Atindogbe, Emmanue Ebongue, 2019-11-16 With the demographic explosion of young people in major African cities we are witnessing the emergence of youth languages and new speech forms In search of well being these young people plagued by poverty social injustice unemployment and idleness invent linguistic codes that allow them to find themselves The linguistic and sociolinguistic description of these youth languages is the object of this volume The contributions inform on the statutes and functions of the youth languages of Africa their forms and structures their representations and envisage perspectives and prospective didactics Journal of Ethiopian Studies ,2001 **Library of Congress Subject Headings** Library of Congress, Library of Congress. Office for Subject Cataloging Policy, 2012 *Thesaurus of ERIC Descriptors* ,1975 **UNSUNG NATION OF SIDAMA** Bezabih Barasa Gosoma, 2024-09-24 The Sidama people fought hard to achieve self determination The struggle claimed thousands of lives during armed struggle in the Derg Marxist regime and beyond including the non violent struggle The larger and more well organized part of the Sidama people s freedom struggle was the armed struggle under the umbrella of the Sidama Liberation Movement SLM The Sidama people contributed the lion s portion to remove the fascist suppressive regime of Derg that committed war crimes

and mass murder in Ethiopia The Sidama people s heroism was unsung though fought in a furious armed struggle under SLM against the military regime until its fall in 1991 Thus thousands of SLM freedom fighters sacrificed their lives and blood during that armed struggle to regain the self administration for the Sidama people That decisive sacrificial struggle helped the Sidama nation to decide by referendum in 2019 to become the regional state The Sidama history culture and language were neglected and underdeveloped The new generation may need to maintain and watch closely the dearly begotten state of Sidama to prevent bias and corruption

In My Life Opiew O. Cham,2011-10-13 The idea that I write my memoirs came to me when I had barely begun to live in Kaufman Texas and continued all through the years But I never paid heed to the plan I was living my life intensely what need to write about it Another reason for my reluctance was the conviction I entertained that one should write about one s life only when one had ceased to stand in the very torrent of it When one has reached a good philosophic age I used to tell my friends capable of viewing the tragedies and comedies of life impersonally and detachedly particularly one s own life one is likely to create an autobiography worthwhile Still feeling adolescently young in spite of advancing years I did not consider myself competent to undertake such a task Moreover I always lacked the necessary leisure for concentrated writing I discovered much to my discomfiture that old age far from ripening wisdom and mellowness is too often fraught with senility narrowness and petty rancor I would not risk such a calamity and I began to think seriously about writing my life biography I am a very nostalgic person As long as I can remember I have enjoyed thinking about the past and how it melded into the present especially in reference to my own life and my own family history This life story is about over all my life in Africa and United States of America I had included the stories about my parents relatives what life was like for them and what they were doing when they were alive I like looking at old pictures and other mementos that help bring some of that past back to life or just evoke the spirit of the memories This story is about my childhood life I had in Ethiopia refugee camp and United States of America and my family as seen through my eyes It is my snapshot my memories to share with the world Now I do not know why anyone would be interested in my life but I hope a few people especially family will find it interesting and to help keep it interesting I promise to keep chapters and stories short concise and to the point After all nothing is more boring than

someone's tedious diatribe about something so entirely mundane If you get to that point just skip to another story and just try to find something interesting and of value to you If you still can't find anything of value in the reading then I apologize but still thank you for trying As for me I believed I had more fun writing this than anyone would ever have reading it

Enzyklopedia entstanden ist Humans and Hyenas Keith Somerville,2021-03-18 Humans and Hyenas examines the origins
and development of the relationship between the two to present an accurate and realistic picture of the hyena and its
interactions with people The hyena is one of the most maligned misrepresented and defamed mammals It is still despite
decades of research led knowledge seen as a skulking cowardly scavenger rather than a successful hunter with complex
family and communal systems Hyenas are portrayed as sex shifting deviants grave robbers and attackers of children in
everything from African folk tales through Greek and Roman accounts of animal life to Disney s The Lion King depicting
hyenas with a lack of respect and disgust despite the reality of their behaviour and social structures Combining the personal
in depth mining of scientific papers about the three main species and historical accounts Keith Somerville delves into our
relationship with hyenas from the earliest records from millennia ago through the accounts by colonisers to contemporary
coexistence where hyenas and humans are forced into ever closer proximity due to shrinking habitats and loss of prey Are
hyenas fated to retain their bad image or can their amazing ability to adapt to humans more successfully than lions and other
predators lead to a shift in perspective This book will be of great interest to students and scholars in the environmental
sciences conservation biology and wildlife and conservation issues American Foreign Service Journal ,1927
