[The Virtue of Color-Blindness](#) Andre Archie, 2024-01-02 A black professor of classics takes on the cult of diversity equity and inclusion In this compelling appeal to true justice he demolishes the identity politics that makes a travesty of Martin Luther King's dream Martin Luther King's dream of a colorblind society is dead Powerful political educational and corporate forces are making race the defining feature of American life and nobody dares to stop them Naively confident in the marketplace of ideas conservatives have done nothing as cultural Marxists have rewritten

America's history and redefined its ideals. But we can't assume that poisonous ideas will simply wither when exposed to the light. The truth argues the maverick black scholar Andre Archie requires a spirited defense. In *The Virtue of Colorblindness*, Archie exposes the injustice of our emerging civil religion. Radical ideologues now teach our children that colorblindness is racism while the Diversity, Equity, and Inclusion industry promotes policies that punish some people and reward others because of the color of their skin. Far from helping black Americans or any other Americans, these racists of the left are sowing division, tribalism, and resentment. The attack on colorblindness is anti-American and does not deserve a respectful hearing. It's time to fight back.

Heart and Soul Chris Mace, 2003-09-02. Philosophy's traditional concerns with the nature of knowledge, good conduct, and the self cannot be ignored by psychotherapists while the growth of psychotherapy and psychoanalysis have had a profound impact on philosophy. The essays in the books cover topics central to both psychotherapy and philosophy such as the nature of the self, motivation, and subjectivity, the limits of certainty and objectivity in interpersonal situations, and the scope of narrative dialogue and of therapy itself. Contributions draw on a wide range of different philosophical approaches and examine how they can deepen our understanding of the processes involved in different types of psychotherapy in a wide range of clinical settings.

Storying Leadership for Equity, Diversity, and Inclusion Ambika Gopal Raj, Socorro Orozco, 2024-09-17. This book positions the concept of storying as integral to leadership in qualitative research, drawing on a wide range of studies and perspectives by diverse minoritized leaders. Presenting stories of leadership, resistance, diversity, and cultural wealth, these chapters highlight problems of practice from Latinx, Black, and BIPOC administrators, special education teachers, EOP community college students, and parents, including those undocumented. Crucially, the book showcases where leadership in place is exemplified through storying, arguing that storying is more empowering in qualitative research since it acknowledges the identities and reflexivity of both the researcher and the researched. This significant aspect of research methodology not only addresses cultural historicity but also fosters authentic representations of participant identities and lived experiences. The chapters directly and innovatively address these power dynamics and show how they are re-negotiated within spaces that are culturally relevant, socially situated, and historically constructed. They demonstrate how, through storying, the limits of textual interpretations can be traversed. This unique volume contributes to the growing literature on the largest minority group in the United States and is highly relevant to those with interests in educational

leadership race and ethnicity research methods and qualitative research
