Anthologizing Poe Emron Esplin, Margarida Vale de Gato, 2020-08-06 This collection explores how anthologizers and editors of Edgar Allan Poe play an integral role in shaping our conceptions of Poe as the author we have come to recognize, revere and critique today. In the spheres of literature and popular culture, Poe wields more global influence than any other U.S. author. This influence, however, cannot be attributed solely to the quality of Poe's texts or to his compellingly tragic biography. Rather, his continued prominence as a writer owes much to the ways that Poe has been interpreted, portrayed, and packaged by an extensive group of mediators ranging from anthologizers, editors, translators, and fellow writers to literary critics, filmmakers, musicians, and illustrators. In this volume, the work of presenting Poe's texts for public consumption becomes a fascinating object of study in its own right, one that highlights the powerful and often overlooked influence of those who have edited, anthologized, translated, and adapted the author's writing over the past 170 years. Romantic Prose Fiction Gerald Ernest Paul Gillespie, Manfred Engel, Bernard Dieterle, 2008 In this volume, a team of three dozen international experts presents a fresh picture of literary prose fiction in the Romantic age, seen from cross-cultural and interdisciplinary perspectives. The work treats the appearance of major themes in characteristically Romantic versions, the power of Romantic discourse to reshape imaginative writing, and a series of crucial reactions to the impact of Romanticism on cultural life down to the present, both in Europe and in the New World. Through its combination of chapters on thematic, generic, and discursive features, Romantic Prose Fiction achieves a unique theoretical stance by considering the opinions of primary Romantics and their successors not as guiding truths by which to define the permanent meaning of Romanticism, but as data of cultural history that shed important light on an evolving civilization. **SPECIAL OFFER: 30% discount for a complete set (order 5 vols).** The Romanticism series in the Comparative History of Literatures in European Languages is the result of a remarkable international collaboration. The editorial team coordinated the efforts of over 100 experts from more than two dozen countries to produce five independently conceived yet interrelated volumes that show not only how Romanticism developed and spread in its principal European homelands and throughout the New World, but also the ways in which the affected literatures, in reaction to Romanticism, have redefined themselves into Modernism. A glance at the index of each volume quickly reveals the extraordinary richness of the series' total contents. Romantic Irony sets the broader experimental parameters of comparison by concentrating on the myriad expressions of irony as one of the major impulses in the Romantic philosophical and artistic revolution, and by combining cross-cultural and interdisciplinary studies with special attention also to literatures in less widely diffused language streams. Romantic Drama traces creative innovations that deeply altered the understanding of genre at large, fed popular imagination through vehicles like the opera, and laid the foundations for a modernist theater of the absurd. Romantic Poetry demonstrates deep patterns and a sharing of crucial themes of the revolutionary age which underlie the lyrical expression that flourished in so many languages and environments. Nonfictional

Romantic Prose assists us in coping with the vast array of writings from the personal and intimate sphere to modes of public discourse including Romanticism's own self commentary in theoretical statements on the arts society life the sciences and more Nor are the discursive dimensions of imaginative literature neglected in the closing volume Romantic Prose Fiction where the basic Romantic themes and story types the romance novel novella short story and other narrative forms are considered throughout Europe and the New World This enormous realm is seen not just in terms of Romantic theorizing but in the light of the impact of Romantic ideas and narration on later generations As an aid to readers the introduction to Romantic Prose Fiction explains the relationships among the volumes in the series and carries a listing of their tables of contents in an appendix No other series exists comparable to these volumes which treat the entirety of Romanticism as a cultural happening across the whole breadth of the Old and New Worlds and thus render a complex picture of European spiritual strivings in the late eighteenth and the nineteenth centuries a heritage still very close to our age **The**

**Ecocriticism Reader** Cheryll Glotfelty, Harold Fromm, 1996 This book is the first collection of its kind an anthology of classic and cutting edge writings in the rapidly emerging field of literary ecology Exploring the relationship between literature and the physical environment literary ecology is the study of the ways that writing from novels and folktales to U S government reports and corporate advertisements both reflects and influences our interactions with the natural world The Latest

Early American Literature R. C. De Prosopo, 2016-01-21 The Latest Early American Literature according to readers for the University of Delaware Press is a collection of polemics and manifestoes In it R C De Prosopo bids to follow in the footsteps of the two rare early Americanist dissenters whom Philip F Gura once distinguished as prophets without honor in the field William Spengemann and Michael Colacurcio The book contends that a supposedly retired nationalist modernist telos continues to reign in most of the latest scholarship and even more influentially in all of the current literary histories and anthologies no matter how expansive in gender ethnic racial and hemispheric inclusiveness they profess to be Old teloi in particular that old American exceptionalist one can be cunning Updating and expanding upon essays written over the past thirty years De Prosopo proposes not only negatively to critique how the latest scholarly receptions of early American literature differ insignificantly from the earlier ones but positively to propose how a transnationalist concession that as a neocolonial culture America's lags behind that of Europe might advance post modern historiography by radically repositioning the past as no longer the present's diachronic predecessor but to quote Lyotard's semiotics its synchronic differend Closer to earth De Prosopo tries at the same time to remain mindful of the pedagogical imperative that ultimately to save the texts of early American literature will require making them legible to average non specialist never to become specialist undergraduate general education students To facilitate this he introduces in the concluding section of The Latest Early American Literature what will probably be taken as its most radical intervention the redefinition of Edgar Allan Poe as an early American writer **Pragmatismus und Hermeneutik** Matthias Buschmeier, Espen Hammer, 2011-07-01 Wohl nur

