Humanism Betrayed Graham Good, 2001 In *Humanism Betrayed* Graham Good offers a defence of liberal humanism against the illiberal trends political and intellectual that dominate today s university He uses the McEwen Report episode at the University of British Columbia to illustrate the current political climate in universities showing how due process was neglected in favour of ideological inquisition The intellectual trends Good discusses include what he calls the New Sectarianism which rejects individuality in favour of collective identities based on race gender and sexual preference Presentism which rejects the notion of history as a continuous narrative in favour of seeing the past as interpretable in any way that suits the political interests of the present and a Ahermeneutic of suspicion in which literary texts are seen as masks for discreditable political motives Good demonstrates that these trends culminate in the prison like Acarceral vision of Michel Foucault and his followers the view that culture is ideology and that culture does not free humans but incarcerates them Good contrasts this view with the liberal vision of culture and society represented by Northrop Frye concluding with an analysis of the relationship between anti humanist theory among academics and the managerial practices of university administrations which he argues neglect or reject basic humanistic values such as free individuality aesthetic greatness and autonomous inquiry

Promises Betrayed Bob Herbert, 2025-04-16 The award winning New York Times op ed columnist probes the widening gap between American ideals and American realities and urges us to do something about it Bob Herbert is the conscience of the op ed page of The New York Times and his work is characterized by a strong moral vision and a deep understanding of the human costs of political decisions From partisan politics to popular culture from race relations to criminal justice few journalists bring to life so movingly the stories of ordinary people caught between the American dream and American realities Whether it is the inherent injustice of the death penalty or the demagoguery of the war on terrorism Herbert questions whether we are truly upholding our ideals or merely giving them lip service In Promises Betrayed Herbert makes the case that in recent years America has too often failed to live up to its creed of fairness and justice in the lives of working people racial minorities children and others not among the powerful He introduces us to real people facing real problems and trying to maintain their dignity along the way and he blows the whistle on imperious public officials who think the rules of common decency do not apply to them Herbert s tenacious reporting has resulted in the overturning of many wrongful convictions and the release of dozens of innocent people from prison In these and so many other ways Herbert keeps us all honest and lives up to the journalist s credo to comfort the afflicted and afflict the comfortable

Pearl Harbor Betrayed Michael Gannon, 2014-04-15 A naval historian draws on newly revealed primary documents to shed light on the tragic errors that led to the devastating attack Washington's role and the man who took the fall for the Japanese tactical victory Michael Gannon begins his authoritative account of the impossible to forget attack with the essential background story of Japan's imperialist mission and the United States uncertain responses especially two lost chances of delaying the inevitable attack until the military was prepared to defend Pearl Harbor Gannon disproves two Pearl Harbor legends first that there was a conspiracy to withhold intelligence from the Pacific Commander in order to force a Pacific war and second that Admiral Kimmel was informed but failed to act Instead Gannon points to two critical factors ignored by others that information about the attack gleaned from the Magic code intercepts was not sent to Admiral Kimmel and that there was no possibility that Kimmel could have defended Pearl Harbor because the Japanese were militarily far superior to the American forces in December of 1941 Gannon has divided the story into three parts the background eyewitness accounts of the stunning Japanese tactical victory and the aftermath which focuses on the Commander who was blamed for the biggest military disaster in American history
