 Council,Division of Behavioral and Social Sciences and Education,Center for Education,Committee on Programs for Advanced  
 Study of Mathematics and Science in American High Schools,2002-09-06 This book takes a fresh look at programs for  
 advanced studies for high school students in the United States with a particular focus on the Advanced Placement and the  
 International Baccalaureate programs and asks how advanced studies can be significantly improved in general It also  
 examines two of the core issues surrounding these programs they can have a profound impact on other components of the  
 education system and participation in the programs has become key to admission at selective institutions of higher education  
 By looking at what could enhance the quality of high school advanced study programs as well as what precedes and comes  
 after these programs this report provides teachers parents curriculum developers administrators college science and  
 mathematics faculty and the educational research community with a detailed assessment that can be used to guide change  
 within advanced study programs      **International Baccalaureate Higher Level Chemistry** Cameron Lumsden,2015
