**Beyond Bombshells**

Jeffrey A. Brown, 2015-09-09 *Beyond Bombshells* analyzes the cultural importance of strong women in a variety of current media forms. Action heroines are now more popular in movies, comic books, television, and literature than they have ever been. Their spectacular presence represents shifting ideas about female agency, power, and sexuality. *Beyond Bombshells* explores how action heroines reveal and reconfigure perceptions about how and why women are capable of physically dominating roles in modern fiction, indicating the various strategies used to contain and/or exploit female violence. Focusing on a range of successful and controversial recent heroines in the mass media, including Katniss Everdeen from *The Hunger Games* books and movies, Lisbeth Salander from *The Girl with the Dragon Tattoo* novels and films, and Hit Girl from the *Kick Ass* movies and comic books, Jeffrey A. Brown argues that the role of action heroine reveals evolving beliefs about femininity. While women in action roles are still heavily sexualized and objectified, they also challenge preconceived myths about normal or culturally appropriate gender behavior. The ascribed sexuality of modern heroines remains Brown's consistent theme, particularly how objectification intersects with issues of racial stereotyping, romantic fantasies, images of violent adolescent and preadolescent girls, and neoliberal feminist revolutionary parables. Individual chapters study the gendered dynamics of torture in action films, the role of women in partnerships with male colleagues, young women as well as revolutionary leaders in dystopic societies, adolescent sexuality and romance in action narratives, the historical import of nonwhite heroines, and how modern African American, Asian, and Latina heroines both challenge and are restricted by longstanding racial stereotypes.

Television Introductions Vincent Terrace, 2013-11-07 Since the beginning of network television, many shows have been preceded by an announcement or theme song that served various purposes. In the 1950s and 60s, it was common for announcers to declare that a program had been brought to you by a sponsor who paid for the privilege of introducing a show. Other programs, such as *The Twilight Zone*, *Star Trek*, and *The Odd Couple*, provided a brief encapsulation of the show's subject matter, a practice that has continued for recent shows like *Alias*, *Battlestar Galactica*, *Person of Interest*, and the various editions of *Law Order*. In *Television Introductions: Narrated TV Program Openings since 1949*, Vincent Terrace has assembled openings for more than nine hundred television shows from the past seven decades. The only documented history of narrated television program introductions, this volume is arranged by type of programming, such as comedy, drama, Western, game show, soap opera, and children's show. In addition to quoting the opening material, entries provide information about each show's network history and years of broadcast. Many entries include descriptions of the show, the names of announcers, and a list of main cast members, as well as a sponsor pitch, exactly as spoken. Openings for programs with multiple introductions, like *The Adventures of Ozzie and Harriet* and *Charlie's Angels*, are also included. For programs that featured new guest stars every episode, such as game shows and variety programs, Terrace has selected a representative introduction. In addition to the theme song credits found in the main text, there are also appendixes of theme songs and their composers and/or singers, as well as a listing of commercial releases on DVD, VHS, CD, and LP of shows and their soundtracks. A

comprehensive resource for researchers and pop culture aficionados alike *Television Introductions* provides a fascinating look at this neglected part of TV history

*Brill's Companion to Ancient Greek and Roman Warfare on Film*, 2023-12-18 Brill's Companion to Ancient Greek and Roman Warfare on Film is the first volume exclusively dedicated to the study of a theme that informs virtually every reimagining of the classical world on the big screen armed conflict Through a vast array of case studies from the silent era to recent years the collection traces cinema's enduring fascination with battles and violence in antiquity and explores the reasons both synchronic and diachronic for the central place that war occupies in celluloid Greece and Rome Situating films in their artistic economic and sociopolitical context the essays cast light on the industrial mechanisms through which the ancient battlefield is refashioned in cinema and investigate why the medium adopts a revisionist approach to textual and visual sources

