Gotham City after dark is a dangerous place
Gotham City after midnight is hell on earth
There s a new kind of madman loose in Gotham and he s out to steal the city s heart
The monstrosity named Midnight is convinced that he s doing Batman s job only better than Batman ever could
As the city descends into madness it s Batman s duty to stop Midnight
But the newcomer has manipulated an exceptionally unstable Joker a giant Clayface and others into destroying the Dark Knight for him
Can Batman restore peace to a city that s growing colder and more heartless by the minute
Or have the people forsaken their patron protector to live in the shadow of Midnight s perpetual terror
