Topic under coverage includes Introduction to Human Resource Management Human Resource planning and Job analysis Selection process Induction Training and Development Performance appraisal exit policy and potential assessment Job evaluation Wage administration Industrial Relations and Human Resource Development

Suggestions reviews comments and observations from the readers are most welcome

Human Resource Management Ronald R. Sims, 2007-01-01 The contributors in this book identify and clearly discuss contemporary and critical issues challenges and opportunities in HRM The book attempts to achieve the delicate balance between basic HRM functions and the new world of HRM Moreover in a dynamic field like HRM a complete look at contemporary HRM issues challenges and opportunities is a must for today's and tomorrow's students and future managers and leaders After all it is important for any book to undertake a current state of the field while also bridging the gap of

traditional HRM activities i.e. issues, challenges and opportunities and the possible future state of the HRM field. An organizing principle for this book is the need to for an integrated HRM system comprised of multiple activities designed to influence organizational and employee behaviors. The book's contributors include some basic theories and models that simultaneously consider how HRM activities like recruitment, selection, reward practices and development activities among others are being impacted by contemporary issues, challenges and opportunities for the field of HRM, particularly HRM functions and professional as they are increasingly expected to play a role in enabling organizational managers and other employees to achieve desired organizational results. Thus the essence of the book is that the collective chapters reflect both a functional orientation built on theory and models but also provide insights into how to translate theory into practice via the establishment of the increasingly critical role HRM procedures, practices and processes play in accomplishing the goals and objectives in contemporary organizations.

Human Resource Management Raj Kumar, 2010-12

Human Resource Management Strategic Analysis Text and Cases has been designed to provide the comprehensive knowledge about the subject. The book combines the operational as well as the strategic aspects of HRM. It presents detailed coverage of the principles and concepts of HRM including its strategic aspects. The text provides logical and analytical application of the concepts. The strategic analysis involves integrative approach of HRM with strategic management. Case studies have been given at the end of each chapter to make subject more practical and analytical.

Salient Features of the book

- Covers all relevant topics of HRM
- Integrates operational HRM with strategic management
- Inspires managerial actions to successfully deal with the challenges and emerging trends in HRM
- Provides holistic view of global HRM
- Simple and readers friendly language
- Invaluable text for the students of MBA, M.Com and other post graduate students who are specializing in HRM
- Useful guide for HR professionals and executives of corporate sector

Fundamentals of Human Resource Management Raymond A. Noe, 2020

Revised edition of *Fundamentals of human resource management* 2018

E-Human Resources Management Teresa Torres-Coronas, Mario Arias-Oliva, 2005-01-01

This book though provides a deep discussion about e HRM issues so the reader can have a thoughtful background about the key role played by those who participate in e HRM activities. A variety of experiences are provided to involve the reader in real problems and thus to help the reader gain an understanding of current and future e HRM challenges. The book also explores the impact of IT on communication effectiveness, the concept of protean career, the integration of handheld computer technology into HR practice, the B2E models and perspectives in organizational development and IT.

Managing Human Resource And Industrial Relations Tapomoy Deb, 2009
