*The Politics of Hate* Angelia R. Wilson, 2025-01-10 Explores how the Christian Right in the United States has learned to overcome both a lack of political professionalism within national independent theologically based activist groups and theological divides that threatened political collaboration

*The Decline of Established Christianity in the Western World* Paul Silas Peterson, 2017-09-22 While Church attendance in the West is often cited as being in decline it is argued that this applies primarily to the older established forms of Christianity Other expressions of the faith are in fact stable or even growing This volume provides multidisciplinary interpretations of and responses to one of the most complicated and controversial issues regarding the global transformation of Christianity today the decline of established Christianity in the Western world It also addresses the future of Christianity in the West after the decline Drawing upon historical research sociology religious studies philosophy and theology an international panel of contributors provide new theoretical frameworks for understanding this decline and offer creative suggestions for responding to it Established Christianity is conceptualized as historically culturally socially and politically embedded religion with or without official established status This is a dynamic volume that gives fresh perspective on one of the great social changes taking place in the West today As such it will be of great interest to scholars of religious sociology history and anthropology as well as theologians

**Reformed Resurgence** Brad Vermurlen, 2020-11-02 One of the most significant developments within contemporary American Christianity especially among younger evangelicals is a groundswell of interest in the Reformed tradition In Reformed Resurgence Brad Vermurlen provides a comprehensive sociological account of this phenomenon known as New Calvinism and what it entails for the broader evangelical landscape in the United States Vermurlen develops a new theory for understanding how conservative religion can be strong and thrive in the hypermodern Western world His paradigm uses and expands on strategic action field theory a recent framework proposed for the study of movements and organizations that has rarely been applied to religion This approach to religion moves beyond market dynamics and cultural happenstance and instead shows how religious strength can be fought for and won as the direct result of religious leaders strategic actions and conflicts But the battle comes at a cost For the same reasons conservative Calvinistic belief is experiencing a resurgence present day American evangelicalism has turned in on itself Vermurlen argues that in the end evangelicalism in the United States consists of pockets of subcultural and local strength within the cultural entropy of secularization as religious meanings and coherence fall apart

**Socio-Historical Examination of Religion and Ministry, Volume 1, Issue 1** Darren Slade, 2019-06-13 Socio Historical Examination of Religion and Ministry SHERM journal is a biannual not for profit free peer reviewed academic journal that publishes the latest social scientific historiographic and ecclesiastic research on religious institutions and their ministerial practices SHERM is dedicated to the critical and scholarly inquiry of historical and contemporary religious phenomena both from within particular religious traditions and across cultural boundaries so as to

inform the broader socio historical analysis of religion and its related fields of study The purpose of SHERM is to provide a scholarly medium for the social scientific study of religion where specialists can publish advanced studies on religious trends theologies rituals philosophies socio political influences or experimental and applied ministry research in the hopes of generating enthusiasm for the vocational and academic study of religion while fostering collegiality among religious specialists Its mission is to provide academics professionals and nonspecialists with critical reflections and evidence based insights into the socio historical study of religion and where appropriate its implications for ministry and expressions of religiosity

Church Planters Richard N. Pitt, 2022 Millions are leaving churches half of all churches do not add any new members and thousands of churches shutter their doors each year These numbers suggest that American religion is not a growth industry Yet more than 1000 new churches are started in any given year In Church Planters sociologist Richard Pitt uses a series of in depth interviews with church planters to understand what moves people who might otherwise be satisfied working for churches to the riskier role of starting one

Biblical Porn Jessica Johnson, 2018-04-19 Between 1996 and 2014 Mark Driscoll's Mars Hill Church multiplied from its base in Seattle into fifteen facilities spread across five states with 13 000 attendees When it closed the church was beset by scandal with former attendees testifying to spiritual abuse emotional manipulation and financial exploitation In Biblical Porn Jessica Johnson examines how Mars Hill's congregants became entangled in processes of religious conviction Johnson shows how they were affectively recruited into sexualized and militarized dynamics of power through the mobilization of what she calls biblical porn the affective labor of communicating promoting and embodying Driscoll's teaching on biblical masculinity femininity and sexuality which simultaneously worked as a marketing strategy social imaginary and biopolitical instrument Johnson theorizes religious conviction as a social process through which Mars Hill's congregants circulated and amplified feelings of hope joy shame and paranoia as affective value that the church capitalized on to grow at all costs

Country Reports on Human Rights Practices for 2007, V. 1, 2, and 3, October 2012 House, Committee on Foreign Affairs, and Senate, Committee on Foreign Relations, 2008-09 110th Congress 2nd Session Jacket 41 228 PDF or 41 228 PDF The promotion of human rights is an essential piece of our foreign policy This effort will be a global one that reaches beyond government alone The reports in this volume will be used as a resource for shaping policy conducting diplomacy and arranging assistance training and other resource allocations The reports will also serve as a basis for the U S Government's cooperation with private groups to promote the observance of internationally recognized human rights The Country Reports on Human Rights Practices cover internationally recognized civil political and worker rights as set forth in the Universal Declaration of Human Rights These rights include freedom from torture or other cruel inhuman or degrading treatment or punishment from prolonged detention without charges from disappearance or clandestine detention and from other flagrant violations of the right to life liberty and the security of the person

