A Reference Guide for English Studies Michael J. Marcuse, 1990-01-01 This ambitious undertaking is designed to acquaint students teachers and researchers with reference sources in any branch of English studies which Marcuse defines as all those subjects and lines of critical and scholarly inquiry presently pursued by members of university departments of English language and literature Within each of 24 major sections Marcuse lists and annotates bibliographies guides reviews of research encyclopedias dictionaries journals and reference histories The annotations and various indexes are models of clarity and usefulness and cross references are liberally supplied where appropriate Although cost conscious librarians will probably consider the several other excellent literary bibliographies in print such as James L Harner s Literary Research Guide Modern Language Assn of America 1989 larger academic libraries will want Marcuse s volume Jack Bales Mary Washington Coll Lib Fredericksburg Va Library Journal

A Companion to the Higher English Grammar Alexander Bain, 1874 **English Traditional Grammars** Gerhard Leitner, 1991-01-01 Until recently grammars of English have received surprisingly little scholarly attention while a lot of research is done on dictionaries It appears however that learners of English shy away from modern grammars and prefer to consult dictionaries or traditional reference grammars instead This raises questions as to the relationship between theoretical linguistics and grammar writing and calls for more research into this area especially for the period from 1800 onwards which was crucial for the development of grammatical thinking and its acceptance or rejection at all educational levels today This volume brings together work from international experts on the historiography of English grammar writing who deal with a variety of topics grouped into three overlapping sections I Native Grammars of English II Non native Grammars of English and III Grammatical Analyses The volume includes summaries of the articles and a name index
