Honky Dalton Conley:

Honky Dalton Conley,2000-10-11 A coming of age memoir of a white boy growing up in predominantly African American and Latino housing projects on New York s Lower East Side reveals how race and class were pivotal factors in his life

Respekt im Zeitalter der Ungleichheit Richard Sennett,2010-07-01 Manche radikalen Denker glauben man m sse lediglich f r mehr soziale Gerechtigkeit sorgen um auch mehr gegenseitigen Respekt zwischen den Menschen zu wecken Aber ist das überhaupt realistisch Zieht Selbstachtung nicht automatisch mangelnden Respekt gegen ber denjenigen nach sich die im unbarmherzigen sozialen und wirtschaftlichen Wettbewerb die Benachteiligten sind Bei der Suche nach Antworten greift Sennett auch auf seine eigene Lebensgeschichte zur ck Aufgewachsen in einem Ghetto von Chicago gelang ihm zun chst mit Hilfe der Musik und dann des Studiums in Harvard der soziale Aufstieg Erneut erweist sich Sennett als

konstruktiver kritischer Geist mit Weitblick als jemand der mit Hilfe anschaulicher Beispiele grundlegende gesellschaftliche Ver nderungen benennt **Beyond Liberation Theology** Ivan Petrella,2013-01-03 Liberation theologies are the most important theological movement of our time In the 20th century their influence shook the Third and First Worlds grass root organizations and the affluent Western academy as well as the lives of priests and laypeople persecuted and murdered for living out their understanding of the Christian message In the 21st C their insights and goals remain unfortunately as valid as ever Sociology Meets Memoir Margaret K. Nelson,2024-12-17 This innovative book offers a discussion of how memoirs might be useful for sociologists By reading the guide students and teachers alike will gain an understanding of how they might approach the current outpouring of memoirs and incorporate them into their teaching learning writing and research

The Collectivity of Life Joel Wendland,2016-02-01 The Collectivity of Life is a study of autobiographical writing and oral histories situated in the late twentieth century United States The central thesis is that by studying how the authors of these narratives articulate space in their stories we can uncover a recurring critique of meritocratic individualism and reconstruct a counter mythology that locates social mobility in collectivist experiences Fourteen autobiographical works are studied including those of Malcolm X Audre Lorde Barack Obama and numerous other from multiple ethnic and several regions of the U S ranging from 1964 through 2008 More than 40 oral histories housed in archives in several regions of the country help to establish the book s goal By using a concept of space this book shifts the focus of personal narrative from the internal resources of the individual to networks of support and collective efforts in the formation of their identities and the basis of their life accomplishments Shades of White Pamela Perry,2002-02-14 A comparative ethnography in two high schools one urban and one suburban that studies the differing notions of whiteness and race that predominate among students at each school

Not Quite White Matt Wray,2006-11-03 Analyzes the origins of the derogatory phrase white trash by documenting the meanings projected on to poor rural whites in the U S from the early 1700s through the early 1900s **Rhetorical**

Listening Krista Ratcliffe,2005 Long ignored within rhetoric and composition studies listening has returned to the

disciplinary radar Rhetorical Listening Identification Gender Whiteness argues that rhetorical listening facilitates conscious identifications needed for cross cultural communication *The Hidden Cost of Being African American* Thomas M.

Shapiro,2004 Over the past three decades racial prejudice in America has declined significantly and many African American families have seen a steady rise in employment and annual income But alongside these encouraging signs Thomas Shapiro argues in *The Hidden Cost of Being African American* fundamental levels of racial inequality persist particularly in the area of asset accumulation inheritance savings accounts stocks bonds home equity and other investments Shapiro reveals how the lack of these family assets along with continuing racial discrimination in crucial areas like homeownership dramatically impact the everyday lives of many black families reversing gains earned in schools and on jobs and perpetuating the cycle of poverty in which far too many find themselves trapped Shapiro uses a combination of in depth interviews with almost 200 families from Los Angeles Boston and St Louis and national survey data with 10 000 families to show how racial inequality is transmitted across generations We see how those families with private wealth are able to move up from generation to generation relocating to safer communities with better schools and passing along the accompanying advantages to their children At the same time those without significant wealth remain trapped in communities that don t allow them to move up no matter how hard they work Shapiro challenges white middle class families to consider how the privileges that wealth brings not only improve their own chances but also hold back people who don t have them This wealthfare is a legacy of inequality that if unchanged will project social injustice far into the future Showing that over half of black families fall below the asset poverty line at the beginning of the new century *The Hidden Cost of Being African American* will challenge all Americans to reconsider what must be done to end racial inequality [Introduction to Sociology](#) George Ritzer,2015-08-28