**Handbook of Environmental Displacement and Migration** Robert McLeman, François Gemenne, 2018-03-09 The last twenty years have seen a rapid increase in scholarly activity and publications dedicated to environmental migration and displacement and the field has now reached a point in terms of profile complexity and sheer volume of reporting that a general review and assessment of existing knowledge and future research priorities is warranted So far such a product does not exist The Routledge Handbook of Environmental Displacement and Migration provides a state of the science review of research on how environmental variability and change influence current and future global migration patterns and in some instances trigger large scale population displacements Drawing together contributions from leading researchers in the field this compendium will become a go to guide for established and newly interested scholars for government and policymaking entities and for students and their instructors It explains theoretical conceptual and empirical developments that have been made in recent years describes their origins and connections to broader topics including migration research development studies and international public policy and law and highlights emerging areas where new and or additional research and reflection are warranted The structure and the nature of the book allow the reader to quickly find a concise review relevant to conducting research or developing policy on particular topics and to obtain a broad reliable survey of what is presently known about the subject

**Anatomy of Spirituality: Portrait of the Soul** Chander Behl, 2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul

**Sexuality in the Age of Shakespeare** W. Reginald Rampone Jr., 2011-05-18 This book examines the important themes of sexuality gender love and marriage in stage literary and film treatments of Shakespeare s plays The theme of sexuality is often integral to Shakespeare s works and therefore merits a thorough exploration Sexuality in the Age of Shakespeare begins with descriptions of sexuality in ancient Greece and Rome medieval England and early modern Europe and England then segues into examinations of the role of sexuality in Shakespeare s plays and poetry and also in film and stage productions of his plays The author employs various theoretical

approaches to establish detailed interpretations of Shakespeare's plays and provides excerpts from several early modern marriage manuals to illustrate the typical gender roles of the time. The book concludes with bibliographies that students of Shakespeare will find invaluable for further study.

**Public Health Disasters: A Global Ethical Framework** Michael Olusegun Afolabi, 2018-08-27. This book presents the first critical examination of the overlapping ethical, sociocultural, and policy-related issues surrounding disasters, global bioethics, and public health ethics. These issues are elucidated under the conceptual rubric of public health disasters (PHDs). The book defines PHDs as public health issues with devastating social consequences, the attendant public health impacts of natural or man-made disasters, and latent or low prevalence public health issues with the potential to rapidly acquire pandemic capacities. This notion is illustrated using Ebola and pandemic influenza outbreaks, atypical drug-resistant tuberculosis, and the health emergencies of earthquakes as focal points. Drawing on an approach that reckons with microbial, existential, and anthropological realities, the book develops a relational-based global ethical framework that can help address the local, anthropological, ecological, and transnational dynamics of the ethical issues engendered by public health disasters. The book also charts some of the critical roles that relevant local and transnational stakeholders may play in translating the proposed global ethical framework from the sphere of concept to the arena of action. This title is of immense benefit to bioethics scholars, public and global health policy experts, as well as graduate students working in the area of global health, public health ethics, and disaster bioethics.

*Yes, I Am a Catholic Priest!!* Father Ray, Ray Wahl, 2001-06-24. Yes, I am a Catholic Priest. Presents experiences in the life of Msgr. Ray. From the first chapter "Is God Calling?" he reveals how he chose to accept this vocation and has been happy being a priest ever since. He tells how he was transferred from being an assistant in a parish to Rome to receive a J.C.D. Then he became Chancellor, Officialis, Director of Education, Director of Vocations, and pastor of a small parish, all at the same time. He has been pastor of six other parishes and had to build a large church. His happiest work was being pastor of seven parishes. Approaching his Golden Jubilee, when asked if he will retire, he says, "but I am having so much fun."

*Selling Yoga* Andrea R. Jain, 2015. Selling Yoga looks at how modern yoga developed into the self-developmental products and services that are widely consumed across the world today.

*Reciprocal Ethnography and the Power of Women's Narratives* Elaine J. Lawless, 2019-08-09. Folklorist Elaine J. Lawless has devoted her career to ethnographic research with underserved groups in the American Midwest, including charismatic Pentecostals, clergywomen,

victims of domestic violence and displaced African Americans She has consistently focused her research on women's speech in these contexts and has developed a new approach to ethnographic research which she calls reciprocal ethnography while growing a detailed corpus of work on women's narrative style and expressive speech Reciprocal ethnography is a feminist and collaborative ethnographic approach that Lawless developed as a challenge to the reflexive turn in anthropological fieldwork and research in the 1970s which was often male centric ignoring the contributions by and study of women's culture Collected here for the first time are Lawless's key articles on the topics of reciprocal ethnography and women's narrative which influenced not only folklore but also the allied fields of anthropology sociology performance studies and women's and gender studies Lawless's methods and research continue to be critically relevant in today's global struggle for gender equality

**Musical Minorities** Lonán Ó Briain, 2018 Musical Minorities is the first English language monograph on the performing arts of an ethnic minority in Vietnam Living primarily in the northern mountains the Hmong have strategically maintained their cultural distance from foreign invaders and encroaching state agencies for almost two centuries They use cultural heritage as a means of maintaining a resilient community identity one which is malleable to their everyday needs and to negotiations among themselves and with others in the vicinity Case studies of revolutionary songs countercultural rock traditional vocal and instrumental styles tourist shows animist and Christian rituals and light pop from the diaspora illustrate the diversity of their creative outputs This groundbreaking study reveals how performing arts shape understandings of ethnicity and nationality in contemporary Vietnam Based on three years of fieldwork Lon n Briain traces the circulation of organized sounds that contribute to the adaptive capacities of this diverse social group In an original investigation of the sonic materialization of social identity the book outlines the full multiplicity of Hmong music making through a fascinating account of music minorities and the state in a post socialist context

Natural Disasters and Development in a Globalizing World Mark Pelling, 2003 Authorative and comprehensive this book makes clear that there are links between global scale processes and local experiences of disaster but underlies the difficulty of attributing blame for individual disasters on specific global pressures
