Cooper,Samuel Hayim Brody,2023-06-06 If politics is about the state can a stateless people be political Until recently scholars were fiercely divided regarding whether Jews engaged in politics displayed political wisdom or penned works of political thought over the two millennia when there was no Jewish state But over the past few decades the field of Jewish political thought has begun to examine the ways in which Jewish individuals and communal organizations behaved politically even in diaspora The King Is in

the Field centers writing from leading scholars that serves as an introduction to this exciting field providing critical resources for anyone interested in thinking about politics both within and beyond the state From kabbalistic theology to economic philanthropy from race and nationalism in the U S to Israeli legal discourse and feminist activism this key study of Jewish political thought holds the promise to reorient the field of political thought as a whole by expanding conceptions of what counts as political In a world in which statelessness now applies to 100 million individuals this volume illuminates ways to understand how diaspora Jewish political thought functioned in adopted homelands This approach allows the book to offer questions and analysis that add depth and breadth to academic studies of Jewish politics while simultaneously offering a blueprint for future volumes interrogating political action through multiple diasporas Contributors Samuel Hayim Brody Lihi Ben Shitrit Julie E Cooper Arye Edrei Meirav Jones Rebecca Kobrin Vincent Lloyd Menachem Lorberbaum Shaul Magid Assaf Tamari Irene Tucker Philipp Von Wussow Michael Walzer      Heaven on Earth Richard Landes,2011-08-04 Millennialists through the ages have looked forward to the apocalyptic moment that will radically transform society into heaven on earth They have delivered withering critiques of their own civilizations and promised both the impending annihilation of the forces of evil and the advent of a perfect society And all their promises have invariably failed We tend therefore to dismiss these prophets of doom and salvation as crackpots and madmen and not surprisingly historians of our secular era have tended to underestimate their impact on our modern world Now Richard Landes offers a lucid and ground breaking analysis of this widely misunderstood phenomenon This long awaited study shows that many events typically regarded as secular including the French Revolution Marxism Bolshevism Nazism not only contain key millennialist elements but follow the apocalyptic curve of enthusiastic launch disappointment and often catastrophic re entry into normal time Indeed as Landes examines the explicit millennialism behind such recent events as the emergence of Global Jihad since 1979 he challenges the common notion that modern history is largely driven by secular interests By focusing on ten widely different case studies none of which come from Judaism or Christianity he shows that millennialism is not only a cultural universal but also an extremely adaptive social phenomenon that persists across the modern and post modern divides At the same time he also offers valuable insight into the social and psychological factors that drive such beliefs Ranging from ancient Egypt to modern day UFO cults and global Jihad Heaven on Earth both delivers an eye opening revisionist argument for the significance of millennialism throughout history and alerts the reader to the alarming spread of these ideologies in our world today      *The Cannabible 2* Jason King,2011-07-13 He s baaaack World renowned pot connoisseur and acclaimed photographer Jason King continues his quest to share yet another outstanding collection of marijuana strains and informative mouthwatering tasting notes Never one to call it a day King has been traveling the globe nonstop since his acclaimed first book was published to bring us more of the choicest kind and fans and aficionados alike will not be disappointed Featuring more than 200 carefully chosen cannabis strains as well as his signature photomicrography THE CANNABIBLE 2 is gloriously visual and entertaining

**AIDS, Opium, Diamonds, and Empire** Nancy Turner Banks, 2010-05. It is a mistake to think that wars only concern armies involved in active engagement. Nothing is farther from the truth. The real forces of evil wage a financial war. The dark princes of debt finance have gained leverage over every important social, economic, and political institution, including the health care delivery system. In *AIDS, Opium, Diamonds, and Empire*, author Nancy Turner Banks draws the connections between free market strategies, the destruction of national sovereignty by the process of globalization, and AIDS as one of the health consequences of a neo-Darwinian philosophy. Through meticulous research, Banks found a medical-pharmaceutical industrial complex that was taken over one hundred years ago by the titans of financial capitalism. Their aim was to create profit, not to conquer disease. This book of social history points to a cauldron of historical events that contributed to the HIV/AIDS crisis. *AIDS, Opium, Diamonds, and Empire* tells the dramatic story of a financial ideology that is damaging to everything that it means to be human. It is the story of profits over people. In the end, it is the story of hope and how we can regain our sanity and our health in a world gone mad.

**UFO Scotland** Ron Halliday, 1998-10-15. For over fifty years, from the Highlands to the Lowlands and from the Western Isles to Orkney, witnesses have been reporting close encounters with UFOs and alien entities. Many cases have become notorious: the Livingston incident, the Lossiemouth alien, the A70 abduction, the extraordinary events in Bonnybridge, and the Falkirk Triangle. But the vast majority of cases have until now remained shrouded in secrecy, known only to those who were directly involved. Based on remarkable eyewitness accounts, many of which have never been published before, alongside in-depth analysis of the best-known cases, *UFO Scotland* is the first comprehensive study of the UFO phenomenon in Scotland. Including accounts of alien abductions, UFO landings, attacks on military aircraft, strange craft in Highland lochs, MoD denials, police investigations, and a multitude of bizarre incidents that simply defy explanation, UFO investigator Ron Halliday's dramatic and disturbing new evidence may well bring us one step closer to solving the enduring enigma of Scotland's UFOs.
