The Pathless Path Paul Millerd,2022-01-13 Not all who wander are lost Paul thought he was on his way From a small town Connecticut kid to the most prestigious consulting firm in the world he had everything he thought he wanted Yet he decided to walk away and embark on the real work of his life finding the work that matters and daring to create a life to support that This Pathless Path is about finding yourself in the wrong life and the real work of figuring out how to live Through painstaking experiments living in different countries and contemplating the deepest questions about life Paul pieces together a set of ideas and principles that guide him from unfulfilled and burned out to a life he is excited to keep living The Pathless Path is not a how to book filled with hacks instead it is a vulnerable account of Paul s journey from leaving the socially accepted default path towards another one focused on doing work that matters finding the others and defining your own success This book is an ideal companion for people considering leaving their jobs embarking on a new path dealing with the uncertainty of an unconventional path or looking to improve their relationship with work in a fast changing world Reader feedback It s a rare book in that it is tangentially about careers and being more focused and productive but unlike almost every other book I have read about these topics I finished this one and felt better about myself and my career The themes are timeless The content is expertly written The advice is refreshingly non prescriptive If you have questioned your own path or a nagging lack of intention in your choices you need this book If you have felt a gradual loss of agency in your direction you need this book You are in the grip of an invisible script that was not written for you The writing is fantastic Paul s writing is approachably poetic a quick read that weaves together his own experience moving from a default path overachiever to a pathless path seeker of passion and curiosity deep research into the history of work and collections of perspectives from years of podcasting friendship conferences and meetings with other alternative path life lovers **Congressional Record**