wenige andere zeitgenössische Philosophen haben die Geistes und Kulturwissenschaften so stark beeinflusst wie Richard Rorty. Pragmatismus und Hermeneutik sucht Rortys Denken auf fundamentale Fragen der Geisteswissenschaften neu zu beziehen. Der Band untersucht neben seiner intellektuellen Entwicklung und Rezeption auch Rortys spezifische Fassung des Pragmatismus, seinen Blick auf die Humanities und seine Infragestellung der systematischen Trennung von Philosophie und Literatur. Als ein im doppelten Sinne disziplinloser Denker ist Richard Rorty 1931–2007 in den Debatten um seine Figur und sein Werk immer dargestellt worden. Er selbst hat sich stets geweigert, in die akademische Fachphilosophie eingemeindet zu werden, und diese hat sich zum Teil heftig gegen Rortys These gewehrt, die Philosophie sei als Leitdisziplin weitgehend unbrauchbar geworden und ihm selbst undiszipliniertes unsystematisches Denken vorgeworfen. Um einen solchen Vorwurf zu begegnen, gilt es sich der Textur und Architektur von Rortys Denken erneut zuzuwenden. Rortys Schreibverfahren stellen mitunter selbst eine Heuristik dar, die von den politischen Implikationen seiner Texte nicht abzulesen sind. So wird der Blick auf die eigentliche Hermeneutik Rortys frei, die jeder disziplinären Einengung entgehen will. Der Band versammelt Beiträge international renommierter Forscher aus Philosophie und Literaturwissenschaft um Rortys Potentiale für eine die Geisteswissenschaften insgesamt anvisierende Theorie und Praxis des Verstehens. Offen zulegen darf es sein, Verhältnis zum Pragmatismus wie zur Hermeneutik zu befragen. Ganz im Sinne Rortys will der Band das Gespräch zwischen amerikanischer und kontinentaler Philosophie sowie zwischen Philosophie und Literaturwissenschaft wiederbeleben. Schlagwörter: Pragmatismus, Hermeneutik, Kulturphilosophie, Literaturwissenschaft.

*The Hospitable Canon* Virgil Nemoianu, Robert Royal, 1991-06-21. The papers in this book respond to the public debate over literary canons in the United States and elsewhere by placing the political ideological aspects of the conflict inside perspectives derived from comparative literature. Canons are seen by most of the contributors as based on democratic and communal intentions or choices inevitable filtered through and colored by historical experiences and social biases. An examination of the canonical process over many centuries reveals both the impressive durability of its elements and the amazing flexibility of its outlines. The careful individual analyses as well as the thought provoking general contributions in this volume agree that the democracy of play is one of the strongest bonds uniting the human race. Canons or canons the contributors argue are based on it and reflect the intimate interdependence of cultural and intellectual matters with the workings of society as a whole. Contributors: Charles Altieri, Lilian R. Furst, Michael G. Cooke, Robert Royal, Roger Shattuck, Rosa E. M. D. Penna, Glen M. Johnson, Yves Chevrel, Raymond A. Prier, Peter Walker, Christopher Clausen, Virgil Nemoianu.

call critical attention to a concept of otherness which differs fundamentally from that underlying racism sexism and colonialism By locating the ethical and political questions of otherness in language discourse aesthetics and everyday encounters Asian American poets help advance critical studies in race gender and popular culture as well as in poetry The Ethics and Poetics of Alterity is not limited however to literary studies it is an invaluable response to the questions raised by increasingly globalized encounters across many kinds of boundaries The Poets Marilyn Chin Kimiko Hahn Myung Mi Kim Li Young Lee Timothy Liu David Mura and John Yau *The Presidents of American Fiction* Michael J. Blouin, 2022-11-03 The Presidents of American Fiction brings together American literature history and political science to explore the most influential fictionalized accounts of the presidency from the early 19th century to the time of Trump Of late popular understandings of the presidency are being radically re written consider for example the distinctive myths that accompanied the ascent of the Obama and Trump administrations and many readers of all stripes are radically reimagining the office and its holder Placing these changes within a broader cultural context Michael J Blouin investigates narratives involving fictional presidents from the supposedly factual to the outright fantastical within their distinct literary and historical moments The author considers representative texts including works penned by James Fenimore Cooper from the Jacksonian moment Gore Vidal in the age of Nixon and Vietnam and Philip Roth in the neoliberal period Through detailed readings that question how American presidents function as characters within the popular imagination this book examines the presidency as a complex ever evolving trope and in so doing enhances our appreciation of American literature s inextricable link with American politics [Resources in Education](#) ,1998 [Personnel Literature](#) United States Civil Service Commission.
