misinterpretation that culturalised Islam instead of Islamising their culture in the prevailing society Both the stories of the book concluded patriarchy was the main cause of women s marginalisation which further granted a fertile ground for the Taliban to sketch a strategic atrocity and ban women s education in the name of Islam in the Swat Valley Patriarchy and militarisation have been used as a tool for cultural governance of identity and maintenance of gender stratification by sharing common grounds of gender dynamics and women epistemology under liberal radical Marxist socialist Islamic feminism and feminist peace and conflict theories of women security Thus the book discussed feminist approaches concerned about unequal opportunities in higher education that challenged the propagation of male experience and knowledge The scope of the book is broad and focused on women empowerment and emancipation through education It addresses issues related to young Pukhtun women from disadvantaged areas who aspire to get higher education The main focus of the book is to hear Pukhtun women s own voices while discussing the issues related to higher education *Research in Education* ,1968
