Brave New World – Establishing a Dystopia – Study Questions

1. Think about how Aldous Huxley creates his dystopic world through character development. For each of the characters listed below, think about their respective roles in conveying Huxley's dystopia.
 - Explain what role they play in the dystopia (what each character is symbolic of) and find **ONE** quote for each character to show this characterisation. You may not use quotes from the study guide.
 - Ensure you identify literary techniques in each of the quotes you select and explain how the techniques are used to create meaning.
 - I expect you to write a PEEL structured paragraph for each character – Point (character role in the dystopia), Example (quote), Explanation (technique), Link (how the technique conveys their role in the dystopia).

Bernard Marx

Bernard Marx is a character who seems out of place in his society. Being an Alpha male, he has certain expectations to fulfil with both his actions and his physical characteristics, however, he fails to meet them. This makes us believe that he is the central character of this dystopian society – an outcast who will rebel against and expose the true nature of the Brave New World. However, as we soon realise, it is John the Savage who becomes this central character after Bernard's morals overtaken by selfishness. Huxley uses personification in "...what would it be like if I could, if I were free—not enslaved by my conditioning" to emphasise Bernard's open-minded thinking to the concept of freedom. The word 'enslaved' gives negative connotations to how conditioning affects the different people. This effectively questions the process of conditioning and leaves readers wondering if it is really a utopian concept of just a method of control.

s existence Illustrated with reproductions of covers frontispieces and title pages the book also provides an illuminating insight into the role of Evelina s visual representation in its history as a marketable commodity highlighting the existence of editions targeting various segments of the book market from the upper middle class to mass readership The first comprehensive and fully updated bibliography of English and translated editions adaptations and reprints of Evelina published in 13 languages and scripts appears in an appendix **The Value Line Daily Options Survey** ,1999-04
