abgeschlossen gelten. Immerhin ist ein Entwicklungsstadium erreicht, das bereits die historische Tragweite des Wandlungsprozesses erkennen lässt.

Nationalisms Montserrat Guibernau, 2013-06-10 This is a comprehensive and accessible account of the nature of nationalism which has re-emerged as one of the fundamental forces shaping world society today **Education and Cultural Differences** Douglas Ray, Deo Poonwassie, 2017-04-28 First published in 1992 this book looks at the interaction between ideals and reality with the focus upon social inequality and education in modern society as well as the possibilities for education to lessen the related problems. The essays in this volume examine three forms of inequality in global society: aboriginal societies in modern industrial states, long established communities that have been denied full status and differences arising from recent population migrations. In doing so it considers how education might support the efforts of all members of society to pursue the goal of equal status for all. **Ethnonationalism in the Contemporary World** Daniele Conversi, 2004 Essential reading for anyone interested in problems associated with ethnicity and nationalism it offers a guide to understanding the ethnonational forces that underpin much of recent terrorist activity Secessionism Jason Sorens, 2012-02-13 Using innovative methods to analyze both advanced democracies and developing countries Jason Sorens shows how central governments can alleviate or increase ethnic minority demands for regional autonomy. He argues that when countries treat secession as negotiable and provide legal paths to pursuing it rather than absolutely prohibiting independence violence is far less likely. Additionally independence movements encourage government policies of decentralization that may be beneficial to regional minorities. An informative investigation of the root causes of political violence. Secessionism provides a clear-eyed look at independence movements for both governments and secessionists.

The Sociology of Nationalism David McCrone, 2002-05-03 In recent years nationalism has emerged as a dominant issue of our time. This is a balanced account of the key points of a subject which is too often obscured by polemic. **Modernisation and Ethnicity** D. V. Kumar, 2006-01-01 **State**, 1990 **Subnationalism in Africa** Joshua Forrest, 2004 This examination of the politics of ethnicity and nation building in Africa stresses the trend towards subnationalist autonomy and away from a singular state-centric system based on the Western model. Forrest ranges across the continent to explore a variety of subnational movements. **Buchreihe der Österreichischen Zeitschrift für Volkskunde**, 1999 **Political Ethnography** Edward Schatz, 2013-02-11 Scholars of politics have sought in recent years to make the discipline more

hospitable to qualitative methods of research Lauding the results of this effort and highlighting its potential for the future Political Ethnography makes a compelling case for one such method in particular Ethnography the contributors amply demonstrate in a wide range of original essays is uniquely suited for illuminating the study of politics Situating these pieces within the context of developments in political science Edward Schatz provides an overarching introduction and substantive prefaces to each of the volume's four sections The first of these parts addresses the central ontological and epistemological issues raised by ethnographic work while the second grapples with the reality that all research is conducted from a first person perspective The third section goes on to explore how ethnographic research can provide fresh perspectives on such perennial topics as opinion causality and power Concluding that political ethnography can and should play a central role in the field as a whole the final chapters illuminate the many ways in which ethnographic approaches can enhance improve and in some areas transform the study of politics

Cultural Autonomy, Minority Rights and Globalization Steven C. Roach, 2017-11-28 This insightful and timely book analyzes the role of cultural autonomy in advancing minority rights protection on the national and global level It assesses the historical and legal limits of the right to self determination and autonomy and draws on Marxist internationalism liberal nationalism and EU integrationist studies to examine the relationship between cultural autonomy and globalization As such emphasis is placed on the sociological and historical value of cultural autonomy with the aim of working beyond formalistic and utilitarian approaches to cultural autonomy The volume will appeal primarily to upper level undergraduate and graduate level students of political science and international law interested in rethinking the role of cultural autonomy in an age of globalization

European Nations and Nationalism Louk Hagendoorn, György Csepeli, Russell Farnen, 2017-03-02 This rich source book informs its reader in a comparative perspective about the political and social economic past and present of fifteen Western Central and Eastern European countries This includes the economic and social aspects of the development of the nation state descriptions of the current political structures and institutions an account of the types of ethnic composition of the populations definitions of citizenship and a background to the existing political parties and preferences The countries involved are the Russian Federation Ukraine Romania Hungary Slovakia the Czech Republic Poland Germany Sweden The Netherlands Belgium Britain France Spain and Italy The authors are scholars in the fields of nationalism and ethnic conflict and they were invited to write their country chapters along the lines of a common format paying special attention to the notion of state and nation building processes citizenship definitions and minority issues This book is a comprehensive reference guide for students and scholars in the fields of social sciences European studies history and other related disciplines and generally to those who are interested in the past and present of any one of the large number of countries described
