Mystical Moments and Unitive Thinking Dan Merkur, 1999-02-11 Merkur proposes an alternative to the traditional psychoanalytic explanation of mystical experiences as regression to the solipsism of earliest infancy He does this by viewing unitive thinking as a line of cognitive development and mystical moments as creative inspirations on unitive topics Utilizing classical self reports by Christian Jewish and Muslim mystics Patanjali's Yoga Sutras and modern Western peak experiences Merkur argues that experiences of mystical union are manifestations of a broader category of psychological processes that manifest in scientific and moral thought as well as in mysticism Unconscious as well as

conscious unitive thinking is sometimes realistic and sometimes fantastic in patterns that are consistent with cognitive development in general. Mystical moments of unitive thinking may be considered moments of creative inspiration that happen to make use of unitive ideas. Building on the psychoanalytic object relations theory that the self is always in relationship with an object, Merkur argues that the solipsism of some varieties of mystical union always implies unconscious ideas of a love object who is transcendent.

Jesus Is the Way, Truth, Life Michael Pietrzyk, 2020-08-19 If you cannot comfortably say with confidence that Jesus died for your sins and opens the door of salvation for you or that you deny Jesus then this book is for you. So many Christians take Jesus for granted and so many people do not understand His torment and the suffering He endured for us. We began a spiritual journey when we enter this world. We have a natural body and a world full of responsibilities to challenge us on our journey. We are influenced by many outside sources and personal interactions with our family members and friends. Ultimately we make the most important decision of our life: Do we believe in God and accept Jesus as our Savior or do we reject God and accept atheism? When you analyze the facts of the life of Jesus, his loving teachings, his horrible suffering death, and miraculous resurrection, you come to understand He did it for you. Jesus is the Way, the Truth, and the Life. His teaching brings light into your life. Jesus is the gateway to eternal happiness when we leave this world. Atheism, with its evil influence, wants to drag you down and have you reject God. Atheists are in total denial about God. Jesus' supernatural experiences, something from nothing, and the wisdom in the formation of this universe and mankind. Atheists want you to believe you will simply rot in the ground and accept life with no future hope. If you are an atheist, don't laugh at this thought and concern. As a Christian, I care for you and your soul. That is certainly more than what the atheistic thinking has in mind for you. Atheism, under the influence of Satan, offers you nothing but the doorway to eternal conscious separation from God. This book is a direct challenge to the thoughts and beliefs of the atheist. I wrote this book with the hope it just might stir the mind of a non-believer. Then believing the Holy Spirit will do the rest.

A Simple Guide to Experience Miracles J. P. Moreland, 2021-11-16 Does God still do miracles today? A Simple Guide to Experience Miracles will give you confidence in and awareness of the supernatural realm as you learn how to flourish spiritually by experiencing more miraculous interventions in your life and ministry. Internationally renowned philosopher J. P. Moreland looks at the nature of miracles and explains why bearing and receiving credible testimony to God's miraculous acts is a crucial feature of a mature Jesus follower. He also shows how to distinguish a real miracle from a mere coincidence. Miracles bring comfort to believers, strengthening faith in God and creating boldness in our lives. While miraculous healings have occurred frequently throughout church history, Moreland provides data showing how the last fifty years have seen a massive outbreak of miracles and supernatural activity. Today he argues the church should humbly expect to see more of these miraculous works of God than we do. Moreland looks at topics like the relationship between sickness and suffering along with two different ways to pray for healing. How to discern clearly the difference between a genuine miracle and a mere coincidence. How to increase

your faith that petitionary prayer really works and what to make of unanswered prayer Six ways God speaks to us and advice for hearing God wisely and biblically The role angels play in our lives how they appear to us and how to combat demonic influence The biblical basis for most Near Death Experiences and what we can learn from them A Simple Guide to Experience Miracles increases your expectation and hope that God can and often does miraculously intervene to bring help and comfort Moreland shows that it makes rational sense to step out and engage in employing Kingdom power and to strengthen courage to witness and act on behalf of the gospel of Jesus Filled with inspiring credible motivating accounts of miracles he covers five different kinds of supernatural activities and provides practical wisdom about how to begin practices such as healing prayer and learning to deal with the demonic

Miracles Today Craig S. Keener, 2021-10-19 Do miracles still happen today This book demonstrates that miraculous works of God which have been part of the experience of the church around the world since Christianity began continue into the present Leading New Testament scholar Craig Keener addresses common questions about miracles and provides compelling reasons to believe in them today including many accounts that offer evidence of verifiable miracles This book gives an accessible and concise overview of one of Keener's most significant research topics His earlier two volume work on miracles stands as the definitive word on the topic but its size and scope are daunting to many readers This new book summarizes Keener's basic argument but contains substantial new material including new accounts of the miraculous It is suitable as a textbook but also accessible to church leaders and laypeople
