## **Andrew Green Jazz Guitar:**

**Jazz Guitar Technique** Andrew Green, 2018-09-13 When improvising what your mind hears is more often than not determined by what your body can reproduce on your instrument Much of your conception as an improviser is determined by your technique If you can't play certain types of ideas you are simply not going to conceive of them while you are improvising Even if you could it wouldn't matter since you couldn't play them anyway This book presents serious chops building technical studies for single note lines and chords Plus the examples feature a lot of harmonic content The material is written in standard notation

**Jazz Guitar Structures** Andrew Green, 2017-04-04 For guitarists the technical learning curve for improvisation is fairly steep For this reason it is important to find multiple uses for the musical structures that you learn to execute This approach decreases the learning curve considerably This book and accompanying audio show you how to expand your improvisational vocabulary by combining small easily identifiable melodic ideas structures into longer more complex lines The material is written in standard notation Includes access to online audio

*Jazz Guitar Comping* Andrew Green, 2017-04-04 For most of the recorded history of jazz the piano has been the main and usually the only comping instrument This text will help guitarists get a handle on the most important job they have when playing in a small group comping This book can be used as a progressive study of comping or simply a source of ideas Although rhythms and voice leading are found throughout the book they are isolated for study in particular sections The book and accompanying audio cover voice leading multi use voicings voicing variations passing chords harmonized scales intervallic comping rhythm and studies blues standard modern and modal Includes access to online audio

**How to Achieve Great Jazz Phrasing** Davy Mooney, 2025-07-18 The topic of jazz phrasing is difficult to teach Jazz musicians spend years transcribing solos learning repertoire practicing technique and acquiring vocabulary but even advanced players can struggle with the organization of these raw materials in their improvisations In this book jazz guitarist and educator Davy Mooney describes the method he devised to help intermediate to advanced players improve their phrasing He presents a series of jazz solos based on the styles of players such as Dexter Gordon Miles Davis Bud Powell and Joe Pass converts them to rhythmic notation and demonstrates how one can improvise on the phrase structure of these solos using one's own notes In other words you play where the soloist played and rest where they rested The book contains audio examples of Mooney demonstrating the method and his solos are transcribed and analyzed with left hand fingerings included There are backing tracks so that the reader can use this practical method to achieve great jazz phrasing Includes access to online audio and video

Street Knowledge Michael Anthony, 2023-01-25 In *Street Knowledge* Michael Anthony shares the stories and lessons learned in his career as a top Los Angeles recording studio guitarist The insights shared into the world of jazz guitar and studio playing will be valuable to any guitarist Lessons include explorations of rhythm changes quoting while improvising ear training reharmonization warm ups original etudes and frequently asked questions A must for any guitarist on the journey toward a career in music
