*From Victim to Victor* Amelia Carlson, 2009-10-19 Have you felt like something was holding you back from a deeper relationship with the Lord Have you had the sense that there must be more to a relationship with Christ Have you wanted the true freedom the Bible speaks of but are not sure how to obtain it In *From Victim to Victor* author Amelia Carlson walks with you through a path and journey that leads you through some of the familiar chains that bind us from a more intimate walk with Christ chains that leave us in despair and frustration chains that seem to have no key Yet *From Victim to Victor* introduces you to the key to freedom from Satan's favorite bondage chains No longer do you have to be a victim of Satan you can become a victor through the Word of God Learn how to have the freedom God always intended for you to have and the fullness of life God has waiting for you

Annotation copyrighted by Book News Inc, Portland, OR **Metaphors of Confinement** Monika Fludernik, 2019 *Metaphors of Confinement: The Prison in Fact, Fiction and Fantasy* offers a historical survey of imaginings of the prison as expressed in

carceral metaphors in a range of texts about imprisonment from Antiquity to the present as well as non penal situations described as confining or restrictive These imaginings coalesce into a carceral imaginary that determines the way we think about prisons just as social debates about punishment and criminals feed into the way carceral imaginary develops over time Examining not only English language prose fiction but also poetry and drama from the Middle Ages to postcolonial particularly African literature the book juxtaposes literary and non literary contexts and contrasts fictional and nonfictional representations of imprisonment and discussions about the prison as institution and experiential reality It comments on present day trends of punitivity and foregrounds the ethical dimensions of penal punishment The main argument concerns the continuity of carceral metaphors through the centuries despite historical developments that included major shifts in policy such as the invention of the penitentiary The study looks at selected carceral metaphors often from two complementary perspectives such as the home as prison or the prison as home or the factory as prison and the prison as factory The case studies present particularly relevant genres and texts that employ these metaphors often from a historical perspective that analyses development through different periods

The Archaeology of Slavery in Early Medieval Northern Europe Felix Biermann, Marek Jankowiak, 2021-11-18 This volume is the first comprehensive study of the material imprint of slavery in early medieval Europe While written sources attest to the ubiquity of slavery and slave trade in early medieval British Isles Scandinavia and Slavic lands it is still difficult to find material traces of this reality other than the hundreds of thousands of Islamic coins paid in exchange for the northern European slaves This volume offers the first structured reflection on how to bridge this gap It reviews the types of material evidence that can be associated with the institution of slavery and the slave trade in early medieval northern Europe from individual objects such as e g shackles to more comprehensive landscape approaches The book is divided into four sections The first presents the analytical tools developed in Africa and prehistoric Europe to identify and describe social phenomena associated with slavery and the slave trade The following three sections review the three main cultural zones of early medieval northern Europe the British Isles Scandinavia and Slavic central Europe The contributions offer methodological reflections on the concept of the archaeology of slavery They emphasize that the material record by its nature admits multiple interpretations More broadly this book comes at a time when the history of slavery is being integrated into academic syllabi in most western countries The collection of studies contributes to a more nuanced perspective on this important and controversial topic This volume appeals to multiple audiences interested in comparative and global studies of slavery and will constitute the point of reference for future debates
