**What's Cooking in Guyana**, 1994 **Ethnic American Food Today: A Cultural Encyclopedia** Lucy M. Long, 2015-07-17 Ethnic American Food Today introduces readers to the myriad ethnic food cultures in the U.S. today. Entries are organized alphabetically by nation and present the background and history of each food culture along with explorations of the place of that food in mainstream American society today. Many of the entries draw upon ethnographic research and personal experience, giving insights into the meanings of various ethnic food traditions as well as into what, how, and why people of different ethnicities are actually eating today. The entries look at foodways, the network of activities surrounding food itself as well as the beliefs and aesthetics surrounding that food and the changes that have occurred over time and place. They also address stereotypes of that food culture and the culture's influence on American eating habits and menus, describing foodways practices in both private and public contexts such as restaurants, groceries, social organizations, and the contemporary world of culinary arts. Recipes of representative or iconic dishes are included. This timely two-volume encyclopedia addresses the complexity and richness of both ethnicity and food in America today.

**Books for Cooks** Marguerite Patten, 1975 **Food Cultures of the World Encyclopedia** Ken Albala, 2011-05-25 This comprehensive reference work introduces food culture from more than 150 countries and cultures around the world, including some from remote and unexpected peoples and places. From babka to baklava to the groundnut stew of Ghana, food culture can tell us where we've been and maybe even where we're going. Filled with succinct yet highly informative entries, the four-volume Food Cultures of the World Encyclopedia covers all of the planet's nation-states as well as various tribes and marginalized peoples. Thus, in addition to coverage on countries as disparate as France, Ethiopia, and Tibet, there are also entries on Roma Gypsies, the Maori of New Zealand, and the Saami of northern Europe. There is even a section on food in outer space, detailing how and what astronauts eat and how they prepare for space travel as far as diet and nutrition are concerned. Each entry offers information about foodstuffs, meals, cooking methods, recipes, eating out, holidays, and celebrations, and health and diet. Vignettes help readers better understand other cultures, while the inclusion of selected recipes lets them recreate dishes from other lands.
