P. does not have the right to apply all of his rights under the Constitution and the Bill of Rights to the state of Michigan, as he did in the case of the First Amendment, because the First Amendment is a federal provision that applies to the federal government. ### **Enhancement of Public**

**Real-estate Assets and Cultural Heritage** Lucia Della Spina, Francesco Calabrò, 2021-01-21 The management of cultural heritage and public real estate assets is one of the most crucial challenges concerning the sustainable use of these resources involving dynamic methods to stimulate preservation development renewal and transmission to future generations of these essential assets. The contributions presented in this book provide a rich and varied panorama of research experiences and innovative tools capable of promoting the reuse of cultural heritage in European cities and cultural landscapes using a circular economy logic as a model of sustainable development. From this point of view cultural capital becomes the driver of a regeneration process on the local urban and metropolitan scales in which the transversal interconnections between the production cycles of the adaptive reuse of the available heritage both in the adaptation and in the management phase configure a circular process of multidimensional production of value. Therefore future territorial redevelopment projects can base their idea strength on an open system of appropriately selected social attractors whose enhancement and use have the objective of triggering widespread regeneration effects on the whole territory of influence receiving inducement and resources to progress

The volume brings together previously unpublished work by the world's most prolific and well-respected social dialectologists as well as by some younger dynamic researchers. Together the authors provide new perspectives on both the traditional areas of sociolinguistic variation and change and the newer fields of dialect formation, dialect diffusion and dialect levelling.
