Wild Hearts:

Wild Hearts Omega Jean. K. Hart, 2023-05-29 Shiloh wasn't a typical omega. He liked his boots tall, his shirts short, and his Alpha's big and bad. He gives just as good as he takes, and he could ride a cowboy like a devil. Working at the pleasure house in Wolf's Canyon, Shiloh was content with his life in the town of Westminster that's until he finally met his match. Michael Cox was a stone-cold killer, a ruthless bounty hunter with a wiry grin, smoking hot body and legs that would make even a bull shudder. Shiloh knew he was in for the ride of his life when Michael came to his bed. It ends just as quickly as it starts, and Michael Cox disappears like doused smoke from a fire. Good riddance. Even though Shiloh's heart had beaten out of his chest at the mere sight of the black leather-clad Alpha with his wicked guns and dimpled grin, Michael Cox was the sweetest sin. In the South, we take our whiskey neat and our scars with a dose of pride. Shiloh was getting on just fine without him until he was taken in the middle of the night by Michael's sworn enemies. Can Shiloh survive? Or will Michael have to unleash the animal inside him to get his Omega back? Warning: this is an M/M cowboy shifter gay romance that deals with mature themes such as discussions of assault and violence. Please be advised. *The Heart of the Wild* Joel Berger, Susan Clayton, 2024-08-13 How do we keep a love of nature and the wild alive in our increasingly human-dominated world? According to the scientists and writers in this book, doing so is of paramount significance; however, the answer is not necessarily blanket preservation of wild places, which is increasingly unrealistic. Rather, the answer to how to care for nature is more nuanced and often entails acceptance of a broader definition of wild, as well as what it means to experience nature. This book will be divided into two parts. In the first part, authors will explore and complicate what wildness means. For example, science writer Emma Marris argues that spontaneous vegetation and free-roaming animals in cities actually possess more autonomy than the wolves or pines of Yellowstone. Biologist Jonathan Losos asks whether invasive species are necessarily detrimental and may even play a role in restoring ecosystems, and psychologist Susan Clayton discusses new ways of experiencing nature, particularly via technology and what the benefits and limitations may be. In the second half of the book, essays will reflect on the roles of naturalism, natural history, and nature education in helping us connect with wild species and landscapes at a time when many of those connections have frayed or even lost altogether. Getting to happily ever after? That's way more complicated. All I needed was time alone. Time to regroup after leaving the military. Time to fix my

family issues And my cabin provided all the solitude I could handle Until she showed up Luna is my unreasonably sexy new next door neighbor She s everything I m not sweet sunny and an emotional open book She s also a distraction I don t need Especially when she s naked in the hot tub Helping her hang her Christmas lights was probably a mistake So was letting her try her hand at renovating my cabin Because the more time I spend with her the more I want And she has an entire life waiting for her in Florida I know we can never be more than a fling The only question I have now is if I ll be strong enough to let her go when the time comes All My Heart book 5 in the Calloway series is a spicy grumpy sunshine forced proximity holiday contemporary romance novel can be read as a standalone Download today and get ready to fall for Luna and Axel

She's gorgeous, charismatic, and always gets what she wants. By some miracle, what she wants is me. Working closely together, I find myself falling for her. Dylan wants me to break me out of my shell and thrust me more in the public eye. But I have a secret. One I've kept hidden for years that could change everything. Keeping it buried could fumble our happy ending, but how can I trust her with my truth and my heart? Praise for Perfect for You. Dylan Reid are HOT. I LOVED everything about this book. Perfect for you is what romance-lover dreams are made of. I've been hooked on this series since the first book, and with each one, it gets better and better. Britt the Hatters. It was just perfect. I was hooked from start to finish, and this whole series has some magic over it because all the books so far are just such emotional but also really beautiful reads. My Book Diary. Dylan and Reid's story will have you glued to every word. Theresa. I am completely head over hills for this series. All of the characters are unique and have their own issues that lead them to big beautiful love. Lea Coll is an amazing romance writer. Her stories are beautiful and heartfelt. Moonshines Corner. Loved every page of Reid and Dylan's story. Their story was beautifully written and heartfelt. Stacie Goodreads Reviewer. For fans of Melanie Harlow. **Somebody to Love**. Lea Coll, 2023-10-10. Don't sleep with your best friend's brother. My best friend Gia has a rule for her employees and her friends: No dating her brothers. But Leo Giovanni is the guy I'd secretly crushed on since high school, who also happens to be my best friend's brother. Leo has always had a special relationship with my daughter, but when he starts coming around more, taking us out on dates, building Evie a playhouse, and whispering sweet Italian words to me, I find myself lowering the walls I'd erected around my heart. He says all the right words and has made it clear he wants both Evie and me, knowing we come as a packaged deal. The only problem is he wants to keep our relationship a secret. We both have a lot on the line if this goes south, but I refuse to be anybody's dirty little secret. How can we make a relationship last when everything is so stacked against us?

Feel My Love. Lea Coll, 2023-02-14. As a wedding photographer, I get to witness the magic, the romance, and the fairy tale without getting close enough for it to ever sting me again. Until Nick. I broke my number one rule and slept with the best man. How could I resist his sexy good looks and the seductive offer of one night with no strings attached? Except he broke the rules by asking me to stay. So I left without leaving a note, or my number. Sure, I'd never see him again. Until he moves to the same town to take care of his nephew after his dead beat dad goes to jail. Suddenly, he's everywhere: the town's harvest festival, playing arcade games at the pizzeria, and coaching my son's baseball team. The worst part? I can't get him off my mind. But I won't allow myself to fall in love again. Instead, I make a new offer: friends with benefits. It's the perfect solution. Until I realize he wants more. **Give Me a Reason**. Lea Coll, 2023-08-08. Don't sleep with your best friend's brother. Finn Evans is such a cynic. How can he not believe in love and marriage but still be a musician for weddings? I may be a hopeless romantic, but at

least I believe in love which makes being a wedding planner at Happily Ever Afters a dream job for me Finn and I clash about everything except our undeniable attraction to each other After one brief encounter on a hotel rooftop we agree to a no strings attached fling But with each day that passes I fall more in love with him and his little girl Paisley The only problem is our boss has a rule No sleeping with coworkers or wedding guests As the newest wedding planner I can't afford to lose my job and unlike Finn I don't have a trust fund to fall back on Not to mention Finn's sister Ireland is my best friend roommate and fellow coworker But when Ireland catches us together at a wedding everything comes crashing down Not only am I about to lose my job and my home but I may just lose my chance at a forever kind of love *Lost without You* Lea
