together Most of the book is devoted to Shakespeare the man and artist but it simultaneously throws light on his literary and personal relations with contemporaries such as Jonson Marlowe and others known as the University Wits His experience as an actor and man of theater is absorbingly recounted here as well as his relations to well born patrons like the Earl of Southampton and Henry Carey Lord Hunsdon England s Lord Chamberlain In 1603 when James I ascended the throne the Chamberlain s Men became the King s Men passing under the sovereign s protection How Shakespeare responded to his ambiguous role he was both servant to the great and their remorseless critic is another of Fraser s subjects In short Fraser s principal purpose is to advance our understanding of Shakespeare at the same time throwing light on the work of the man who of all modern and perhaps ancient poets had the largest and most comprehensive soul John Dryden Shakespeare s first great critic said that and Fraser tries to estimate what he meant

Plays of Expectations Andrew Wachtel, 2006

Expectation is an integral part of the reading experience As we read a text we begin to classify it and compare it to others with which it seems to share a family resemblance Drama is a particularly rich and rewarding field for studying the complex ways in which such expectations are created Theatre audiences and readers of plays are encouraged in a variety of ways to guess at what might unfold on the stage and on the page and much of the pleasure of the theatrical experience revolves around this guessing game Plays of Expectations explores these expectations through the lens of twentieth century Russian drama In the operas and plays considered here dramatists tell stories that for the most part already existed in the cultural repertoire of the contemporary Russian audience In each case the dramatists and their texts invite readers or audiences to compare a new version of a familiar story with previous versions Scholar Andrew Wachtel presents each of these dramatic texts as a nexus of intertextual play a space in which various incarnations of a storyline can interact to create a new synthesis which itself can become a self standing version of the story Plays of Expectations illuminates the sometimes coded or subconscious and sometimes open and deliberate conversations modernist Russian dramatists had with their antecedents their rivals their readers and themselves In the course of their creations they quote rearrange dispute deconstruct and otherwise grapple with stories and assertions made by their antecedents and fellow artists Russian audiences were capable of recognizing these references and links thus sharing a similar horizon of expectations that would shape and dictate the reception of the work In a clear and engaging style Wachtel explores this fantastic web of artistic and intellectual interconnectedness a nexus that links generations of dramatists to one another and to their audience bringing each into the work of unfolding a story Andrew Wachtel is dean of the Graduate School Bertha and Max Dressler Professor in the Humanities and director of the Center for International and Comparative Studies at Northwestern University For more information on the Treadgold Papers visit http://www.jsis.washington.edu/ellison/outreach_treadgold.shtml
