DRC has committed to reduce its emissions effectively efficiently and equitably from deforestation and degradation REDD The country experiences complex relationships between drivers agents and institutions of deforestation nationally The REDD policy arena is influenced by both governmental and non governmental actors whose number have increased in the policy arena over the years however weak coordination among these actors remains an issue Since 2009 the DRC has announced several reforms relating to land tenure land use planning and agricultural policy to create an institutional environment that motivates the implementation of REDD in the DRC By 2019 none of these reforms had materialized due to both political changes and a lack of finance capacity and political will Between 2013 and 2019 little progress has been made on REDD in the DRC as a result of conflicting interests among actors both at national and decentralized levels information asymmetry elite capture and corruption and the pre and post election situation To date the effectiveness of REDD activities in the DRC remain unclear due to the absence of rigorous impact assessment However efforts can be observed on the field where there is increased number of participants to forest policy process compared to REDD early years and several ongoing projects are testing policy options within and across levels If these efforts are sustained they can contribute in putting in place conditions to achieve REDD objectives *Mine Planning and Equipment Selection 1997* R. Farana,V. Kebo,L. Smutny,V.

Strakos,2020-12-18 Presenting current and emerging technologies in the field of mine planning and equipment this volume also covers control and automation for surface and underground mining A wide range of papers from professionals in Europe South America Africa and Australia are featured Islamic Capital Markets Kabir Hassan,Michael Mahlknecht,2011-04-04 Islamic Finance has experienced rapid growth in recent years showing significant innovation and sophistication and producing a broad range of investment products which are not limited to the complete replication of conventional fixed income instruments derivatives and fund structures Islamic Finance represents an elemental departure from traditional interest based and speculative practices relying instead on real economic transactions such as trade investment based on profit sharing and other solidary ways of doing business and aims to incorporate Islamic principles such as social justice ecology and kindness to create investment products and financial markets which are both ethical and sustainable Products created according to Islamic principles have shown a low correlation to other market segments and are relatively independent even from market turbulences like the subprime crisis Therefore they have become increasingly popular with secular Muslims and non Muslim investors as highly useful alternative investments for the diversification of portfolios In Islamic Capital Markets Products and Strategies international experts on Islamic Finance and Sharia a Law focus on the most imminent issues surrounding the evolution of Islamic capital markets and the development of Sharia a compliant products The book is separated into four parts covering General concepts and legal issues including Rahn concepts in Saudi Arabia the Sharia a process in product development and the integration of social responsibility in financial communities Global Islamic capital market trends such as the evolution of Takaful products and the past present and future of Islamic derivatives

National and regional experiences from the world's largest Islamic financial market Malaysia to Islamic finance in other countries including Germany France and the US Learning from Islamic finance after the global financial crisis analysis of the risks and strengths of Islamic capital markets compared to the conventional system financial engineering from an Islamic perspective Sharia a compliant equity investments and Islamic microfinance Islamic Capital Markets Products and Strategies is the complete investors guide to Islamic finance *Communication Technology Update and Fundamentals* August E. Grant, 2014-08-07 A classic now in its 14th edition *Communication Technology Update and Fundamentals* is the single best resource for students and professionals looking to brush up on how these technologies have developed grown and converged as well as what's in store for the future It begins by developing the communication technology framework the history ecosystem and structure then delves into each type of technology including everything from mass media to computers and consumer electronics to networking technologies Each chapter is written by faculty and industry experts who provide snapshots of the state of each individual field altogether providing a broad overview of the role communication technologies play in our everyday lives Key features Gives students and professionals the latest information in all areas of communication technology The companion website offers updated information and useful links to related industry resources and an instructor site provides a sample syllabus and a test bank This edition features new chapters on automotive telematics digital health and telepresence as well as expanded coverage of tablets phablets and 4K ultra high definition television

Mathematics for Economics and Finance Michael Harrison, Patrick Waldron, 2011-03-31 The aim of this book is to bring students of economics and finance who have only an introductory background in mathematics up to a quite advanced level in the subject thus preparing them for the core mathematical demands of econometrics economic theory quantitative finance and mathematical economics which they are likely to encounter in their final year courses and beyond The level of the book will also be useful for those embarking on the first year of their graduate studies in Business Economics or Finance The book also serves as an introduction to quantitative economics and finance for mathematics students at undergraduate level and above In recent years mathematics graduates have been increasingly expected to have skills in practical subjects such as economics and finance just as economics graduates have been expected to have an increasingly strong grounding in mathematics The authors avoid the pitfalls of many texts that become too theoretical The use of mathematical methods in the real world is never lost sight of and quantitative analysis is brought to bear on a variety of topics including foreign exchange rates and other macro level issues Energy Law Eighty-Eight International Bar Association Staff, 1988-09-01 Proceedings from an advanced seminar on petroleum minerals and energy resources law held in Sydney Australia in March 1988 Comprises papers that explore oil trading international trade government intervention bankruptcy financing coal supply exploration incentives the future No index Annotation copyrighted by Book News Inc Portland OR *Structures & Architecture* Paulo J. da Sousa Cruz, 2010-07-02 Although Architecture and Structural Engineering have both had their own

historical development their interaction has led to many fascinating and delightful structures over time To bring this interaction to a higher level there is the need to stimulate the inventive and creative design of architectural structures and to persuade architects and s

Kickstart Blockchain and Cryptography Fundamentals: Navigate the Intricacies of Modern Blockchain, Cryptography, Smart Contracts and Hyperledger for Driving Real-World Transformations
