There's no evidence that God doesn't exist. God has helped me so much. How could none of it be true? Atheism has killed more people than religion, so it must be wrong. How many times have you heard arguments like these for why God exists? **Why There Is No God Simple Responses to 20 Common Arguments for the Existence of God** provides simple, easy-to-understand counterpoints to the most popular arguments made for the existence of God. Providing historical, conceptual, statistical, and ethnographic data on nonbelievers from Morocco to Egypt, Turkey, and Bangladesh, it explores the unique nature and challenges of nonreligion for Muslims. It includes 11 chapters by experts on nonbelief, nonreligion, and atheism in an array of Muslim majority countries. The book features multiple disciplines and offers both ethnographic and statistical information on this important, growing but neglected population. It explores the unique nature of nonreligion in Islam, illustrating that nonbelief is specific to a particular religious tradition. It also examines how ex-Muslims navigate complexities and dangers of their societies, especially for women, and how nonbelief and nonreligion do not equate to atheism or the total repudiation of religion or of Muslim identity. This book is an outstanding resource for scholars and students of nonbelief, atheism, secularism, religion, and contemporary Islam. Chapters 4 and 5 of this book are freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution-NonCommercial-NoDerivatives (CC BY-NC-ND) 4.0 license. **EVIDENCE THAT YOU ARE TRULY CHRISTIAN** Edward D. Andrews, 2015-10-22 In **EVIDENCE THAT YOU ARE TRULY CHRISTIAN**, readers are invited on a profound journey of self-examination, urged to evaluate their lives against the steadfast measure of Scripture. This introspective exploration is designed to answer one of the most significant questions a believer can face: Am I truly in the faith? Through a meticulous study that spans 15 chapters, the book confronts readers with the challenging and invigorating process of testing and affirming their faith. Beginning with the very foundation of what constitutes true faith, the book takes the reader through an in-depth analysis of the essential elements that make up the Christian life. The journey unveils the intrinsic relationship between God's Word and our faith, assessing beliefs, convictions, and the manifestation of the Spirit's fruit in our lives. The author challenges emotionalism and superficial expressions of belief, guiding readers back to the solid ground of biblical doctrine. In an age where love and Christian conduct are often misunderstood, the book offers a clarifying look at how these cornerstones are biblically defined and practically lived out. With chapters delving into the Christian

mindset the role of good works perseverance through trials and the sincerity of prayer and worship the book is both comprehensive and penetrating It reaffirms the hope of salvation stressing the significance of living out one's faith with fear and trembling Community and fellowship are recognized as the heartbeat of the Christian experience and the book emphasizes the importance of building each other up in the congregation Moreover it calls upon believers to reflect on the genuineness of their walk with God as seen in their consistency evangelistic zeal and unwavering endurance The final assessment chapters bring the reader to a point of culmination where the practicalities of living out learned truths are weighed and the enduring fruits of a genuine relationship with God are celebrated Complete with a bibliography for further study EVIDENCE THAT YOU ARE TRULY CHRISTIAN stands as an essential read for anyone seeking to authentically examine and affirm the reality of their faith It is a spiritual mirror a call to align with the unchanging Word of God and an encouragement to believers to maintain their course with conviction until the very end

The Rise and Fall of Faith Drew Bekius, 2017-07-01 The story of religion in the twenty first century West has been defined in part by the stories of once zealous pastors moving beyond their faith to embrace a life of reason But too often and too quickly ardent believers dismiss such accounts as aberrations and fail to consider the real life implications for those who make this transition Atheists and other skeptics meanwhile struggle to understand what took these individuals so long to make such a journey and why others aren't lining up more quickly to do the same As a result the questions posed by one side inevitably mirror those asked by the other Why do believers trust in God the way they do But what factors lead atheists to dismiss religious beliefs so easily How can believers have faith in the face of known science and history But what allows anyone to be so sure their beliefs are based in reality What would it take for believers to stop believing in God But what would it take for nonbelievers to start to believe Drawing on the author's own story as a former evangelical pastor powerless to stop his turn to atheism The Rise and Fall of Faith touches on these and other questions inviting readers into a long overdue conversation between Christians and atheists While the aim of the book is to initiate this much needed discussion the author encourages all who care about the future of humanity to carry the dialogue forward whether in the evaluation of our own inner thoughts in the assumptions we make about the other side or in how we work together in the pursuit of understanding and common ground as we navigate the world's ever changing and increasingly challenging religious and cultural landscape
