Taking as its point of departure the lapse of the Licensing Act 1662 in 1695 this book examines the lead up to the passage of the Statute of Anne 1709 and charts the movement of copyright law throughout the eighteenth century culminating in the House of Lords decision in *Donaldson v Becket* 1774 The established reading of copyright s development throughout this period from the 1709 Act to the pronouncement in *Donaldson* is that it was transformed from a publisher s right to an author s right that is legislation initially designed to regulate the marketplace of the bookseller and publisher evolved into an instrument that functioned to recognise the proprietary inevitability of an author s intellectual labours The historical narrative which unfolds within this book presents a challenge to that accepted orthodoxy The traditional analysis of the development of copyright in eighteenth century Britain is revealed as exhibiting the character of long standing myth and the centrality of the modern proprietary author as the *raison d tre* of the copyright regime is displaced Concise Dictionary of Popular Culture Marcel Danesi,2016-12-15 The Concise Dictionary of Popular Culture covers the theories media forms fads celebrities and icons genres and terms of popular culture From Afropop and Anime to Oprah Winfrey and the X Files the book provides more than just accessible definitions Each of the more than 800 entries is cross referenced with other entries to highlight points of connection a thematic index allows readers to see common elements between disparate ideas and more than 70 black and white photos bring entries to life

**Climate Crisis and the 21st-Century British Novel** Astrid Bracke,2017-11-02 This book is available as open access through the Bloomsbury Open Access programme and is available on [www.bloomsburycollections.com](http://www.bloomsburycollections.com) The challenge of rapid climate change is forcing us to rethink traditional attitudes to nature This book is the first study to chart these changing attitudes in 21st century British fiction *Climate Crisis and the 21st Century British Novel* examines twelve works that reflect growing cultural awareness of climate crisis and participate in the reshaping of the stories that surround it Central to this renegotiation are four narratives environmental collapse pastoral urban and polar Bringing ecocriticism into dialogue with narratology and a new body of contemporary writing Astrid Bracke explores a wide range of

texts from Zadie Smith's NW through Sarah Hall's The Carhullan Army and David Mitchell's Cloud Atlas to the work of a new generation of novelists such as Melissa Harrison and Ross Raisin. As the book shows, post-millennial fictions provide the imaginative space in which to rethink the stories we tell about ourselves and the natural world in a time of crisis. **The Sanity of Insanity** Paul Brody, 2014-01-23. Writers are complicated beasts with troubled minds. Genius doesn't come without consequences, and the authors profiled in this book show that the minds behind some literature's greatest works were no exception to this rule. The following authors are profiled in this book: P. L. Travers, Emily Dickinson, A. A. Milne, The Brontë Sisters and Charles Bukowski. This is a collection; each author may also be purchased separately. **Zoos and Tourism**

Warwick Frost, 2011. Zoos are important and popular tourist attractions. Spread around the world, they are typically located in major cities with visitation levels comparable to other major attractions. Nature-based attractions constructed in artificial settings face the challenge of trying to balance potentially conflicting aims of conservation, education and entertainment. The best are continually developing fresh and effective techniques on visitor interpretation and management; the worst highlight the manipulation of animals for human gratification. Taking a global approach, this book examines the problems and paradoxes of zoos as they try to balance their roles as visitor attractions while repositioning themselves as leading conservation agencies. This book provides a detailed and critical examination of the conflicting roles and identities of the modern zoo from a tourism perspective and, as such, reminds us that zoos are as much about the people who visit them as about the animals that they display. At a time when they are under continual critical scrutiny, this book delivers a fresh approach to our understanding and appreciation of zoos and of the challenges and opportunities that they face as they strive to remain relevant within modern society. Andrew Tribe, University of Queensland, Australia. *The Picnic* Walter

Levy, 2013-11-26 Picnics are happy occasions and have always been a diversion from every day cares We think of the picnic as an outdoor meal set on a blanket usually in the middle of the day featuring a hamper filled with tasty morsels and perhaps a bottle of wine but historically picnics came in many forms served any time of the day This first culinary history reveals rustic outdoor dining in its more familiar and unusual forms the history of the word itself the cultural context of picnics and who arranged them and most important the gastronomic appeal Drawing on various media and literature painting music and even sculpture Walter Levy provides an engaging and enlightening history of the picnic *Ethics and Children's Literature*

Claudia Mills, 2016-05-13 Exploring the ethical questions posed by in and about children s literature this collection examines the way texts intended for children raise questions of value depict the moral development of their characters and call into attention shared moral presuppositions The essays in Part I look at various past attempts at conveying moral messages to children and interrogate their underlying assumptions What visions of childhood were conveyed by explicit attempts to cultivate specific virtues in children What unstated cultural assumptions were expressed by growing resistance to didacticism How should we prepare children to respond to racism in their books and in their society Part II takes up the ethical orientations of various classic and contemporary texts including prosaic ethics in the Hundred Acre Wood moral discernment in Narnia ethical recognition in the distant worlds traversed by L Engle and virtuous transgression in recent Anglo American children s literature and in the emerging children s literature of 1960s Taiwan Part III s essays engage in ethical criticism of arguably problematic messages about our relationship to nonhuman animals about war and about prejudice The final section considers how we respond to children s literature with ethically focused essays exploring a range of ways in which child readers and adult authorities react to children s literature Even as children s literature has evolved in opposition to its origins in didactic Sunday school tracts and moralizing fables authors parents librarians and scholars remain sensitive to the values conveyed to children through the texts they choose to share with them **A Curious Invitation**

Suzette Field, 2012-10-11 Since ancient times human beings have gathered together for social purposes And since not very long after that writers have written about these occasions The party is a useful literary device not only for social comment and satire but as an occasion where characters can meet fall in love fall out or even get murdered A Curious Invitation features forty of the greatest fictional festivities Some of these parties are depictions of real events like the Duchess of Richmond s Ball on the eve of battle with Napoleon in Thackeray s Vanity Fair others draw on the author s experience of the society they lived in such as Lady Metroland s party in Evelyn Waugh s Vile Bodies while yet others come straight from the writer s bizarre imagination like Douglas Adams flying party above an unknown planet from The Hitchhiker s Guide to the Galaxy Suzette Field offers you the chance to gatecrash these parties spanning most of the history of human civilization seen through the eyes of the world s greatest writers Kinder- und Jugendliteratur 1933-1945
