La teoría literaria de León Felipe Juan Frau, 2002 *Antología de la poesía española e hispanoamericana* José María Valverde, Dámaso Santos, 1986 *A New History of Spanish Literature* Richard E. Chandler, Kessel Schwartz, 1991-09-01

First published in 1961 *A New History of Spanish Literature* has been a much used resource for generations of students The book has now been completely revised and updated to include extensive discussion of Spanish literature of the past thirty years Richard E Chandler and Kessel Schwartz both longtime students of the literature write authoritatively about every Spanish literary work of consequence From the earliest extant writings though the literature of the 1980s they draw on the latest scholarship Unlike most literary histories this one treats each genre fully in its own section thus making it easy for the reader to follow the development of poetry the drama the novel other prose fiction and nonfiction prose Students of the first edition have found this method particularly useful However this approach does not preclude study of the literature by period A full index easily enables the reader to find all references to any individual author or book Another noteworthy feature of the book and one omitted from many books of this kind is the comprehensive attention the authors accord nonfiction prose including for example essays philosophy literary criticism politics and historiography Encyclopedic in scope yet concise and eminently readable the revised edition of *A New History of Spanish Literature* bids fair to be the standard reference well into the next century

Las voces del eco José Bergamín, 2014-03-25 La poesía de José Bergamín puede entenderse como un acto de disidencia o rebeldía de no aceptación del silencio impuesto por la censura o en un sentido más amplio de rechazo del silencio definitivo de la muerte Por medio de sus versos mediante el acto mismo de escribir de rica autoarticulación emprende su lucha solitaria contra el silencio de la muerte incluso contra el de Dios Al coger la pluma Bergamín afirma y reafirma una y otra vez su fe en

la palabra y en la poesía encontrando en esa continua lucha contra el silencio que le acecha lo que he calificado en otro lugar de permanente aposento en el aire En el coro de voces y ecos que le acompañan en el lírico remanso que habita encuentra el acento inconfundible de su propia voz la que se levanta hoy por encima de su propia muerte para seguir hablándonos
