Amor Y Anarquía:

Hispanic Immigrant Literature Nicolás Kanellos, 2011-07-01 Immigration has been one of the basic realities of life for Latino communities in the United States since the nineteenth century. It is one of the most important themes in Hispanic literature and it has given rise to a specific type of literature while also defining what it means to be Hispanic in the United States. Immigrant literature uses predominantly the language of the homeland; it serves a population united by that language irrespective of national origin and it solidifies and furthers national identity. The literature of immigration reflects the reasons for emigrating, records both orally and in writing the trials and tribulations of immigration and facilitates adjustment to the new society while maintaining links with the old society. Based on an archive assembled over the past two decades by author Nicolás Kanellos's Recovering the U.S. Hispanic Literary Heritage project, this comprehensive study is one of the first to define this body of work. Written and recorded by people from Mexico, Cuba, Puerto Rico, the Caribbean, and Central and South America, the texts presented here reflect the dualities that have characterized the Hispanic immigrant experience in the United States since the mid-nineteenth century, set always against a longing for homeland. **Puerto Rican Women's**

History: New Perspectives Félix Matos-Rodríguez, Linda Delgado, 2015-05-15 A survey of the topics in gender and history of Puerto Rican women. Organized chronologically and covering the 19th and 20th centuries, it deals with issues of slavery, emancipation, wage work, women and politics, women's suffrage, industrialization, migration, and Puerto Rican women in New York. *Boricua Literature* Lisa Sánchez-González, 2001-08 Since the invasion and colonization of Puerto Rico in 1898, all Puerto Ricans are both American citizens and colonial subjects by birth according to international law. Over a third of this population currently lives in the continental U.S., forming one of the nation's most significant minority communities. Yet no complete study of mainland Puerto Rican or Boricua literature has been written. Until now, *Boricua Literature* is the first literary history of the Puerto Rican colonial diaspora. The result of a decade of research in archives and special collections in the Caribbean and in the U.S., Lisa Sánchez-González argues that the writing of the Puerto Rican diaspora should be considered an integral field of study. Covering 100 years of Boricua literary history, each chapter looks at the single writer or group of writers who are most emblematic of their respective generation, from William Carlos Williams and Arturo Schomburg to Latina feminism and salsa music. The story of an American community of color, *Boricua Literature* is also about contemporary critical race and gender studies. Unlike virtually all studies concerning mainland Puerto Rican writing, Lisa Sánchez-González is less concerned with cultural identity than with unearthing a substantive cultural intellectual history. The first explicitly literary historical analysis of Boricua Literature, this definitive study proposes a new and discreet area of literary historical research in American studies. Labors Appropriate to Their Sex Elizabeth Quay Hutchison, 2001-11-15 The first systematic account of Chilean women's labor from 1885 to 1930, showing how women's paid labor became a locus of anxiety for a society confronting social problems linked to modernization. The Routledge Hispanic Studies Companion to

Nineteenth-Century Latin America Agnes Lugo-Ortiz, Graciela Montaldo, 2024-10-29 The Routledge Hispanic Studies Companion to Nineteenth Century Latin America provides a unique comprehensive and critical overview of Latin American studies in the nineteenth century including the major regions and subfields The essays in this collection offer a complex yet accessible transdisciplinary overview of the heterogeneous and asynchronous historical political and cultural processes that account for the becoming of Latin America in the nineteenth century from Mexico and the Caribbean Basin to the Southern Cone The thematic division of the book into six parts allows for a better understanding of the ways in which different themes are interrelated and affords readers the opportunity to draw their own connections among subfields The volume assembles a robust sample of recent and innovative scholarship on the subject reformulating from fresh perspectives commonly held views on the issues that characterized the era Additionally it provides an overarching analysis of the field and introduces cutting edge concepts all within one expansive volume opening the dialogue about topics that share common denominators and modeling how those topics can be approached from a variety of perspectives The innovative volume will be of interest to students and scholars of Latin American studies and Spanish studies Readers unfamiliar with the period will acquire a comprehensive view of its complexities while specialists will discover new interpretations and archives

Writing Off the Hyphen Jose L. Torres-Padilla, Carmen Haydee Rivera, 2011-12-01 The sixteen essays in Writing Off the Hyphen approach the literature of the Puerto Rican diaspora from current theoretical positions with provocative and insightful results The authors analyze how the diasporic experience of Puerto Ricans is played out in the context of class race gender and sexuality and how other themes emerging from postcolonialism and postmodernism come into play Their critical work also demonstrates an understanding of how the process of migration and the relations between Puerto Rico and the United States complicate notions of cultural and national identity as writers confront their bilingual bicultural and transnational realities The collection has considerable breadth and depth It covers earlier undertheorized writers such as Luisa Capetillo Pedro Juan Labarthe Bernardo Vega Pura Belpr Arturo Schomburg and Graciany Miranda Archilla Prominent writers such as Rosario Ferr and Judith Ortiz Cofer are discussed alongside often neglected writers such as Honolulu based Rodney Morales and gay writer Manuel Ramos Otero The essays cover all the genres and demonstrate that current theoretical ideas and approaches create exciting opportunities and possibilities for the study of Puerto Rican diasporic literature

Findlay,2015-02-15 *We Are Left without a Father* Here is a transnational history of working people's struggles and a gendered analysis of populism and colonialism in mid twentieth century Puerto Rico At its core are the thousands of agricultural workers who at the behest of the Puerto Rican government migrated to Michigan in 1950 to work in the state's sugar beet fields The men expected to earn enough income to finally become successful breadwinners and fathers To their dismay the men encountered abysmal working conditions and pay The migrant workers in Michigan and their wives in Puerto Rico soon exploded in protest Chronicling the protests the surprising alliances that they created and the Puerto Rican government's response Eileen J Suarez Findlay explains that notions of fatherhood and domesticity were central to Puerto Rican populist politics Patriarchal ideals shaped citizens' understandings of themselves their relationship to Puerto Rican leaders and the state as well as the meanings they ascribed to U.S. colonialism Findlay argues that the motivations and strategies for transnational labor migrations colonial policies and worker solidarities are all deeply gendered **Puerto**
