ANGELOLOGY

"Impressively chilling... terrifying...
Trussoni's creepiest Nephilim to date."
—*The New York Times Book Review*

A woman with large, white, feathered angel wings is lying on her back on a dark, rocky, and uneven surface. Her arms are outstretched to the sides, and her head is tilted back. The lighting is dramatic, highlighting the texture of the wings and the woman's skin against the dark, shadowed background.

Angelopolis A Novel Angelology Series 2:

American Literature in Transition, 1990-2000 Stephen J. Burn, 2017-12-28 Written in the shadow of the approaching millennium American literature in the 1990s was beset by bleak announcements of the end of books the end of postmodernism and even the end of literature Yet as conservative critics marked the century's twilight hours by launching elegies for the conventional canon American writers proved the continuing vitality of their literature by reinvigorating inherited forms by adopting and adapting emerging technologies to narrative ends and by finding new voices that had remained outside that canon for too long By reading 1990s literature in a sequence of shifting contexts from independent presses to the AIDS crisis and from angelology to virtual reality *American Literature in Transition 1990 2000* provides the fullest map yet of the changing shape of a rich and diverse decade's literary production It offers new perspectives on the period's well known landmarks Toni Morrison Thomas Pynchon David Foster Wallace but also overdue recognition to writers such as Ana Castillo Evan Dara Steve Erickson and Carole Maso

Entertaining Judgment Greg Garrett, 2015. Nowadays references to the afterlife, angels strumming harps, demons brandishing pitchforks, God enthroned on heavenly clouds are more often encountered in New Yorker cartoons than in serious Christian theological reflection. Speculation about death and its sequel seems to embarrass many theologians; however, as Greg Garrett shows in *Entertaining Judgment*, popular culture in the U.S. has found rich ground for creative expression in the search for answers to the question: What lies in store for us after we die? The lyrics of Madonna's "The Lonely Boys" and Sean Combs' "The Plotline"; the plotlines of TV's *Lost*, *South Park*, and *The Walking Dead*; the implied theology in films such as *The Dark Knight*, *Ghost*, and *Field of Dreams*; the heavenly half-light of Thomas Kinkadee's popular paintings; the ghosts, shades, and after-life way stations in *Harry Potter*; and the characters' situations and locations in the *Hunger Games* saga all speak to our hopes and fears about what comes next. In a rich survey of literature and popular media, Garrett compares cultural accounts of death and the afterlife with those found in scripture. Denizens of the imagined afterlife, whether in heaven, hell, on earth, or in purgatory, speak to what awaits us at once shaping and reflecting our deeply held, if often somewhat nebulous, beliefs. They show us what rewards and punishments we might expect, offer us divine assistance, and even diabolically attack us. Ultimately, we are drawn to these stories of heaven, hell, and purgatory, and to stories about death and the undead, not only because they entertain us but because they help us to create meaning and to learn about ourselves, our world, and perhaps the next world. Garrett's deft analysis sheds new light on what popular culture can tell us about the startlingly sharp divide between what modern people profess to believe and what they truly hope and expect to find after death, and how they use those stories to help them understand this life.
