Standard & Poor's Security Dealers of North America Standard and Poor's Corporation, 1982 **Shareholders and Stakeholders** Joanne F Sonin, 2023-09-07 This book explores the evolution of the shareholder in post war Britain within the context of changing legal political economic and social conditions It examines how the post war transformation of the shareholder body influenced relationships amongst stakeholders impacting corporate behaviour and the legal and political efforts to govern industry and financial markets The book addresses a number of themes including 1 how the movements for democratisation influenced the treatment of shareholder interests and the calls for stakeholder representation 2 how the rhetoric of change created a narrative that deflected from the lack of systemic legal reforms and protected the status quo 3 how in the post war consensus environment political positions on equity ownership de radicalised which proved unsustainable against a background of increasing political polarisation and industrial unrest and 4 how the

institutionalisation of the post war shareholder body had profound effects on industry the financial markets and the economy With these themes as a foundation the evolutionary arch of the post war shareholder is examined focusing on developments that influenced the treatment and perception of shareholder and stakeholder interests including nationalisations shareholder democracy corporate purpose and industrial democracy The book further considers how these post war changes contribute to the post 1979 legal treatment of shareholder and stakeholder interests including subsequent changes to the Companies Act and the development of corporate governance codes Parallels to contemporary movements for stakeholder capitalism corporate purpose and ESG are drawn The historical analysis of the post war shareholder provides a framework for considering current questions on shareholder primacy and the demands for systemic legal reforms These missed opportunities for meaningful changes to the treatment of shareholder interests in UK company law serve as useful precedents for evaluating subsequent periods