Join the conversation with one of sociology s best known thinkers The Third Edition of *Introduction to Sociology* thoroughly revised and updated continues to show students the relevance of the introductory sociology course to their lives While providing a rock solid foundation George Ritzer illuminates traditional sociological concepts and theories as well as some of the most compelling contemporary social phenomena globalization consumer culture the Internet and the McDonaldisation of society As technology flattens the globe students are challenged to apply a sociological perspective to their world and to see how public sociologists are engaging with the critical issues of today **Subjekt ohne Ruhe** Falk B. Eckert,2020-02-13

Falk B Eckert widmet sich dem Gegenstand typischer Subjektivierungsformen von Beschäftigten in der Kultur der sp tmodernen Arbeitsgesellschaft Basierend auf einer qualitativen Untersuchung wird eine Typologie von Lebensentwürfen und Selbstbildern sowie Thesen zu den Mentalitätsmustern der Mittelschicht vorgestellt Im zweiten empirischen Teil wird der praktische Arbeitsprozess sowie Erfahrung der Arbeitsorganisationen in den Branchen des verarbeitenden Gewerbes aus dem Informations und Kommunikationsbereich wie auch Rechtsdienstleistungen rekonstruiert Die Ergebnisse dieser Arbeit verweisen sowohl auf die Bedeutung von Erwerbsarbeit für die Subjektivierungsformen der arbeitnehmerischen Mitte als

R. Deborah Davis,Arcenia London,Barbara Beyerbach,2009 Teacher education programs are charged with educating teachers to teach all students preparing them to teach multiethnic multiracial multilingual and differently abled students in an increasingly global inter dependent world This book takes as its starting point the assumption that pre service teacher candidates primarily white and middle class come to college to pursue a teaching degree having little if any experience of a social nature with persons not like themselves Rooted in areas of theory and practice and based around the Schools and Society and Culturally Relevant Teaching courses required by the Teacher Education Program social justice conceptual framework **How Do We Know They Know** is a conversation about ways to assess these pre service teachers growth and movement as they progress from naivet to awareness about the realities of culture in schools **Library Journal** ,2001 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Black School, White School** Jeffrey S. Brooks,2012-03-30 How do race and race relations influence leadership practice and the education of students In this timely and provocative book the author identifies cultural and unstated norms and beliefs around race and race relations and explores how these dynamics influence the kind of education students receive Drawing on findings from extensive observations interviews and documents the author reveals that many decisions that should have been based on pedagogy or what is best for students were instead inspired by conscious and unconscious racist assumptions discrimination and stereotypes With applicable implications and lessons for all this book will help schools and leadership programs to take the next step in addressing longstanding and deeply entrenched inequity and inequality in schools **Civil Rights Journal** ,1995 The Persistence of Poverty in the United States Garth L. Mangum,Stephen L. Mangum,Andrew M. Sum,2003 For more than thirty years students scholars and policymakers have relied on successive editions of Sar A Levitan s Programs in Aid of the Poor Now in conjunction with the eighth edition of that

classic work coauthors Garth Mangum Stephen Mangum and Andrew Sum offer a brief but comprehensive overview of the facts of poverty in the United States its underlying causes and the reasons for its persistence in the richest nation in the world Providing a wealth of data and cogent analysis this book can be used along with Programs for additional background or can stand on its own This volume demonstrates more starkly than its parent the persistence of poverty in this nation Though some individuals and families manage to escape it the phenomenon diminishes not at all or at least very little Having been sobered by this thought the student may ponder what more might conceivably be done to reduce the incidence of that endemic economic and social disease from the Preface
