What Art Is Arthur C Danto:

The Abuse of Beauty Arthur C. Danto, 2003 Leading art critic and philosopher Arthur Danto here explains how the anti beauty revolution was hatched and how the modernist avant garde dislodged beauty from its throne Danto argues not only that the modernists were right to deny that beauty is vital to art but also that beauty is essential to human life and need not always be excluded from art

After the End of Art Arthur C. Danto, 2021-06-08 The classic and provocative account of how art changed irrevocably with pop art and why traditional aesthetics can't make sense of contemporary art A classic of art criticism and philosophy After the End of Art continues to generate heated debate for its radical and famous assertion that art ended in the 1960s Arthur Danto a philosopher who was also one of the leading art critics of his time argues that traditional notions of aesthetics no longer apply to contemporary art and that we need a philosophy of art criticism that can deal with perhaps the most perplexing feature of current art that everything is possible An insightful and entertaining exploration of art's most important aesthetic and philosophical issues conducted by an acute observer of contemporary art After the End of Art argues that with the eclipse of abstract expressionism art deviated irrevocably from the narrative course that Vasari helped define for it in the Renaissance Moreover Danto makes the case for a new type of criticism that can help us understand art in a posthistorical age where for example an artist can produce a work in the style of Rembrandt to create a visual pun and where traditional theories cannot explain the difference between Andy Warhol's Brillo Box and the product found in the grocery store After the End of Art addresses art history pop art people's art the future role of museums and the critical contributions of Clement Greenberg whose aesthetics based criticism helped a previous generation make sense of modernism Tracing art history from a mimetic tradition the idea that art was a progressively more adequate representation of reality through the modern era of manifestos when art was defined by the artist's philosophy Danto shows that it wasn't until the invention of pop art that the historical understanding of the means and ends of art was nullified Even modernist art which tried to break with the past by questioning the ways in which art was produced hinged on a narrative

Action, Art, History Daniel Herwitz, Michael Kelly, 2007-03-06 Arthur C Danto is unique among philosophers for the breadth of his philosophical mind his eloquent writing style and the generous spirit embodied in all his work Any collection of essays on his philosophy has to engage him on all these levels because this is how he has always engaged the world as a philosopher and person In this volume renowned philosophers and art historians revisit Danto's theories of art action and history and the depth of his innovation as a philosopher of culture Essays explore the importance of Danto's philosophy and criticism for the contemporary art world along with his theories of perception action historical knowledge and most importantly for Danto himself the conceptual connections among these topics Danto himself continues the conversation by adding his own commentary to each essay extending the debate with characteristic insight graciousness and wit Contributors include Frank Ankersmit Hans Belting Stanley Cavell Donald Davidson Lydia Goehr Gregg Horowitz Philip Kitcher Daniel Immerwahr

Daniel Herwitz and Michael Kelly testifying to the far reaching effects of Danto's thought Danto brought to philosophy the artist's unfettered imagination and his ideas about postmodern culture are virtual road maps of the present art world This volume pays tribute to both Danto's brilliant capacity to move between philosophy and contemporary culture and his pathbreaking achievements in philosophy art history and art criticism

What Art Is Arthur C. Danto, 2013-03-19 DIV What is it to be a work of art Renowned author and critic Arthur C Danto addresses this fundamental complex question Part philosophical monograph and part memoiristic meditation What Art Is challenges the popular interpretation that art is an indefinable concept instead bringing to light the properties that constitute universal meaning Danto argues that despite varied approaches a work of art is always defined by two essential criteria meaning and embodiment as well as one additional criterion contributed by the viewer interpretation Danto crafts his argument in an accessible manner that engages with both philosophy and art across genres and eras beginning with Plato's definition of art in *The Republic* and continuing through the progress of art as a series of discoveries including such innovations as perspective chiaroscuro and physiognomy Danto concludes with a fascinating discussion of Andy Warhol's famous shipping cartons which are visually indistinguishable from the everyday objects they represent Throughout Danto considers the contributions of philosophers including Descartes Kant and Hegel and artists from Michelangelo and Poussin to Duchamp and Warhol in this far reaching examination of the interconnectivity and universality of aesthetic production div

The Death of Art Arthur C. Danto, 1984 The lead essay by Arthur Danto addresses the possibility that art as it has been enshrined in the museums galleries and other canonizing institutions of modern culture has reached an end that it has nothing more to do or say The other essays in the book are reactions to the lead essay

The Transfiguration of the Commonplace Arthur C. Danto, 1981 Danto argues that recent developments in art in particular the production of works that cannot be told from ordinary things make urgent the need for a new theory of art He demonstrates the relationship between philosophy and art and the connections that hold between art social institutions and art history