*Dangerous Curves* Jeffrey A. Brown, 2011-04-18 *Dangerous Curves* Action Heroines Gender Fetishism and Popular Culture addresses the conflicted meanings associated with the figure of the action heroine as she has evolved in various media forms since the late 1980s Jeffrey A Brown discusses this immensely popular character type the action heroine as an example of and challenge to existing theories about gender as a performance identity Her assumption of heroic masculine traits combined with her sexualized physical depiction demonstrates the ambiguous nature of traditional gender expectations and indicates a growing awareness of more aggressive and violent roles for women The excessive sexual fetishization of action heroines is a central theme throughout The topic is analyzed as an insight into the transgressive image of the dominatrix as a reflection of the shift in popular feminism from second wave politics to third wave and postfeminist pleasures and as a form of patriarchal backlash that facilitates a masculine fantasy of controlling strong female characters Brown interprets the action heroine as a representation of changing gender dynamics that balances the sexual objectification of women with progressive models of female strength While the primary focus of this study is the action heroine as represented in Hollywood film and television the book also includes the action heroine's emergence in contemporary popular literature comic books cartoons and video games

**Prehistoric Humans in Film and Television** Michael Klossner, 2015-01-09 From the early days of the movies cavemen have been a popular subject for filmmakers not surprisingly since the birth of cinema occurred only a few decades after the earliest scientific studies of prehistoric man Filmmakers however were not constrained by the emerging science instead they most often took a comedic look at prehistory a trend that continued throughout the 20th century Prehistoric humans also populated adventure fantasy films with the original *One Million B.C.* 1940 leading the charge Documentaries were also made but it was not until the 1970s that accurate film accounts of prehistoric humans finally emerged This exhaustive work provides detailed accounts of 581 film and television productions that feature depictions of human prehistory Included are dramas and comedies set in human prehistory documentaries and films and television shows in which prehistoric people somehow exist in historical periods from the advent of civilization up to the present or in extraterrestrial settings Each entry includes full filmographic data including

year of release running time production personnel cast information and format A description of each film provides background on the prehistoric elements Contemporary critical commentary is included for many of the works **Science Fiction Television Series, 1990-2004** Frank Garcia, Mark Phillips, 2013-09-27 This is a detailed examination of 58 science fiction television series produced between 1990 and 2004 from the popular The X Files to the many worlds of Star Trek The Next Generation onward as well as Andromeda Babylon 5 Firefly Quantum Leap Stargate Atlantis and SG I among others A chapter on each series includes essential production information a history of the series critical commentary and amusing often provocative interviews with overall more than 150 of the creators actors writers and directors The book also offers updates on each series regular cast members along with several photographs and a bibliography Fully indexed **Mental Floss The Curious Viewer** Jennifer M. Wood, The Team at Mental Floss, 2021-10-19 Subtitle from remote control graphic on cover *TV antiquity* Sylvie Magerstädt, 2019-03-14 TV antiquity explores representations of ancient Greece and Rome throughout television history The first comprehensive overview of the swords and sandals genre on the small screen it argues that these shows offer a distinct perspective on the ancient world The book traces the historic development of fictional representations of antiquity from the staged black and white shows of the 1950s and 1960s to the most recent digital spectacles One of its key insights is that the structure of serial television is at times better suited to exploring the complex mythic and historic plots of antiquity Featuring a range of case studies from popular serials like I Claudius 1976 and Rome 2005 8 to lesser known works like The Caesars 1968 and The Eagle of the Ninth 1976 the book illustrates how broader cultural political and economic issues have over time influenced the representation of antiquity on television *Where No Black Woman Has Gone Before* Diana Adesola Mafe, 2018-03-01 A look at African American women in science fiction fantasy and horror A compelling contribution to the scholarship on speculative cinema and television Journal of American Culture When Lieutenant Uhura took her place on the bridge of the Starship Enterprise on Star Trek the actress Nichelle Nichols went where no African American woman had ever gone before Yet several decades passed before many other black women began playing significant roles in speculative i e science fiction fantasy and horror film and television a troubling omission given that these genres offer significant opportunities for reinventing social constructs such as race gender and class Challenging cinema's history of stereotyping or erasing black women onscreen Where No Black Woman Has Gone Before showcases twenty first century examples that portray them as central figures of action and agency Writing for fans as well as scholars Diana Adesola Mafe looks at representations of black womanhood and girlhood in American and British speculative film and television including 28 Days Later AVP Alien vs Predator Children of Men Beasts of the Southern Wild Firefly and Doctor Who Series 3 Each of these has a subversive black female character in its main cast and Mafe draws on critical race postcolonial and gender theories to explore each film and show placing the black female characters at the center of the analysis and demonstrating their agency The first full study of black female characters in speculative film and television

Where No Black Woman Has Gone Before shows why heroines such as Lex in AVP and Zo in Firefly are inspiring a generation of fans just as Uhura did
