someone become transported into the story leaving behind consciously their immediate reality Stories are powerful contraptions that let us bypass our hypnotic subject's critical thinking faculty so we can talk to their limbic brain or hypnotic brain so we can influence and persuade a person to take an action we want them to do This is where hypnosis becomes a very powerful tool for helping people overcome bad habits alleviate pain affect mindset and so much more In this book we'll especially be looking at numerous sales contexts while also a minimal amount of hypno psychotherapeutic contexts Grab your copy today
