

An impressionistic painting of a person sitting at a table, looking out a window. The scene outside is a winter landscape with snow-covered trees and a few birds perched on branches. The interior shows a table with a teapot, a cup, and a plate of food. The painting is done in a style with visible brushstrokes and a warm, somewhat muted color palette.

Political Philosophy: All That Matters Johanna Oksala, 2013-08-30 What is political philosophy A philosophical study of political ideas such as authority freedom justice and democracy An inquiry into the best form of government An attempt to rationally justify forms of authority Johanna Oksala asks exactly these questions as she opens this brilliant new guide to political philosophy Rather than attempting to provide the reader with a definite answer the book invites readers to recognize many of the issues encountered in everyday life as political the outcome of human practices that incorporate power relations social norms and obligations It suggests that political philosophy should be understood as an open ended critical project that to some extent concerns everyone The book employs an original structure which will be a huge help to both students and general readers seeking to understand the topic Each chapter which moves chronologically from antiquity to the twentieth century focuses on selected classic texts in political philosophy which are briefly introduced and analysed The texts then function as a springboard for a discussion of central contemporary issues in political philosophy *Staatserzählungen* Grit Straßenberger, Felix Wassermann, 2018-04-24 In Zeiten der politischen Unordnung Was kann der Staat heute noch leisten Wer bei Politik spricht muss bei den Staat sprechen Der Staat durchdringt alle Lebensbereiche prägt unsere politische Ordnung und will immer wieder aufs Neue hinterfragt werden Was ist der Staat eigentlich Und was bedeutet es heute Staatsbürger zu sein Diesen und anderen Fragen widmen sich in diesem Band einige der renommiertesten Vertreter ihres Faches aus unterschiedlichsten Perspektiven So zeigt der Kunsthistoriker Horst Bredekamp wie sich die Bilder des Staates wortwörtlich verstanden in der Bundesrepublik gewandelt haben Das komplizierte Verhältnis von Beratern und Machthabern

bis zu den Einflüssen der Kanzlerin schildert Jürgen Kaube während der Völkerrechtler Georg Nolte ganz aktuell nach dem Recht des Staates im Krieg fragt Was darf er tun um Gewalt und Terror zu bekämpfen Neben weiteren Beiträgen erklärt Herfried Münkler warum wir eine neue Erzählung Europas brauchen und all dies ergötzt Wolfgang Schubel durch den Blick aus der politischen Praxis auf das Verhältnis von Staat und Religion in der pluralistischen Gesellschaft In Zeiten von Extremismus Globalisierung und weltpolitischen Verwerfungen ist diese Bestandsaufnahme nützlich denn je Ein Buch das nicht zuletzt zeigt wie die Demokratie zukunftsreich gemacht werden kann

between international EU and Member State law and establishes his theoretical approach Consent Based Monism The book focuses on the most important structural characteristics of the external relations law of the EU as well as the primacy of EU law in lieu of national constitutional identity which is demonstrated in part three **Pluralizing Political Philosophy**

Ingrid Robeyns,2025-02-04 Pluralizing Political Philosophy focuses on economic and ecological inequalities By reducing the current marginalization of a range of traditions and approaches outside liberalism which especially takes place at universities in the Global North political philosophy will have access to a richer range of theories This marginalization happens to some extent to traditions that could be understood as providing an internal critique to liberalism but happens especially to various non western political philosophies The chapters in this edited volume illustrate the wide range of perspectives that exist to analyze economic and ecological inequalities In addition to critical discussions of liberal egalitarianism and green liberalism contributing authors also offer discussions of Mori philosophy ecofeminism Confucian political philosophy an ethics of care Ubuntu philosophy Buen Vivir and hybrid approaches The different traditions and approaches not only differ in their normative commitments but also in their ontological assumptions and methodological underpinnings The volume closes with four shorter chapters that provide meta theoretical reflections on the volume and make suggestions on how to further pluralise political philosophy This is an open access title available under the terms of a CC BY NC ND 4 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations **Monarchy and Exile** P. Mansel,T. Riotte,2011-10-28 Using detailed studies of fifteen exiled royal

figures the role of Exile in European Society and in the evolution of national cultures is examined From the Jacobite court to the exiled Kings of Hanover the book provides an alternative history of monarchical power from the 16th to 20th century

The Right to Equality in European Human Rights Law Charilaos Nikolaidis,2014-07-25 A right to equality and non discrimination is widely seen as fundamental in democratic legal systems But failure to identify the human interest that equality aims to uphold reinforces the argument of those who attack it as morally empty or unsubstantiated and weakens its status as a fundamental human right This book argues that an understanding of the human interest which equality aims to uphold is feasible within the jurisprudence of the European Court of Human Rights ECtHR and the European Court of Justice ECJ In comparing the evolution of the prohibition of discrimination in the case law of both Courts Charilaos Nikolaidis demonstrates that conceptual convergence within the European Convention on Human Rights ECHR and the EU on the issue of equality is not as far as it might appear initially While the two bodies of equality law are extremely divergent as to the requirements they impose their interpretation by the international judiciary might be properly analysed under a common light to emphasise the substantive dimension of equality in European Human Rights law The book will be of great use and interest to scholars and students of human rights discrimination law and European politics **Perspectives on Social**

Justice David Boucher,Paul Kelly,2005-06-22 This volume brings together leading theorists to discuss the latest thinking on

social justice a central concern of contemporary politics and political philosophy Contributors such as Carole Pateman Raymond Plant and Chris Brown explore the origins of the concept the contributions of thinkers such as Hume Kant and Mill issues such as international justice economic justice justice and the environment and special rights By bringing together the latest applications of theories of justice with a discussion of origins Perspectives on Social Justice provides a helpful overview for students and specialists alike

Black Rights/White Wrongs Charles W. Mills, 2017-03-01 Liberalism is the political philosophy of equal persons yet liberalism has refused equality to those it saw as sub persons Liberalism is the creed of fairness yet liberalism has been complicit with European imperialism and African slavery Liberalism is the classic ideology of Enlightenment and political transparency yet liberalism has cast a dark veil over its actual racist past and present In sum liberalism s promise of equal rights has historically been denied to blacks and other people of color In Black Rights White Wrongs The Critique of Racial Liberalism political philosopher Charles Mills challenges mainstream accounts that ignore this history and its current legacy in self conceived liberal polities today Mills argues that rather than bracket as an anomaly the role of racism in the development of liberal theory we should see it as shaping that theory in fundamental ways As feminists have urged us to see the dominant form of liberalism as a patriarchal liberalism so too Mills suggests we should see it as a racialized liberalism It is unsurprising then if contemporary liberalism has yet to deliver on the recognition of black rights and the correction of white wrongs These essays look at racial liberalism past and present white ignorance as a guilty ignoring of social reality that facilitates white racial domination Immanuel Kant s role as the most important liberal theorist of both personhood and sub personhood the centrality of racial exploitation in the United States and the evasion of white supremacy in John Rawls s ideal theory framing of social justice and in the work of most other contemporary white political philosophers Nonetheless Mills still believes that a deracialized liberalism is both possible and desirable He concludes by calling on progressives to Occupy liberalism and develop accordingly a radical liberalism aimed at achieving racial justice
