carry out their purpose and God's overall plan for His kingdom *Moments and Memories* James G. Devine, 2014-02-10
Some people might think this is strange writing a book about someone who has passed away Well that's just a matter of opinion After all if we believe if we really believe then there is no need to worry because the essence of the individual concerned is still present just not to the human eye I believe and so this book is for you dad Although you have been gone for so many years I still think of you At this point in my life I wish I had discovered my interest in writing and had composed something like this when you were here with me Now there are only memories but even those are precious and my eyes begin to water thinking of you The fact that I am the middle and only living son in a small family I chose to remember my father who passed away in 1981 in a special way So after seven years of research and careful thought I brought this book about my father to life a unique man who definitely experienced a wonderful life I hope you enjoy the story of our trip to Ireland and the many individual stories of my father's life and the history of his family Perhaps this is the start of a tradition of memories of other family members that may produce more stories and maybe another book a beginning for someone
