The Black Spider Jeremias Gotthelf,2013-10-08 An NYRB Classics Original It is a sunny summer Sunday in a remote Swiss village and a christening is being celebrated at a lovely old farmhouse One of the guests notes an anomaly in the fabric of the venerable edifice a blackened post that has been carefully built into a trim new window frame Thereby hangs a tale one that as the wise old

grandfather who has lived all his life in the house proceeds to tell it takes one chilling turn after another while his audience listens in appalled silence Featuring a cruelly overbearing lord of the manor and the oppressed villagers who must render him service an irreverent young woman who will stop at nothing a mysterious stranger with a red beard and a green hat and last but not least the black spider the tale is as riveting and appalling today as when Jeremias Gotthelf set it down more than a hundred years ago *The Black Spider* can be seen as a parable of evil in the heart or of evil at large in society Thomas Mann saw it as foretelling the advent of Nazism or as a vision anticipating H P Lovecraft of cosmic horror There s no question in any case that it is unforgettably creepy *Always Elsewhere* Alasdair Pettinger,1998 Including material from the 18th century to the present day this book is an international collection of travel writings by black authors from narratives of the middle passage to the observations of the modern tourist *The Gate* Natsume Soseki,2012-12-04 An NYRB Classics Original A humble clerk and his loving wife scrape out a quiet existence on the margins of Tokyo Resigned following years of exile and misfortune to the bitter consequences of having married without their families consent and unable to have children of their own S suke and Oyone find the delicate equilibrium of their household upset by a new obligation to meet the educational expenses of S suke s brash younger brother While an unlikely new friendship appears to offer a way out of this bind it also soon threatens to dredge up a past that could once again force them to flee the capital Desperate and torn S suke finally resolves to travel to a remote Zen mountain monastery to see if perhaps there through meditation he can find a way out of his predicament This moving and deceptively simple story a melancholy tale shot through with glimmers of joy beauty and gentle wit is an understated masterpiece by one of Japan s greatest writers At the end of his life Natsume S seki declared *The Gate* originally published in 1910 to be his favorite among all his novels This new translation captures the oblique grace of the original while correcting numerous errors and omissions that marred the first English version *At the Crossroads* Rebecca Jones,2019 Shortlisted for the SAUK Fage Oliver Prize 2020 Honorable Mention for the ALA First Book Award Scholarship 2021 A path breaking contribution to the critical literature on African travel writing *The Rough Guide to First-Time Africa* Rough Guides,2011-04-01 *The Rough Guide First Time Africa* tells you everything you need to know before you go to Africa from visas and vaccinations to budgets and packing It will help you plan the best possible trip with advice on when to go and what not to miss and how to avoid trouble on the road You ll find insightful information on what tickets to buy where to stay what to eat and how to stay healthy and save money in Africa *The Rough Guide First Time Africa* includes insightful overviews of each African country highlighting the best places to visit with country specific websites clear maps suggested reading and budget information Be inspired by the things not to miss section whilst useful contact details will help you plan your route All kinds of advice and anecdotes from travellers who ve been there and done it will make travelling stress free *The Rough Guide First Time Africa* has everything you need to get your journey underway *The Rough Guide to First Time Africa* now available in epub format *Malicroix* Henri Bosco,2020-04-07 Fans of the style of William Faulkner

will want to read Henri Bosco four time nominee for the Nobel Prize in Literature Available in English for the first time Malicroix tells the story of a recluse living in the French countryside unraveling how he came to a life of solitude Henri Bosco like his contemporary Jean Giono is one of the regional masters of modern French literature a writer who dwells above all on the grandeur beauty and ferocious unpredictability of the natural world Malicroix set in the early nineteenth century is widely considered to be Bosco s greatest book Here he invests a classic coming of age story with a wild mythic glamour A nice young man of stolidly unimaginative good bourgeois stock is surprised to inherit a house on an island in the Rh ne in the famously desolate and untamed region of the Camargue The terms of his great uncle s will are even more surprising the young man must take up solitary residence in the house for a full three months before he will be permitted to take possession of it With only a taciturn shepherd and his dog for occasional company he finds himself surrounded by the huge and turbulent river always threatening to flood the island and surrounding countryside and the wind battering at his all too fragile house shrieking from on high And there is another condition of the will a challenging task he must perform even as others scheme to make his house their own Only under threat can the young man come to terms with both his strange inheritance and himself

The Magnetic North Sara Wheeler,2011-02-01 More than a decade ago Sara Wheeler traveled to Antarctica to understand a continent nearly lost to myth and lore In the widely acclaimed bestselling *Terra Incognita* she chronicled her quest to find a hidden history buried in Antarctica s extreme surroundings Now Wheeler journeys to the opposite pole to create a definitive picture of life on the fringes In *The Magnetic North* she takes full measure of the Arctic at once the most pristine place on earth and the locus of global warming Inspired by the spiraling shape of a reindeer horn bangle she travels counterclockwise around the North Pole through the territories belonging to Russia the United States Canada Denmark Norway and Finland marking the transformations of what once seemed an unchangeable landscape As she witnesses the mounting pollution concentrated at the pole Wheeler reckons with the illness of the whole organism of the earth Smashing through the Arctic Ocean with the crew of a Russian icebreaker

shadowing the endless Trans Alaska Pipeline with a tough Idaho born outdoorswoman herding reindeer with the Lapps and visiting the haunting deceptively peaceful lands of the Gulag Wheeler brings the Arctic's many contradictions to life The Magnetic North is an urgent beautiful book rich in dramatic description and vivid reporting It is a singular deeply personal portrait of a region growing daily in global importance *The Orphic Voice* Elizabeth Sewell, 2022-05-03 A wondrously written book of literary criticism and philosophy that maps the relationship between poetry and natural history connecting verse from poets such as Shakespeare and Rainer Maria Rilke to the work of scientists and theorists like Francis Bacon and Michael Polanyi Taking its bearings from the Greek myth of Orpheus whose singing had the power to move the rocks and trees and to quiet the animals Elizabeth Sewell's *The Orphic Voice* transforms our understanding of the relationship between mind and nature Myth Sewell argues is not mere fable but an ancient and vital form of reflection that unites poetry philosophy and natural science Shakespeare with Francis Bacon and Giambattista Vico Wordsworth and Rilke with Michael Polanyi All these members of the Orphic company share a common perception that discovery in science and poetry is a mythological situation in which the mind unites with a figure of its own devising as a means toward understanding the world Sewell's visionary book first published in 1960 presents brilliantly illuminating readings of *A Midsummer Night's Dream* and Rilke's *Sonnets to Orpheus* among other masterpieces while deepening our understanding not only of poetry and the history of ideas but of the biological reach of the mind
