Summary of Catherine Burns's The Moth Presents Occasional Magic Everest Media, 2022-06-21T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 I was interviewing for a promotion from secretary to daytime casting coordinator at ABC in 1979 I was excited but some felt that I wasn't tough enough to manage a job like that I was humiliated in front of a crowd of strangers by a strange man who harassed me because I was too nice 2 The mime was a wolf in sheep's clothing and he attacked any woman who made the mistake of stepping through the crowd I waited for him to see me and when he did I lifted my can of pepper spray and sprayed him in the face 3 I was walking down the street with my canister when I was attacked by a mime I dropped my canister and a larger mime came and picked it up I turned around and the two of us struggled to get to the canister I got there first and grabbed it 4 I grew up in Israel in the 1980s and my father's mission in life was to make sure that I grew up to be a real man He took me shooting every Saturday when I was four years old and when I was six or seven years old he took advantage of Israel's surprisingly relaxed car rental insurance policies and rented a car to take me on driving lessons

Meyer, 1969 **Self-Help Books** Sandra K. Dolby, 2010-10-01 Understanding instead of lamenting the popularity of self help books Based on a reading of more than three hundred self help books Sandra K Dolby examines this remarkably popular genre to define self help in a way that's compelling to academics and lay readers alike *Self Help Books* also offers an interpretation of why these books are so popular arguing that they continue the well established American penchant for self education they articulate problems of daily life and their supposed solutions and that they present their content in a form and style that is accessible rather than arcane Using tools associated with folklore studies Dolby then examines how the genre makes use of stories aphorisms and a worldview that is at once traditional and contemporary The overarching premise of the study is that self help books much like fairy tales take traditional materials especially stories and ideas and recast them into extended essays that people happily read think about try to apply and then set aside when a new embodiment of the genre comes along **Books in Print** , 1994 *American spirit* , 1900
