None of the Indian theatre makers under study built their works directly on the Euro American model of postdramatic theatre but many have used its vocabulary and apparatus in innovative transnational ways. Their principal aim was to invigorate the language of Indian urban theatre which had turned stale under the stronghold of realism inherited from colonial stage practice or prescriptive under the decolonizing drive of the theatre of roots movement after independence. Emerging out of a set of different historical and cultural contexts their productions have eventually expanded and diversified the postdramatic framework by crosspollinating it with regional performance forms. Theatre in India today includes devised performance storytelling across forms theatre solos cross media performance theatre installations scenographic theatre theatre as event reality theatre and so on. The book balances theory context and praxis developing a new area of scholarship in Indian theatre. Interspersed throughout are Indian theatre makers' clarifications of their own practices vis-à-vis those in Europe and the US. *India Since 1947* Gopa Sabharwal, 2017-08-29 This definitive guide to independent India takes us through the events and personalities that have shaped India in the seventy years since 1947. Cosmo-Modernism and Theater in India Aparna Bhargava Dharwadker, 2025-08-05 Urban theater took shape in postindependence India as a large and complex field produced in more than sixteen major languages including Bengali Marathi Hindi Gujarati and Kannada The cosmopolitan engagement of leading playwrights with modernist and postcolonial literary movements around the world created distinctly new aesthetic and political approaches to Indian myth history and sociocultural experience which had become the most prominent subjects in modern Indian drama Yet even as critics and scholars of global modernism have increasingly turned their attention beyond North America and Europe they continue to focus on dominant world languages at the expense of multilingual cultures such as India's Despite their originality and significance modernist works written in Indian languages other than English remain neglected In *Cosmo Modernism and Theater in India* Aparna Bhargava Dharwadker develops a new framework for understanding non Anglophone Indian modernisms by recovering crucial theoretical concepts and using them to analyze the writing staging and reception of major plays in multiple languages She argues that the output of prominent mid to late twentieth century playwrights such as Dharamvir Bharati Mohan Rakesh Badal Sircar Vijay Tendulkar Girish Karnad and Habib Tanvir registers a decisive rupture from nineteenth century forms of colonial modernity In representing the ancient Indian past the postcolonial urban present and the rich repertoire of precolonial performance traditions these authors' works became highly inventive expressions of modernist classicism realism and traditionalism Dharwadker shows how a decommercialized performance economy and the incessant activity of translation further enhanced modernist production and she connects Indian modernisms to regional national and transnational networks Offering bold new insights into the theory and practice of modernist drama this book delivers a radical remapping of global modernisms
