The Ex-Boyfriend Yard Sale Haley McGee, 2021-05-27 THE CHART TOPPING MEMOIR

This memoir is one of the smartest funniest books I've read about love in a long long time RED illuminating METRO Haley McGee is in debt The solution A yard sale of the gifts from her ex boyfriends When it came to pricing she got stuck Surely the ways we invest in our romantic relationships should be reflected in the price But how Is the mixtape from your first love worth more than the vintage typewriter from a philanderer Does sitting on a box cutter wedged between seats on bus when going to see the boyfriend you lost your virginity to increase or decrease the value of the necklace he gave you Do the lies you told the guy who gave you a jewellery box dock its price Should you be compensated for the miserable times or do they render an item worthless Haley decides to gamble on a larger pay out She interviews her exes and enlists the help of a mathematician to create a formula with 87 variables for the cost of love As she wrestles her financial literacy and tackles romantic and professional woes the one that got away reappears with a new proposition Female desire heartbreak and the chance for integrity are held up in this whip smart original and daringly candid memoir As Haley McGee interrogates her romantic triumphs and failures with unflinching detail and hilarity her exquisite proses elevates this all too human conundrum is love worth it **This Just In . .**
